Please read this manual before operating your device and keep it for future reference.
Intellectual Property

All Intellectual Property, as defined below, owned by or which is otherwise the property of Samsung or its respective suppliers relating to the SAMSUNG Phone, including but not limited to, accessories, parts, or software relating there to (the “Phone System”), is proprietary to Samsung and protected under federal laws, state laws, and international treaty provisions. Intellectual Property includes, but is not limited to, inventions (patentable or unpatentable), patents, trade secrets, copyrights, software, computer programs, and related documentation and other works of authorship. You may not infringe or otherwise violate the rights secured by the Intellectual Property. Moreover, you agree that you will not (and will not attempt to) modify, prepare derivative works of, reverse engineer, decompile, disassemble, or otherwise attempt to create source code from the software. No title to or ownership in the Intellectual Property is transferred to you. All applicable rights of the Intellectual Property shall remain with SAMSUNG and its suppliers.

Open Source Software

Some software components of this product incorporate source code covered under GNU General Public License (GPL), GNU Lesser General Public License (LGPL), OpenSSL License, BSD License and other open source licenses. To obtain the source code covered under the open source licenses, please visit:

Disclaimer of Warranties; Exclusion of Liability

EXCEPT AS SET FORTH IN THE EXPRESS WARRANTY CONTAINED ON THE WARRANTY PAGE ENCLOSED WITH THE PRODUCT, THE PURCHASER TAKES THE PRODUCT "AS IS", AND SAMSUNG MAKES NO EXPRESS OR IMPLIED WARRANTY OF ANY KIND WHATSOEVER WITH RESPECT TO THE PRODUCT, INCLUDING BUT NOT LIMITED TO THE MERCHANTABILITY OF THE PRODUCT OR ITS FITNESS FOR ANY PARTICULAR PURPOSE OR USE; THE DESIGN, CONDITION OR QUALITY OF THE PRODUCT; THE PERFORMANCE OF THE PRODUCT; THE WORKMANSHIP OF THE PRODUCT OR THE COMPONENTS CONTAINED THEREIN; OR COMPLIANCE OF THE PRODUCT WITH THE REQUIREMENTS OF ANY LAW, RULE, SPECIFICATION OR CONTRACT PERTAINING
THERETO. NOTHING CONTAINED IN THE INSTRUCTION MANUAL SHALL BE CONSTRUED TO CREATE AN EXPRESS OR IMPLIED
WARRANTY OF ANY KIND WHATSOEVER WITH RESPECT TO THE PRODUCT. IN ADDITION, SAMSUNG SHALL NOT BE LIABLE FOR
ANY DAMAGES OF ANY KIND RESULTING FROM THE PURCHASE OR USE OF THE PRODUCT OR ARISING FROM THE BREACH OF
THE EXPRESS WARRANTY, INCLUDING INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, OR LOSS OF ANTICIPATED PROFITS
OR BENEFITS.

Modification of Software
SAMSUNG IS NOT LIABLE FOR PERFORMANCE ISSUES OR INCOMPATIBILITIES CAUSED BY YOUR EDITING OF REGISTRY SETTINGS,
OR YOUR MODIFICATION OF OPERATING SYSTEM SOFTWARE.
USING CUSTOM OPERATING SYSTEM SOFTWARE MAY CAUSE YOUR DEVICE AND APPLICATIONS TO WORK IMPROPERLY. YOUR
CARRIER MAY NOT PERMIT USERS TO DOWNLOAD CERTAIN SOFTWARE, SUCH AS CUSTOM OS.

Section 1: Getting Started

This section helps you to quickly start using your device.

Understanding This User Manual

The sections of this manual generally follow the features of your device. A robust index for features begins on page 232. Also included is important safety information, beginning on page 182, that you should know before using your device. This manual gives navigation instructions according to the default display settings. If you select other settings, navigation steps may be different.

Unless otherwise specified, all instructions in this manual assume that you are starting from a Home screen. To get to a Home screen, you may need to unlock the device. For more information, refer to “Securing Your Device” on page 15.

Note: Instructions in this manual are based on default settings and may vary from your device depending on the software version on your device and any changes to the device’s settings.

Note: Unless stated otherwise, instructions in this user manual start with the device unlocked, at the Home screen.

All screen images in this manual are simulated. Actual displays may vary depending on the software version of your device and any changes to the device’s settings.

Special Text

In this manual, some text is set apart from the rest. This special text is intended to point out important information, share quick methods for activating features, define terms, and more. The definitions for these methods are as follows:

• Notes: Presents alternative options for the current feature, menu, or sub-menu.

• Tips: Provides quick or innovative methods or useful shortcuts.

• Important: Points out important information about the current feature that could affect performance.

• Warning: Brings important information to your attention that can help to prevent loss of data or functionality or damage to your device.
Text Conventions
This manual provides condensed information about how to use your device. To make this possible, the following text conventions are used to represent often-used steps:

→ Arrows are used to represent the sequence of selecting successive options in longer, or repetitive, procedures. For example:

From a Home screen, touch Apps ➔ Settings ➔ Display ➔ Screen timeout.

Battery
Your device is powered by a rechargeable, standard Li-Ion battery. A Wall/USB Charger (Charging Head and USB cable) are included with the device for charging the battery.

Note: The battery comes partially charged. You must fully charge the battery before using your device for the first time.

After the first charge, you can use the device while charging.

Warning! Use only approved charging devices. Approved accessories are designed to maximize battery life. Using other accessories may invalidate your warranty and may cause damage.

Battery Indicator
The Battery icon in the Status Bar shows the battery power level. When battery power is 15% or less, your device prompts you to charge the battery. If you continue to operate the device without charging, the device powers off. For battery use information, see “About Device” on page 180.

Tip: Touch the Time field to display battery charge status.

Charging the Battery
Your device comes with a Wall/USB Charger (Outlet Connector, Charging Head, and USB cable) to charge your device from any standard AC power outlet.
Note: The battery comes partially charged. You must fully charge the battery before using your device for the first time.

After the first charge, you can use the device while charging.

1. Insert the USB cable into the Charging Head (1).

Warning! While the device is charging, if the touch screen does not function due to an unstable power supply, unplug the USB power adapter from the power outlet or unplug the USB cable from the device.

2. Insert the USB cable into the device’s Charger/Accessory Port (2).

3. Plug the Charging Head into a standard AC power outlet.
4. When charging is complete, unplug the Charging Head from the power outlet and remove the USB cable from the device.

Turning Your Device On and Off

Turning Your Device On

- Press and hold the Power/Lock Key.

For more information, refer to “Unlocking the Device” on page 16.

Note: Your device’s internal antenna is located along the top back of the device. Do not block the antenna; doing so may affect signal quality and may cause the device to operate at a higher power level than is necessary. For more information, refer to “GPS Applications” on page 119.

Turning Your Device Off

1. Press and hold the Power/Lock Key.
2. At the prompt, touch Power off ➔ OK.

Setting Up Your Device

When you first turn on your device, you are asked to set up a few things. To do that, the following screens display. Some screens can be skipped (touch Skip) or re-displayed (touch Back). Some screens display depending on the options you choose.

Select Language

1. Touch the language field, scroll through the list, and touch the language you want your device to use, such as, English (United States).
2. Touch Start.

Wi-Fi

Make sure the Wi-Fi OFF / ON icon is set to ON and choose one of the following options:

- Touch Add Wi-Fi network to enter a Network SSID that is not listed.
- Touch Scan to make sure you have an accurate list of Wi-Fi networks.
■ Touch one of the Wi-Fi networks in the list, enter the password, and touch **Connect**. Touch and connect to another Wi-Fi network or touch **Next** to continue.

■ Touch **Skip** to perform this task later. For more information, refer to “**Wi-Fi**” on page 144.

**Set Date and Time**
1. Touch the time zone field (**GMT**) and select the correct time zone.
2. Under **Date**, set the date (month, day, year), if necessary.
3. Under **Time**, set the time (hour, minute, and AM or PM), if necessary.
4. Touch **Next**.

**Samsung Account**
Sign in to your Samsung account to use Samsung services.
1. Touch **variety of services** to learn more.
2. Touch **Create new account** to create a Samsung account.
   – or –
   Touch **Sign in** if you already have a Samsung account.
   Touch **Restore** and **Auto backup**, if desired. Touch **Next**.
   – or –
   Touch **Yes** and then enter the email address and password of your existing account.
   Touch ▶ to continue.
   – or –
   Touch **No** to proceed to the next screen.

**Got Google?**
Your new device uses your Google account to fully use its Android features, including Gmail, Maps, Navigation, Google Talk, and Google Play.
The Got Google? screen allows you to sign in, if you already have a Google account.

**Note:** If you skipped Wi-Fi setup, the Wi-Fi setup screen displays and you must connect through a Wi-Fi network.
Make it Google

This screen displays if you did not sign into your Google account.

The Make it Google screen allows you to create a new Google account.

**Note:** If you skipped Wi-Fi setup, the Wi-Fi setup screen displays and you must connect through a Wi-Fi network.

- Touch **Get an account** or enter the email address and password of your existing account.
  – or –

- Touch **Not now** to perform this task later. For more information, refer to “Setting Up Your Gmail Account” on page 55.

Entertainment

This screen displays if you signed in to your Google account.

- Touch **Set up a credit card**, enter credit card information for your Google Play account, and touch **Save**.
  – or –

  Touch **Not now**.

Backup and Restore

This screen also displays if you signed in to your Google account.

1. Read the backup and restore information.
2. Enable either or both options.
3. Touch **»** to continue.

  The Restoring screen displays while your information is being restored.

Google & Location

1. Read the information on the screen and enable either or both of the Google location services.
2. Touch **»** to continue.

This Tablet Belongs To ...

This screen displays if you did not sign into your Google account.

To personalize the tablet with your name:

1. Touch the First and Last fields and use the on-screen keyboard to enter you first and last name.
2. Touch **»** to continue.
Free Dropbox Account
To get a free 50 GB Dropbox account for two years:

1. Touch Disclaimer to read a short disclaimer about this offer. Touch OK.
2. Touch Create a new Dropbox account, enter the required fields, and touch Register for Dropbox.
   – or –
   Touch I already have an account to sign in to Dropbox.
   – or –
   Touch No thanks to skip this offer.

Setup Complete
Congratulations! Your device is set up and ready to use.

Touch Finish.
The main Home screen displays.

Retrieving Your Google Account Password
A Google account password is required for Google applications. If you misplace or forget your Google Account password, follow these instructions to retrieve it:

1. From your computer, use an Internet browser to navigate to http://google.com/accounts.
2. Once the URL loads, click on the Can’t access your account? link and follow the on-screen instructions.

Using Google Maps
In order to use some applications related to Google Maps, you must first connect Wi-Fi. For more information, refer to “Wi-Fi” on page 144.

You must also enable location services to use Google Maps. Some features require Standalone or Google location services. For more information, refer to “Location Services” on page 158.
**Task Manager**

Your device can run applications simultaneously and some applications run in the background.

Use Task Manager to see which applications are running on your device and to end running applications to extend battery life. You can also uninstall applications from your device and see how much memory is used by applications.

**Task Manager Application**

The Task Manager application provides information about applications, including **Active applications**, **Downloaded**, **RAM manager**, **Storage**, and **Help**.

To access the Task Manager:

1. Add the Application monitor widget to a Home screen and then touch **Application monitor** on the Application monitor widget. For more information, refer to “Widgets” on page 34.
   – or –
   Touch **Navigation** and then touch **Task manager**.

2. Touch **Active applications** to view applications running on your device. Touch **End** to end an application or **End all** to end all running applications.

   3. Touch **Downloaded** to view applications installed from Google Play. Touch **Uninstall** to remove an application from your device.

   4. Touch **RAM manager** to display the amount of Random Access Memory (RAM) currently in use. Touch **Clear memory** to clear inactive and background processes.

   5. Touch **Storage** to view internal (Device memory) and external (SD card) storage memory statistics.

   6. Touch **Help** to view useful tips for extending battery life.

For more information, refer to “Multiscreen Viewing” on page 39.

**Memory Card**

Your device supports removable microSD or microSDHC memory cards with maximum capacities of 64 GB (depending on the memory card manufacturer and type). Memory cards are used to store music, photos, videos, and other files.

*Note:* You can only store music files that you own (from a CD or purchased with the device) on a memory card.
Installing a Memory Card
1. Open the Memory Card Slot cover and turn to expose the slot.
2. With the gold contacts facing down, carefully slide the memory card into the slot (1), pushing gently until it clicks into place (2).
3. Replace the Memory Card Slot cover.

Removing a Memory Card

**Important!** To prevent damage to information stored on the memory card, unmount the card before removing it from the device.

1. From a Home screen, touch Apps ➔ Settings ➔ Storage.
2. Under SD card, touch Unmount SD card and then touch OK.
3. Open the Memory Card Slot cover and turn to expose the slot.
4. Gently press down on the memory card (1), so that it pops out from the slot, and carefully pull the card out (2).
5. Replace the Memory Card Slot cover.

For more information, refer to “Memory Card” on page 117.
Galaxy Tab Accessories

To find accessories for your Galaxy Tab:

   Galaxy Tab accessories display.

2. Use your model number to find compatible accessories.

Securing Your Device

By default, the device locks automatically when the screen times out or you can lock it manually. You can unlock the device using one of the default Unlock screens or, for increased security, use a personal screen unlock pattern.

For more information about creating and enabling a Screen unlock pattern, see “Screen Lock” on page 159.

For other settings related to securing your device, see “Location Services” on page 158.

Note: Unless stated otherwise, instructions in this User Manual start with the device unlocked, at the Home screen.

Locking the device manually

Press the Power/Lock Key.

Unlocking the Device

1. Press the Power/Lock Key .

   The Lock screen displays.

2. Swipe across the screen as shown.

   The last screen you accessed displays.

   Tip: Touch one of the app shortcut icons and then swipe to launch that application.
**Note:** You can customize the Lock screen and set the type of Screen Unlock you want to use (Face unlock, Pattern, PIN, or Password). For more information, refer to “Screen Lock” on page 159.

**Troubleshooting**

If your device has fatal errors, hangs up, or freezes, you may need to reset the device to regain functionality.

- If your device is frozen and unresponsive, press and hold the **Power/Lock Key** for 8 to 10 seconds.
Section 2: Understanding Your Device

This section outlines key features of your device and describes the screen and the icons that appear when the device is in use. It also shows how to navigate through the device.

Features

- 10.1-inch WXGA (1280x800) TFT (PLS) LCD touch screen
- Android Version 4.1.2
- Wi-Fi, 1.4 GHz quad-core processor
- Full HTML Web Browser
- Bluetooth 4.0 Wireless technology. For more information, refer to “Bluetooth” on page 146.
- Built-in Wi-Fi technology (802.11 a/b/g/n)
- 5 Megapixel camera and camcorder with flash, plus 1.9 Megapixel forward-facing camera for video chat
- Full integration of Google applications (Gmail, YouTube, Google Maps, and Voice Search)
- Photo Gallery that supports GIF, AGIF, JPEG, PNG, BMP, WBMP, and WEBP formats
- Messaging Features:
  - Gmail
  - Email (corporate and personal)
  - Google Talk (Instant Messaging and Video Chat)
- HD Video Player (1080p)
  - Codec: MPEG4, H.264, H.263, VC-1, DivX, VP8, WMV7/8, Sorenson Spark
  - Format: 3GP (MP4), WMV (ASF), AVI (DivX), MKV, FLV, WEBM
- DivX Certified® to play DivX® video up to HD 1080p, including premium content
- Supports HDMI/MHL connections to connect electronic devices to high-definition televisions (HDTVs) and displays.
- Music player that supports MP3, AAC/AAC+/EAAC+, WMA, OGG (vorbis), FLAC, AC-3
- 2 GB RAM memory and 16GB or 32GB on-board memory, which is used for data storage and access
- Support for microSD and microSDHC Memory Cards
- S Pen for writing and playing games
• Preloaded applications such as AllShare Play, Google Play Books, Google Play Store, Music Hub, Polaris Office, and Samsung Media Hub. For more information, refer to “More Application Information” on page 41.

**Warning!** This device does not support some USB storage media devices. For more information, refer to “Galaxy Tab Accessories” on page 15.

**Front View**

The following items can be found on the front of your device as illustrated.

1. **External Speakers**: Used in music or video playback, notification tones, and for other sounds.
2. **Light Sensor**: Used to control screen brightness automatically and when taking photos with the front-facing Camera.
3. **Front-facing Camera Lens**: Used when taking photos or recording videos.
4. **Display Screen**: The orientation of the display screen rotates with the tablet as you turn it. You can turn this feature on and off. For more information, refer to “System” on page 176.
5. **S Pen**: A built-in stylus that allows you to perform various functions. For more information, refer to “S Pen” on page 26.
Top View
The following items can be found on the top of your device as illustrated.

1. **3.5mm Headset Jack**: Plug in for headphones.
2. **Infrared Blaster**: Used to emit infrared signals used for controlling external devices. For more information, refer to “Smart Remote” on page 140.
3. **Memory Card Slot**: Install a memory card for storage of files.
5. **Power/Lock Key**: Press and hold to turn the device on or off. Press to lock the device or to wake the screen for unlocking.

---

Back and Bottom Views
The following items can be found on the back and bottom of your device as illustrated.

1. **Camera Lens**: Used when taking photos or recording videos.
2. **Camera Flash**: Used when taking photos.
3. **Microphone**: Used for voice recording or video chat.
4. **Charger/Accessory Port**: Plug in a USB cable for charging or to sync music and files.
Home Screen

The Home screen is the starting point for using your device.

Note: Unless stated otherwise, instructions in this user manual start with the device unlocked, at the Home screen.

1. **Google Search**: Search the web by typing or speaking. For more information, refer to “Google Search” on page 73.

2. **Home screen**: The starting point for using your device. Place shortcuts, widgets, and other items to customize your device to your needs.

3. **Widgets**: Applications that run on the Home screen. Some widgets are found on the Home screen by default. For more information, refer to “Widgets” on page 34.

4. **Current screen**: Indicates which Home screen is being displayed. For more information, refer to “Extended Home Screen” on page 22.

5. **App Shortcuts**: Shortcuts to common applications. For more information, refer to “App Shortcuts” on page 35.

6. **Apps**: Display the Apps screen.

7. **Back**: Return to the previous screen or option.

8. **Home**: Display the central Home screen. Touch and hold to display the Task Manager pop-up.
9. **Navigation**: Open a list of thumbnail images of apps you have worked with recently. Touch an App to open it. Touch and hold to display the Apps screen. Touch and then touch **Task manager** to display the Task Manager.

10. **Quick Launch**: This softkey can be set to launch several different applications. The default setting is Screen capture. For more information, refer to “Quick Launch” on page 154.

11. **Primary Shortcuts**: Shortcuts to common features. These shortcuts are found on the Home screen by default. For more information, refer to “Primary Shortcuts” on page 34.

12. **Multi Window Tray**: Shortcuts to apps that you can use anytime, such as a calculator, email, and a music player. For more information, refer to “Multi Window Tray” on page 38.

13. **System Bar**: The area along the bottom of the Home screen where you can find navigation buttons and icons that show notifications, battery power, and connection details.

14. **Notification Icons**: Presents icons to show notifications from the system or from an application. Touch a Notification Icon to display more detail. For a list of icons, see “Status Bar” on page 33.

15. **Time**: The current time. For more information, refer to “Date and Time” on page 175.

16. **Status Icons**: Indicate the status of your tablet. Touch the Time / Status Icons area to display the Status Details panel. For more information, refer to “Status Bar” on page 33.

**Extended Home Screen**

The Home screen consists of the Home panel, plus four panels that extend beyond the display width to provide more space for adding shortcuts and widgets.

Slide your finger horizontally across the screen to scroll to the left or right side panels. As you scroll, the indicator at the top of the display shows your current position.

**Note**: The center panel displays when you touch 🏡 Home.
Customizing the Home Screens
To customize the Home screens to suit your preferences:
1. Navigate to one of the Home screen panels.
2. Touch and hold on the screen until the Home screen pop-up displays.
   – or –
   Use the S Pen to touch and hold on the screen until the Home screen pop-up displays.
3. Touch Set wallpaper to change the Home screen wallpaper. For more information, refer to “Wallpapers” on page 37.
4. Under Add to Home screen touch:
   • Apps and widgets to add app or widget shortcuts on the Home screen.
   • Folder to add a folder on a Home screen. For more information, refer to “Folders” on page 36.
   • Page to add a Home screen.

Display Settings
You can customize display screen settings to your preferences. For more information, refer to “Display” on page 152.

Adding and Removing Home Screen Panels
Your device comes with seven Home screen panels. You can customize the Home screen by removing or adding panels.

**Note:** The panel in the center position displays when you touch Home.

1. From a Home screen, pinch the screen from the left and right side to the center to display the editing screen.
   **Tip:** Touch and hold on the screen until the Home screen pop-up displays. Under Add to Home screen, touch Page to add a Home screen.
2. Use these controls to configure panels:

Remove: Touch and drag a panel to the Trash Can to remove the panel from the Home screen.

Add: Touch to add a new panel, up to a total of seven. This option is available when less than seven panels have been added.

Default Home Page: Touch the Home icon at the upper right corner of a panel to set it as the default home screen.

3. To rearrange the order of panels, touch and drag a panel to a new location.

4. Touch Back to return to the Home screen

Navigating Your Device

Use command buttons and the touch screen to navigate.

Command Buttons

Back
Touch Back to return to the previous screen, option, or step.

Note: When the on-screen keyboard is active, Close Keyboard displays.

Home
Touch Home to display the first center Home screen.

Navigation
Touch Navigation to open a list of thumbnail images of apps you have worked with recently. Touch an App to open it. Touch Remove all to clear all thumbnail images.

Touch Task manager to display the Task Manager.

Screen Capture

Touch Screen Capture to capture and save an image of the current screen.

Note: A copy of the screenshot is automatically saved to the clipboard.

To view the screen shots:
1. From a Home screen, touch Apps ➔ My Files.
2. Touch sdcard0 ➔ Pictures ➔ Screenshots.
3. Touch a screen capture file to display it.

**Note:** This softkey can be modified to launch other applications. For more information, refer to “Quick Launch” on page 154.

---

**Multi Window Tray**

Touch **Multi Window Tray** to display shortcuts to apps that you might need while working in other apps. For more information, refer to “Multi Window Tray” on page 38.

**Other Buttons**

**Google Search**

Touch **Google** to search the web.

**Context-Sensitive Menus**

Context-sensitive menus offer options for features or screens. To access context-sensitive menus:

- Touch **Menu** to display a list of options.
- Touch an option in the list.

---

**Application Bar**

The Application Bar is the area along the top of various application screens. It usually contains the Search and Menu icons, as well as other icons that are used to display options and settings.

**Screen Navigation**

**Touch**

Touch items to select or launch them. For example:

- Touch the on-screen keyboard to enter characters or text.
- Touch a menu item to select it.
- Touch an application's icon to launch the application.

**Touch and Hold**

Activate on-screen items. For example:

- Touch and hold a widget on the home screen to move it.
- Touch and hold on a field to display a pop-up menu of options.

**Swipe, Flick, or Slide**

Swipe, flick, or slide your finger vertically or horizontally across the screen. For example:

- Unlocking the screen.
- Scrolling the Home screens or a menu.
Pinch

Use two fingers, such as your index finger and thumb, to make an inward pinch motion on the screen, as if you are picking something up, or an outward motion by sweeping your fingers out.

For example:
- Pinch a photo in Gallery to zoom in.
- Pinch a webpage to zoom in or out.

S Pen

The S Pen is a stylus that assists you in performing different functions. By using the Pen button, you can minimize having to switch between touch and pen input.

1. **Pen button**: by pressing the Pen button, you can add functionality to the S Pen. For more information, refer to “Using the S Pen” on page 27.

2. **Stylus tip**: the tip of the S Pen is used for tapping the screen.

S Pen Settings

There are several settings available that control the behavior of the S Pen. For example, you can choose a sound that will play when you remove the S Pen from or return it to the slot in your device.

Instead of the default menu of shortcuts that displays when you remove the S Pen from your device, you can change the setting so that the S Note, S Planner, Crayon physics, PS Touch, or Polaris Office app launches.

Also, there is a setting to display a hovering pen icon on the screen when the pen tip is near the screen.

Plus, there is a setting that helps to conserve battery power by causing your tablet not to try to detect the S Pen when it is in its slot in your tablet.

For more information, refer to “S Pen” on page 173.
Removing the S Pen From Your Device

The S Pen is conveniently stored in your device to make it easy to find.

To remove the S Pen, follow these steps:

1. Locate the S Pen at the lower left corner of the device (1).

2. Use your fingernail or a sharp object to pull the end of the S Pen out of the device (2).

3. Pull the S Pen out of the device (3).

Using the S Pen

There are several different functions you can perform by using the S Pen.

S Pen Screen Operations

The S Pen can be used for various screen operations.

- Touch a command button, such as Back, or icons, such as Apps or Email, with the S Pen instead of your finger. The result is the same.

- To sweep to the next screen, touch and drag the screen to the left or right.

Launch Popup Note Mini App

To take quick notes or jot down ideas, you can launch the Popup Note Mini App from the default menu of shortcuts that displays when you remove the S Pen from your device. You can also launch the Popup Note Mini App from any screen with the S Pen.
To open the Popup Note Mini App:

- Hold the S Pen button and double-tap the screen.

**Tip:** Touch 🖤 to launch the S Note app. For information on using your S Pen with the S Note app, see “S Note” on page 134.

---

**S Pen Screen Capture**

To capture a screen image, hold the S Pen button and press and hold the S Pen anywhere on the screen. Files are saved in the Screenshots folder. For more information, refer to “Screen Capture” on page 24.
Notifications

When you receive a notification, the Notification icon displays in the System Bar, to the left of the Time. Notifications indicate the arrival of Gmail, Email, alarms, and more.

Touch a Notification icon for more detail. For example, touch a Gmail Notification icon to see who sent the message.

Touch the Time field to display the Status Details panel and the Notifications list to view all of your current notifications. Touch a Notification in the list to display the item. For example, touch a Gmail entry to open the Gmail application and view the message.

Most apps that send notifications, such as Gmail and Google Talk, have individual settings that can be configured. See the settings for individual applications in the applicable section of this user manual.

Status Details

To display the current date and time, battery status, and Wi-Fi connectivity status, open Status Details.

1. Touch the Time in the Status Bar.

   The Status Details display. If you have any current notifications, their summaries are listed below the Notifications title.

2. Touch a notification summary to respond to it.

3. Touch outside the Status Details screen to close the window.

Quick Settings

To view and control the most common settings for your tablet, as well as accessing the complete Settings application, open the Quick Settings panel.

1. Touch the Time in the System Bar.

   The Quick Settings pop-up displays.
2. Touch the time at the top of the pop-up to display a Date and time pop-up. Touch **Use 24-hour format** to enable the 24-hour format. Touch **Set date and time** to display the Date & time settings screen. For more information, refer to “**Date and Time**” on page 175.

3. The Quick Settings are:
   - **Wi-Fi**: Touch to enable or disable Wi-Fi. For more information, refer to “**Wi-Fi**” on page 110.
   - **Bluetooth**: Touch to enable or disable Bluetooth. For more information, refer to “**Bluetooth**” on page 112.
   - **GPS**: Touch to enable or disable Standalone GPS services. For more information, refer to “**Use GPS Satellites**” on page 158.
   - **Sound / Vibrate / Mute**: Touch to enable or disable sound mode.

   - **Screen rotation**: When On the screen rotates automatically from landscape to portrait and vice versa. When Off the screen is fixed in the current mode, either portrait or landscape. For more information, refer to “**System**” on page 176.
   - **Power saving**: When enabled, your device automatically analyzes the screen and adjusts the brightness to conserve battery power. For more information, refer to “**System**” on page 176.
   - **Driving mode**: New notifications are read aloud when enabled.
   - **Sync**: Synchronizes your device with the network. Synchronizes contacts, email, time, and a variety of accounts.

4. Touch the **Brightness** slider and drag it to set the brightness or touch **Auto** to allow the device to set brightness automatically based on available light and battery charge status. For more information, refer to “**Brightness**” on page 153.

5. Touch **Settings** to open the Settings application. For more information, refer to “**Settings**” on page 144.
6. **Notifications** displays system notifications. Touch a notification entry to display the details. Touch **Clear** to remove Notification Icons from the System Bar. For more information, refer to “Notifications” on page 29.

7. Close the Quick Settings by touching X in the upper, right corner of the Quick Settings pop-up or by touching outside the Quick Settings screen.

Notifications display in the System Bar and, in some cases, under the Notifications heading in the Quick Settings to alert you to activity on the tablet such as new messages, application downloads, software updates, and more. The following table lists those icons.

- **System Alert**: Check under the Notifications heading in the Quick Settings for alerts.
- **Download**: An application or file is being downloaded or has been downloaded to the device.
- **Download Successful**: A recent application download or update completed successfully.
- **New Email Message**: You have new email. Touch Reply to view and answer the email.
- **New Gmail Message**: You have new Gmail. Touch the icon for additional information.
- **Google Talk Invitation**: Someone has invited you to chat using Google Talk.
- **Music player**: Music is playing. Touch the Music icon or touch the Status Details to see the song title and music player controls. For more information, refer to “Music Player” on page 84.
- **Music App**: A song is playing in the Music app. Touch the Music icon or touch the Status Details to see the song title and music player controls. For more information, refer to “Play Music App” on page 81.
Wi-Fi networks available: An open Wi-Fi network is in range.

GPS Active: Displays when GPS is active.

Software update: There may be a software update available for this device. For more information, refer to “Software Update” on page 181.

Updates Available: Updates to the applications you have downloaded are available.

Set up input methods: When the keyboard is being displayed, touch this icon to display a menu of quick keyboard settings.

Wi-Fi Direct: Displays when Wi-Fi Direct is active and your tablet is connected to another device. For more information, refer to “Wi-Fi Direct” on page 111.

Screenshot Captured: A screenshot has been captured. For more information, refer to “Screen Capture” on page 24.

Nearby Devices: The Nearby devices setting is enabled. For more information, refer to “Nearby Devices” on page 149.

Blocking Mode: Notifications for selected features are disabled. For more information, refer to “Blocking Mode” on page 150.

Event: This is a notification for one or more events. For more information, refer to “Creating an Event or Task” on page 136.

Navigation Active: The Navigation App is active. For more information, refer to “Navigation” on page 79.

USB Connected: Device is connected to a computer using a USB cable.
Status Bar

The Status Bar is part of the System Bar and displays icons to show network status, battery power, and other details.

**Battery Level:** Shown fully charged.

**Charging Indicator:** Battery is charging.

**Device Power Critical:** Battery has only three percent power remaining. At about 15 percent power remaining, a pop-up is displayed to remind you to charge immediately.

**USB Connection Indicator:** The device is connected to a computer using a USB cable, but it is not charging. The battery is only charged while connected to a computer, if the device is turned off. When the device is off, press the Power/Lock key to see the battery charging indicator.

**Battery Fully Charged:** When the battery is fully charged, this indicator is displayed.

**Airplane Mode:** Indicates that the Airplane Mode is active, which allows you to use many of your device’s features, but it cannot access online information or applications.

**Bluetooth Active:** Bluetooth is turned on. For more information, refer to “Bluetooth” on page 112.

**Bluetooth Connected:** Your device is connected to a Bluetooth device.

**Wi-Fi Active:** Wi-Fi is connected, active, and communicating with a Wireless Access Point (WAP).

**Alarm Set:** Displays when you set an alarm to ring at a specified time. For more information, refer to “Alarm” on page 120.

**Smart stay:** Set the screen to stay on as long as you look at it. For more information, refer to “Smart Stay” on page 153.
Primary Shortcuts

Primary Shortcuts display at the bottom of the main Home screen.

Tip: The main Home screen is usually the center Home screen.

The default Primary Shortcuts are: S Note, S Planner, PS Touch, Smart Remote, Maps, Internet, Samsung Apps, and Play Store.

Other App Shortcuts

There are also other application shortcuts on the second Home screen, which are: Email, Camera, Polaris Office, Dropbox, ChatON, Gallery, Netflix, and Settings.

For more information, refer to “More Application Information” on page 41.

Application shortcuts can be added to any Home screen. For more information, refer to “App Shortcuts” on page 35.

Widgets

When you first turn on your tablet, there are various widgets on the center Home screen. They can also appear on the Home screens to the left and right of the center Home screen.

Widgets are self-contained applications that you can place on the Home screens to access your favorite features.

For more information, refer to “Applications and Widgets” on page 119.

Adding Widgets to a Home screen

1. Navigate to the Home screen on which you want to place the Widget and touch Apps.
2. Touch the Widgets tab.
3. Touch and hold the widget’s icon until the Home screen displays, then slide your finger where you want to place the icon and release it.

Note: Swipe across the screen horizontally to view all Widgets.
Note: There must be room on the screen where you want to place the widget, otherwise the widget will not add to the Home screen.

Removing Widgets

- Touch and hold the Widget until the Remove icon displays, then drag the widget to the Remove icon.

Note: This action does not actually delete the Widget, it just removes it from the current Home screen.

App Shortcuts

Use App Shortcuts for quick access to applications or features, such as Email or other applications.

1. Navigate to the Home screen on which you want to place the App Shortcut.

2. Touch Apps.
   - or -
   Touch and hold on the screen until the Home screen options pop-up displays and then touch Apps and widgets.

3. Touch the Apps tab.

4. Touch and hold the application icon until the Home screen displays, then slide your finger where you want to place the icon and release it.
   For more information, refer to “Apps Screen” on page 40.

5. Touch and hold the App Shortcut and then drag the application icon to reposition it on the Home screen.

Removing App Shortcuts

- Touch and hold the App Shortcut until Remove displays, then drag the App Shortcut to the Remove icon.
**Folders**

Place Folders on a Home screen to organize items together.

**Adding Folders**

To create a folder on a Home page:

1. Navigate to the desired Home screen.
2. Touch and hold on the screen until the **Home screen** pop-up displays and then touch **Folder**. The Create folder pop-up displays.
3. Touch the **Unnamed folder** field, use the keyboard to enter a name for the folder, and touch **OK**. A new folder displays on the Home screen.

**Managing Folders**

To rename a folder:

- Touch the folder, touch the current name, and use the keyboard to enter a new name for the folder.

To add an App shortcut to a folder:

1. Add the App shortcut to the Home screen that the folder is on.
2. Touch and hold the App shortcut, drag it to the folder, and drop it.

To remove an App shortcut from a folder:

1. Touch the folder to view the contents.
2. Touch the App shortcut, drag it out of the folder, and drop it on the Home screen.

**Removing a Folder**

- Touch and hold the folder until the **Remove** icon displays, then drag the folder to the **Remove** icon.

**Note:** Any App shortcuts in the folder are also removed.
Wallpapers
You can choose a picture to display on the Home Screen, Lock screen, or on both the Home and Lock screens. Choose from preloaded wallpaper images or select a photo you have downloaded or taken with the Camera.

1. From a Home screen, touch and hold on the screen. The Home screen options pop-up displays.

2. Touch Set wallpaper. The Set wallpaper pop-up displays.

3. Touch Home screen, Lock screen, or Home and lock screens.

The Select wallpaper from pop-up displays the following options:

- **Gallery**: Access the Gallery to select a photo. Touch a photo to select it. Crop and resize the picture, if desired. Touch **Done** to save the picture as wallpaper. Touch **Cancel** to cancel.

- **Live wallpapers**: Choose from pre-loaded interactive animated wallpapers. Touch a wallpaper to see an example. If available, touch **Settings** to view options for the selection. Touch **Set wallpaper** to save your choice. Touch **Back** to return to the Live wallpapers menu.

- **Wallpapers**: Choose from pre-loaded wallpaper images. Touch an image to view it. Touch **Set wallpaper** to save it as wallpaper. Touch **Back** to return to the Home screen.

**Note**: Live wallpapers is not available for the Lock screen.
Multi Window Tray

There are shortcuts available that link to apps that you might need while working in other apps, such as Alarm, Calculator, Music Player, and so on. In some cases, these shortcuts are actually links to the part of the app you need most and they contain a link to the actual app where you can use other functions.

1. From any screen, touch Multi Window Tray at the bottom, center of the screen.
   The Multi Window Tray icons display.

Note: Swipe across the screen horizontally to view all Multi Window Apps.

2. Touch to customize the Multi Window Tray. For more information, refer to “Customizing the Multi Window Tray” on page 39.

3. At the left end of the tray:
   • Touch Help to display Multi Window help information.
   • Touch Dual view to display two Mini Apps on the screen.
   • Touch Cascade view to display Mini Apps as a pop-up.

4. Touch one of the icons to display a mini app pop-up. The pop-up varies depending on the application. Various controls display at the top of the pop-up and a miniature version of the app displays in the body of the pop-up.

5. Touch items in the body of the pop-up, such as an email entry or keys on the Calculator.

For more information, refer to “Multiscreen Viewing” on page 39.
**Customizing the Multi Window Tray**

You can choose applications to display on the Multi Window Tray and arrange them in any order.

1. From any screen, touch **Multi Window Tray** at the bottom, center of the screen.
2. Touch .
3. Touch and drag apps in and out of the tray or to another position in the tray.
4. Touch **Done** to save your changes.

**Multiscreen Viewing**

All the applications that are available in the Multi Window Tray can be viewed in full screen mode or in a pop-up mode. Also, multiple Mini App pop-ups can be displayed either in a Dual view or a Cascade view. Use the Multi Window Tray to view multiple Mini App pop-ups or launch the applications and then display a pop-up for the application.

To display more than one app:

1. Launch an app and touch , which is located in the upper, right corner of the app screen. The app is displayed in a pop-up mode.
2. Launch another app (Email, Gallery, Internet, and so on) and touch on that app screen.
3. Touch the top of an app pop-up (near the ) and drag the pop-up to the desired position on the screen.
4. Touch an app pop-up to bring it to the forefront and work in the app as you normally would.
5. Touch to return the app to full screen mode.
6. To remove an app pop-up, touch .
**Apps Screen**

The **Apps** screen displays all applications installed on your wireless device. Applications that you download and install from Google Play or from the web are also added to a Home screen.

The Apps icons are arranged in a customizable grid. To arrange the Apps icons in alphabetical order:

1. From a Home screen, touch Apps.
2. Touch Menu ➔ View type.
3. Touch Alphabetical grid.

To manually change the order of the icons on the Apps screen:

1. From a Home screen, touch Apps.
2. Touch Menu ➔ Edit.
3. Touch and hold an icon and drag it to a new position.
4. Touch Save to save the changes.

You can place shortcuts to applications on the Home screen for quick access to the application. For more information, refer to “App Shortcuts” on page 35.

To view your downloaded applications:

1. From a Home screen, touch Apps.
2. Touch Menu ➔ Downloaded applications to view downloaded apps.
3. Touch an icon on the Downloaded applications screen to launch the application.
   – or –
   Add an App Shortcut to a Home screen by dragging the App icon onto the Home Screen. For more information, refer to “App Shortcuts” on page 35.

**Application Information**

To view information about an App, such as the amount of storage it uses, force the App to stop, uninstall updates, and clear data:

1. From a Home screen, touch Apps ➔ Settings ➔ Application manager.
2. Touch the All tab, scroll through the apps list, and touch the app to open a screen with details about the App.
More Application Information

For more information, refer to “Applications and Widgets” on page 119.

In that section, each application that is available on the Applications screen is listed and described. If the application is also described in another section of this user manual, then a cross reference to that particular section is provided. Various widgets are also described.

Entering Text

Your device uses a virtual QWERTY keyboard for text entry called the Samsung keyboard. Use the keyboard to enter letters, punctuation, numbers, and other characters into text entry fields or applications. Access the keyboard by touching any text entry field.

You can also use voice input to speak your inputs.

The virtual QWERTY keyboard displays at the bottom of the screen. By default, when you rotate the device, the screen orientation updates to display the keyboard at the bottom of the screen.

Text Input Methods

Your device offers two text input methods.

• Google voice typing and
• Samsung keyboard.

You can set a default text entry method in Settings. For more information, refer to “Keyboards and Input Methods” on page 165.

To choose a text input method while entering text:

1. Touch  Set up input methods in the Status bar.
   The Set up input methods pop-up displays.

2. Touch an input method to activate it.

3. Touch  to display that input method’s settings.

For more information, refer to “Keyboards and Input Methods” on page 165.
Using the Samsung Keyboard

The Samsung keyboard is a custom virtual QWERTY keyboard, featuring optional predictive text. Input characters by touching the on-screen keys with your finger or use speech recognition.

You can enable predictive text, to have the Samsung keyboard match your key touches to common words and displays them. Select a word from the display to insert it into your text.

Keyboard Types

In addition to the default QWERTY keyboard, there are two other types of the Samsung keyboard: a **Floating** keyboard and a **Split** keyboard.

To change the keyboard type:

1. Use two fingers, such as your index finger and thumb, to make an inward pinch motion on the screen, where the keyboard is displayed.

   A pop-up displays the three keyboard types.

2. Touch one of the keyboard types to display it.

   The Split keyboard can be moved up and down and the Floating keyboard can be moved anywhere.

   - Tap and hold with two fingers to move the Floating or Split keyboard.

Configuring the Samsung Keyboard

You can configure the Samsung keyboard to your preferences. While entering text:

- Touch 📊 Set up input methods in the Status bar and then touch 📊 next to Samsung keyboard in the Set up input methods pop-up.
- or –

  Touch and hold 🌋 on the keyboard and then select 🛠 from the pop-up menu.

The Samsung keyboard settings screen displays.
For more information, refer to “Configuring the Samsung Keyboard” on page 166.

**Entering Upper and Lower Case Letters**

The default case is lower case (abc). Enter upper and lower case alphabet letters by touching the Shift key to toggle the case, before touching the letter key(s).

- Touch once to switch from abc to Abc mode.
- Touch twice to switch to ABC mode. When ABC mode is enabled, the Shift key background turns blue.

**Entering Symbols and Numbers**

The number keys are displayed at the top of the keyboard and are always available.

To enter common symbols, touch to switch to symbol mode, then touch the corresponding key.

There are two pages of symbols. Touch to switch to the next page.

Touch and hold a vowel key (A, E, I, O, U, or Y) or the C, N, or S key to open a small window where you can choose an accented vowel or other alternate letter. Slide to the letter until it is highlighted, and release.

Touch and hold the Period key ( . ) to open a small window with a set of common symbols.

**Using Predictive Text**

By using Predictive text, you can have next-letter prediction and regional error correction, which compensates for pressing the wrong keys on the QWERTY keyboard.

**Note:** Enable Predictive text in Samsung keyboard settings. For more information, refer to “Configuring the Samsung Keyboard” on page 166.

While entering characters, potential word matches display in the Predictive text area above the keyboard.

- Touch a word to insert it into your text.

**Tip:** Touch to display more words.

**Using Google Voice Typing from the Samsung Keyboard**

When you enable the Google voice typing setting, you can use your voice to enter text instead of the keyboard.

For more information about enabling Voice input, see “Using Google Voice Typing” on page 46.
**Editing Text**

You can edit the text you enter in text fields by cutting, copying, or pasting text. These operations can be performed within and across apps. However, some apps do not support editing some or all of the text displayed while others may offer their own way to select text.

**Editing Existing Text**

To edit text that you have entered:

1. Touch the text at the point you want to edit.
   
   The **Cursor** displays at the point you touched.

2. Touch and drag the **Cursor** to a better position, if necessary.

3. Enter additional text or delete text by repeatedly touching the **Delete** key.

**Copying, Deleting, or Replacing Text**

To select and copy, delete, or replace text:

1. Touch and hold the text or word you want to select.
   
   The selected text is highlighted with a **Delete** tab at each end of the selection.

2. Touch and drag either tab to select more or less text.

   **Tip:** Touch **Select all** in the Application bar to select all text in the field. Touch on another area of the screen or touch **Done** to deselect the text.

3. Depending on the action you want to take for the selected text, in the Application bar touch:
   
   - **Select all** to highlight all text in the field.
   - **Cut** to remove the selected text.
   - **Copy** to save the selected text to the clipboard.
   
   — or —
   
   Enter text by typing or speaking to replace the selection with what you type.

   — or —
   
   Touch the **Delete** key to delete the selected text.
Pasting Text
To paste previously copied text:
1. Touch the text at the point you want to paste the copied text.
   The Cursor displays at the point you touched.
2. Touch the Cursor.
   A pop-up displays.
3. Touch Paste in the pop-up.
To paste text directly from the clipboard:
1. Touch the Clipboard key to display the text saved to the clipboard.
2. Touch a text block to paste that text where the Cursor is positioned.

Closing the Keyboard
To close the keyboard:
1. Touch Close Keyboard.

Using the Handwriting Feature
You can enter text simply by using your finger or the S Pen to handwrite letters on your screen.
1. From a screen where you can enter text, activate the keyboard by touching a text input field on the screen.
2. If necessary, touch Set up input methods in the Status bar and then touch Samsung keyboard.
   The Samsung keyboard displays.
3. Touch and hold on the keyboard and then select from the pop-up menu.
   The handwriting pad displays.
4. Use your finger tip or the S Pen to write out each character.

Note: To properly recognize the written characters and to prevent scratching of the LCD, do not use script.

As you write, suggestions are offered in the word options area in case the correct letters were not recognized.
Handwriting Tips

- For uppercase letters, write the letter larger than the lowercase letters.
- Write a dash (horizontal line) to add a space.
- Delete words by sweeping backward across them.
- To display numbers and symbols, touch \( \text{123 Sym} \) and then touch a number or symbol key. Touch the button marked 1/2 or 2/2 to see more symbols and emoticons. Touch \( \text{x} \) to exit the numbers and symbols keyboard.
- To return to the Samsung keyboard, touch and hold \( \text{123 Sym} \) and then select \( \text{123 Sym} \) from the pop-up menu.

Handwriting Settings

To change the Handwriting settings:

1. Touch \( \text{Set up input methods} \) and then touch \( \text{Set up input methods} \). The Language and input settings screen displays.
2. Touch \( \text{prices} \) next to Samsung keyboard to display Samsung keyboard settings.
3. Touch \( \text{Handwriting} \).

For more information, refer to “Configuring the Samsung Keyboard” on page 166.

4. Press \( \text{backspace} \) repeatedly to return to your message.

Using Google Voice Typing

You can use your voice to enter text using the Google voice typing feature.

While entering text:

1. Touch \( \text{Set up input methods} \) in the Status Bar and then touch \( \text{Google voice typing} \) in the Set up input methods pop-up.
   - or –
   Touch \( \text{microphone} \) on the keyboard.
   For more information, refer to “Keyboards and Input Methods” on page 165.
2. At the Speak now prompt, speak clearly and distinctly into the microphone.
   The software converts your voice to text, which is displayed in the message.
3. Keep speaking to add more text.
4. Touch \( \text{Done} \) to display the Samsung keyboard.
Section 3: Contacts and Accounts

This section explains how to manage contacts and accounts.

Accounts

Your device can synchronize with a variety of accounts. With synchronization, information on your device is updated with any information that changes in your accounts.

- **Samsung account**: Add your Samsung account. For more information, refer to “Signing In to your Samsung Account” on page 172.
- **ChatON**: Add your ChatON account. For more information, refer to “ChatON” on page 72.
- **Dropbox**: Add your Dropbox account. For more information, refer to “Dropbox” on page 124.
- **Email**: Add an Email account to sync Contacts. For more information, refer to “Email” on page 60.
- **Facebook**: Add your Facebook account to sync Contacts.
- **Google**: Add your Google account to sync your Contacts, Calendar, and Gmail. For more information, refer to “Gmail” on page 55.
- **LDAP**: Add an LDAP account to find entries in an LDAP directory server.
- **Microsoft Exchange ActiveSync**: Add your Exchange account to sync Contacts, Calendar, and Email.
- **Server**: Add a server to sync and access your data.

Setting Up Your Accounts

Set up and manage your synchronized accounts with the Accounts setting.

1. From a Home screen, touch Apps → Settings → Add account.
2. Touch the account type.
3. Follow the prompts to enter your account credentials to complete the set-up process.

Your tablet communicates with the appropriate account servers to set up your account. When complete, your account displays in the **Accounts** area of the Settings screen.
Contacts

Store contact information for your friends, family, and colleagues to quickly access information or to send a message.

To access Contacts:

- From a Home screen, touch Apps ➔ Contacts.

Creating Contacts

1. From a Home screen, touch Apps ➔ Contacts ➔ .
   The Save contact to pop-up displays.

2. Touch Device or an account.
   – or –
   Touch Add new account to add a different account. For more information, refer to “Setting Up Your Accounts” on page 47.

3. Touch the Contact photo to set up a photo to identify the contact.

4. Touch contact fields to display the keyboard and enter information:
   - Some fields have preset values. Touch the field and touch the desired value. For example, touch the Label tab and touch a label for the field.
   - Other fields have to be input. Touch the field and use the on-screen keyboard to input information.
   - Touching the check box next to some fields may make additional fields available.
     - Touch + to add additional fields. Touch - to remove an unused field. Also, touch Add another field to add other fields.
     - Touch the screen and swipe up or down to display additional fields or touch Next on the keyboard to move to the next field.

5. Touch ✔️ Back to remove the keyboard.

6. When you finish entering information, touch ✔️ Save.
   – or –
   Touch ✗ Cancel ➔ OK to cancel and discard changes.
Tip: Display a contact’s record and touch the Email field to send an email, the Address field to display the address on a map, or the Website field to link to the website.

Updating Contacts
To update an existing contact:
1. From a Home screen, touch Apps ➔ Contacts.
2. Touch a contact in the Contacts list to view its information.
3. Touch Edit.
4. Continue entering contact information. For more information, refer to “Creating Contacts” on page 48.

Deleting Contacts
To delete a contact:
1. From a Home screen, touch Apps ➔ Contacts.
2. Touch a contact in the Contacts list to view its information, and then touch Delete. At the prompt, touch OK.

Managing Photo IDs
To remove or update a contact’s Photo ID:
1. From a Home screen, touch Apps ➔ Contacts.
2. Touch Edit.
3. Touch the Contact photo, then touch Remove, Image, Take picture, or S Note.

Contacts Display Options
There are various ways to display your Contacts and general Contacts settings.
1. From a Home screen, touch Apps ➔ Contacts.
2. Touch Groups, Favorites, or Contacts, above the Contacts List, to view contacts various ways:
   • Groups: Displays the possible Groups, such as Not assigned, Co-workers, Family, Friends, and so on. The number of contacts in the group is displayed next to the group name. Touch a group name to show only contacts in that group. For more information, refer to “Creating a New Group” on page 52.
• **Favorites**: Show only your favorite, or starred, contacts. For more information, refer to “Favorites” on page 54.

• **Contacts**: Show all your contacts. Touch the Search field and enter a keyword to list contacts that contain that keyword.

3. From the **Groups**, **Favorites**, or **Contacts** list, touch ➔ Menu to display the options for each grouping.

4. From the **Contacts** list, touch ➔ Menu ➔ **Settings** to display and manage Contacts settings.

**Linked Contacts**

Your device can synchronize with multiple accounts, including Google, Corporate Exchange, and other email providers. When you synchronize contacts from these accounts with your device, you may have multiple contacts for one person.

Linking, or joining, imported contact records allows you to see all the contact’s numbers and addresses together in one contact entry. Linking also helps you keep your contacts updated, because any changes that your contacts make to their information in the respective accounts is automatically updated the next time you synchronize with the account.

**Joining Contacts**

1. From a Home screen, touch ➔ **Apps** ➔ **Contacts**.
2. Touch a contact in the **Contacts** list to view its information.
3. Touch ➔ **Menu** ➔ **Join contact**.
4. Touch the contact you want to Join.
The joined contact’s information is displayed with the original contact’s information.
5. Repeat Steps 3 and 4 to join other contacts.

**Separating Contacts**

1. From a Home screen, touch ➔ **Apps** ➔ **Contacts**.
2. Touch a contact in the **Contacts** list to view its information.
3. Touch ➔ **Menu** ➔ **Separate contact**.
A list of Joined contacts displays.
4. Touch ➔ **OK** to separate a joined contact.
The contact is removed from the list.
**Sharing Contact Information**

You can send a contact’s information by way of Bluetooth to other Bluetooth devices or in an Email or Gmail as an attachment.

**Note:** Not all Bluetooth devices accept contacts and not all devices support transfers of multiple contacts. Check the target device’s documentation.

1. From a Home screen, touch Apps ➔ Contacts.
2. Touch Menu ➔ Share namecard via.
3. At the prompt, choose a sending method such as Bluetooth.
4. Follow the prompts to send the contact information.

**Tip:** Set up a contact record for yourself to share your information with others.

---

**Importing and Exporting Contacts**

To back up and restore your contacts information, you can export your contacts list to a storage device, such as a PC, or import your contacts list (previously exported) from a storage device.

1. Use the USB cable to connect your device to the storage device.
2. From a Home screen, touch Apps ➔ Contacts.
3. Touch Menu ➔ Import/Export.
   The Import/Export contacts pop-up displays.
4. Touch an option and then follow the prompts to complete the operation.
Groups
Assign contacts to Groups to make searching for contacts faster or to quickly send messages to group members.

Creating a New Group
Create a new group when you add or edit a contact.

1. From a Home screen, touch Apps ➔ Contacts.
2. Touch Groups above the Contacts List.
3. Touch .
4. Touch the Group name field and use the keyboard to enter a new Group name.
5. Touch to save the new group name.

Tip: Contacts can belong to more than one group. Just touch the contact’s Groups field and touch each group.

Once you create a new group, the Contacts List can be set to display only the contacts in that group. For more information, refer to “Contacts Display Options” on page 49.

Renaming a Group
To rename a group that you created:

1. From a Home screen, touch Apps ➔ Contacts.
2. Touch Groups and then touch the group you want to rename.
3. Touch Menu ➔ Edit.
4. Touch the Group name field and use the keyboard to enter a new Group name.
5. Touch to save the new group name.

Deleting Groups
To delete a group that you created:

1. From a Home screen, touch Apps ➔ Contacts.
2. Touch Groups and then touch any group you want to delete.
3. Touch Menu ➔ Delete groups.
   The groups that can be deleted display.
4. Touch **Select all** or the name of each group to delete.

5. Touch ☑️ **Delete** to delete the groups. Choose from **Group only** or **Group and group members**.

**Adding Group Members**

To add a contact to a group, just Edit a contact’s Group field. For more information, refer to “Updating Contacts” on page 49.

To add multiple contacts to a group:
1. From a Home screen, touch ☰️ Apps ➔ ☞ Contacts.
2. Touch **Groups** and then touch the group to which you want to add members.
3. Touch ☰️ Menu ➔ Add member. The contacts that can be added display.
4. Touch **Select all** or the name of each contact to add.
5. Touch ☑️ **Done** to add the contacts to the group.

**Removing Group Members**

To remove contacts from a group:
1. From a Home screen, touch ☰️ Apps ➔ ☞ Contacts.
2. Touch **Groups** and then touch the group from which you want to remove members.
3. Touch ☰️ Menu ➔ Remove member.
4. Touch **Select all** or the name of each contact to remove.
5. Touch ☑️ **Done** to remove the contacts. Contacts are removed from the group and the group name is removed from each contact’s **Group** field.
Favorites

Mark contact records with a ⭐ gold star to identify them as favorites.

Adding Favorites

To add a contact to the Favorites list:
1. From a Home screen, touch Apps ➔ Contacts.
2. Touch a contact to display it.
3. Touch the Star next to the contact name so that it turns gold ⭐.

Tip: You do not have to edit the contact to change the Starred status.

Accessing Favorites

To view your favorites list:
1. From a Home screen, touch Apps ➔ Contacts.
2. Touch Favorites above the Contacts List.
Only your starred contacts display.

Removing Favorites

To remove one or more contacts from your favorites list:
1. From a Home screen, touch Apps ➔ Contacts.
2. Touch Favorites above the Contacts List.
3. Touch Menu ➔ Remove from favorites.
4. Touch Select all or the name of each contact to remove.
5. Touch ✔ Done to remove the contacts.

To remove one contact from your favorites list:
1. From a Home screen, touch Apps ➔ Contacts.
2. Touch a contact to display it.
3. Touch the Star next to the contact’s name so that it turns gray ⭐ to remove it from the Favorites list.
Section 4: Messaging

This section describes how to send and receive messages and other features associated with messaging.

Types of Messages

Your device supports these types of messages:

- **Gmail**: Send and receive Gmail from your Google account.
- **Email**: Send and receive email from your email accounts, including Corporate Exchange mail.
- **Google Talk**: Chat with other Google Talk users.
- **Google Messenger**: Use Google Messenger to bring groups of friends together into a simple group conversation.
- **ChatON**: Use ChatON to send and receive instant messages from any device that has a mobile phone number.

**Note**: Your Wi-Fi-only device does NOT support voice calling and messaging services. Please disregard any “dial” and “message” related menus because some Gmail options are identically set in all Android devices.

---

**Gmail**

Send and receive email with Gmail, Google’s web-based email.

**Tip**: To set up your Google account on your device, use **Accounts** settings. For more information, refer to “Accounts” on page 170.

From a Home screen, touch Apps ➔ Gmail.

---

**Setting Up Your Gmail Account**

If you did not set up a Google account during the initial configuration, the first time you launch Gmail, your device prompts you to set up your Google account.

**Note**: You can use more than one Google account on your device. To add another account, touch Menu ➔ Settings ➔ ADD ACCOUNT.
1. From a Home screen, touch Apps ➔ Gmail. The Add a Google Account screen displays.

2. Touch Existing to sign in to an existing account.
   • At the Sign in screen, use the on-screen keyboard to enter your Google Email name and Password, then touch Sign in.
   – or –
   Touch New to create a new account.
   • At the Your name screen, enter your first and last name, and touch Next.
   • At the Create email address follow the prompts to create a new account.

   The Backup and restore screen displays.

3. Read the backup and restore information, touch the option to enable or disable it, and then touch Next.

4. The device communicates with the Google server to set up your account and synchronize your email. When complete, your Gmail displays in the Inbox.

---

**Refreshing Your Gmail Account**

Refresh your account to update your device from the Gmail servers.

1. From a Home screen, touch Apps ➔ Gmail.

2. Touch Refresh in the Application Bar.

**Managing Your Gmail Account**

Use menu options to manage your Gmail account.

1. From a Home screen, touch Apps ➔ Gmail.

2. Touch Menu for these options:
   • Manage labels: Determine settings for each label.
   • Settings: Configure settings. For more information, refer to “Gmail Account Settings” on page 58.
   • Help: Learn about using Gmail.
   • Send Feedback: Fill out a Google feedback form.
Managing Your Gmail Conversations

In addition to managing your Gmail account, there are options for changing the status of one or more Gmail conversations in an account.

1. From a Home screen, touch Apps ➔ Gmail.
2. Touch the gray box to the left of one or more conversations and then choose one of the following options:
   - **Archive**: Archive the conversations. Archived conversations are assigned to the All Mail folder.
   - **Delete**: Delete the conversations. Deleted conversations are moved to the Trash folder.
   - **Change labels**: Relocate the conversations to the Inbox, Personal, Receipts, Travel, or Work folder and then touch OK.
   - **Mark as Read / Mark as Unread**: Mark the conversations as read or unread. Once a conversation is marked as read, it has a gray background. Touch DONE to remove the check marks.

**Tip:** To move a conversation to another folder, touch and drag it to the folder tab.

3. Touch Menu for these options:
   - **Add star / Remove star**: Mark (or unmark) conversations with a yellow star. Starred conversations are listed in the Starred folder. Touch DONE to remove check marks.
   - **Mark important / Mark not important**: Change the importance indicator. Yellow indicates important.
   - **Mute**: New messages added to muted conversations bypass your inbox so that the conversation stays archived in the All Mail folder.
   - **Report spam**: Report the conversations as spam, which are emails that violate the Gmail Program Policies and/or Terms of Use.
   - **Settings**: Configure settings. For more information, refer to “Gmail Account Settings” on page 58.
   - **Help**: Learn about using Gmail.
   - **Send feedback**: Fill out a Google feedback form.
**Composing and Sending Gmail**

1. From a Home screen, touch Apps ➔ Gmail.

2. Touch Compose.

3. Touch the To field to enter recipients. As you enter names or email addresses, matching contacts display. Touch a contact to add it to the field.

4. Touch the Subject field to enter a subject.

5. Touch Compose email to enter the text of your email.

6. While composing a message, the following options are displayed:
   - + CC/BCC: Create Cc (copy) and Bcc (blind copy) fields in the message. After creating the fields, touch to enter recipients.
   - Attach: Launch Gallery to select a photo to add to the message.

7. Touch Menu for the following options:
   - Settings: Configure settings. For more information, refer to “Gmail Account Settings” on page 58.
   - Help: Learn about using Gmail.
   - Send feedback: Fill out a Google feedback form.

8. Touch SEND to send this message.
   – or –
   Touch SAVE DRAFT to save a draft of this message.

**Gmail Account Settings**

1. From a Home screen, touch Apps ➔ Gmail.

2. Touch Menu ➔ Settings for settings:

   **General settings**
   - Confirm before deleting: Have your device prompt you to confirm Delete actions.
   - Confirm before archiving: Have your device prompt you to confirm archiving actions.
   - Confirm before sending: Have your device prompt you to confirm Send actions.
   - Auto-advance: Choose a screen to show after you delete or archive a conversation.
   - Message text size: Set the size of text in message displays.
   - Clear search history: Remove previous searches you performed.
• **Ask to show pictures**: Restores the default setting (do not show pictures automatically) for all the people who send you email, including those whose Show pictures setting you may have changed when reading messages from them.

(Gmail account settings)

Each account has independent settings:

• **Priority Inbox**: This setting is only available if you have configured Gmail on the web to show Priority Inbox. If available, you can set Priority Inbox as the conversation list to open when you have new mail, rather than Inbox.

• **Email notifications**: When enabled, notifications for new email appear in the Status Bar.

• **Ringtone & vibrate**: If Email notifications is enabled, touch this field to set the following options:
  
  — **Sync messages**: Sync options are: None, Last 30 days, or All.
  — **Email notifications**: When enabled, notifications for new email appear in the Status Bar.
  — **Vibrate**: Choose a ringtone for new email notifications or use the default ringtone and then touch **OK**.
  — **Notify once**: When enabled, a notification appears in the Status Bar for new email, not for every new message.

• **Signature**: Create a text signature to add to outgoing messages.

• **Gmail sync is ON/OFF**: Indicates whether you have Gmail synchronization turned on for this account in the Account and sync settings. Touch to open those settings.

• **Days of mail to sync**: Set the number days to sync email for this Gmail account.

• **Manage labels**: Choose which labels are synchronized.

• **Download attachments**: Enable or disable auto-download of files attached to recent messages when connected through Wi-Fi.

About Gmail

• Displays information about the Gmail (Version, copyright information, Send feedback, Report a problem, Open source licenses).

Experiments

• **Enable full text search**: Enable indexing message content to allow a local search.

• **Enable drag and drop contact chip**: Enables you to drag and drop a contact chip between To, CC, and BCC.
Email

Use Email to view and manage all your email accounts in one application.

Configuring Email Accounts

1. From a Home screen, touch Email.
   – or –
   From a Home screen, touch Apps ➔ Email.

2. At the Set up email screen, enter an Email address and Password, then touch Next.

3. Your account’s incoming server settings are different depending on the kind of email service for the account. If you are asked What type of account?, touch the type of account: POP3 account, IMAP account, or Microsoft Exchange ActiveSync.

   The Server settings screen displays. Enter the required settings and touch Next. For more information, refer to “Incoming Server Settings” on page 66.

4. Review the Account options screen. Available options vary, depending on the provider:
   - Peak schedule: Set how often to check for new email sent to this account during peak times. Options are: Push (Automatic), Manual, every 5 or 15 minutes, or every 1, 4, or 12 hours.
   - Off-peak schedule: Set how often to check for new email sent to this account during off-peak times. Options are: Push (Automatic), Manual, every 5 or 15 minutes, or every 1, 4, or 12 hours.
   - Period to sync Email: For Exchange ActiveSync accounts, set whether to store All, 1 or 3 days, 1 or 2 weeks, or 1 month of email on the tablet.
   - Emails retrieval size: Set the maximum email retrieval size. Options are: Headers only, 0.5, 1, 2, 5, 10, 20, 50, or 100 KB, or All.
   - Period to sync Calendar: Set how much of the calendar for this account to sync with your tablet. Options are: 2 weeks, 1, 3, or 6 months, or All calendar.
   - Send email from this account by default: When enabled, email from your device is automatically sent from this account.
   - Notify me when email arrives: When enabled, you receive notifications when you receive new email sent to this account.
• **Sync email**: When enabled, email from your account is synchronized with your device’s email.

• **Sync Contacts**: When enabled, contacts from your account are synchronized with your device’s Contacts.

• **Sync Calendar**: When enabled, events from your account are synchronized with your device’s Calendar.

• **Sync task**: When enabled, tasks from your account are synchronized with your device’s Calendar.

• **Automatically download attachments when connected to Wi-Fi**: Enable or disable auto-download of files attached to recent messages when connected through Wi-Fi.

5. Touch **Next** to go to the next screen or touch **Previous** to go to the Apps screen.

**Note:** For Exchange ActiveSync accounts, the Activate device administrator? screen may appear. Read the information and touch **Activate** to continue.

6. Enter an account name for the email account just added, which is displayed on the email screen, and enter Your name, if required.

7. Touch **Done**.

The device communicates with the appropriate server to set up your account and synchronize your email. When complete, your email appears in the Inbox for the account.

**Note:** To configure email account settings at any time, use **Menu → Settings**. Touch the account to display Account settings.

---

**Multiscreen**

- Touch to view the Email screen as a pop-up and share the screen with other apps. For more information, refer to “Multiscreen Viewing” on page 39.

**Adding Additional Email Accounts**

To add additional email accounts:

1. From a Home screen, touch **Email**.

2. Touch **Menu → Settings → Add account**.

3. Enter the **Email address**, **Password**, and so on.
Managing Your Email Accounts

You can view email you receive for all accounts in the Combined view screen or you can view email accounts individually.

1. From a Home screen, touch Email.
2. Touch the drop-down menu at the top left of the screen to select:
   - Combined view: View all email in a combined inbox.
   - <Account Name>: View email for the account.

Managing Your Email Conversations

In addition to managing your Email account, there are options for changing the status of one or more Email conversations in an account.

1. From a Home screen, touch Email.
2. Touch the box to the left of one or more conversations and then choose one of the following options:
   - Star ★: Mark the conversations with a gold star and list them in the Starred folder. Touch to make the changes.
     – or –
   - Flag : Touch Clear to clear all flags and check marks, touch Complete to mark all conversations with a blue check mark, or touch Set to set all flags. Set flags are gold.

3. Touch Menu for these options:
   - Sort by: Choose a method for listing your email conversations.
   - View mode: Choose how to view your email conversations. Choices are: Standard view and Conversations view.
   - Create folder: Create a new main folder or touch an existing folder to create a sub-folder.
     Note: This option is not available for all email accounts.
   - Delete all: Delete all items for this email account.
   - New meeting invitation: Create a meeting from the email content.
   - Documents: Search email or the internet for documents to add.
   - Font size: Select the font size for your email. Choose from, Use device font sizes, Tiny, Small, Normal, Large, or Huge.

   • Mark as Read / Mark as Unread : Mark the conversations as read or unread. Once a conversation is marked as read, it has a gray background.
   • Move to : Relocate the conversations to another folder in the current email account or in a folder within another email account.
   • Delete : Delete the conversations.
**Settings**: Display the settings for this email account. For more information, refer to “Account Settings” on page 64.

**New meeting invitation**: Use S Planner to add an event or add a task. For more information, refer to “Creating an Event or Task” on page 136.

**Composing and Sending Email**

1. From a Home screen, touch Email.
2. Touch an account, if you have more than one account set up, then touch Compose.
3. Enter the recipient’s email address in the To field.
   - If you are sending the email message to several recipients, separate the email addresses with a comma. You can add as many message recipients as you want.
   - Touch to add a contact to the field.
   - Touch +Cc/Bcc to add additional carbon copy recipients.
     - Use the Cc field to carbon copy additional recipients.
     - Use the Bcc field to blind copy additional recipients.
   - Touch +Me to add yourself as a recipient.
4. Touch the Subject field to enter a subject.
5. Touch the body of the email to enter the text of your email.
6. While composing a message, the following options may be displayed:
   - **Scheduling options**: Tap the Schedule sending box and then set the Time and date for which the email will be sent.
   - **Priority**: Set the email priority. Options are: High, Normal, or Low.
   - **Tracking options**: Touch Read receipt or Delivery receipt and then touch OK to set the tracking options for this email.
   - **Security options**: Set the email security options. Options are: Encrypt and Sign.
   - **Attach**: Choose an attachment to add to the message from the listed apps, such as My Files, Images, Take picture, Video, Record video, Audio, S Note, S Planner, Contacts, and Location.
   - **Undo**: Erase the previous input.
   - **Redo**: Restore the previously erased input.
Insert: Choose an item to insert into the message from the listed apps, such as Images, S Note, S Planner, Contacts, and Location.

Insert quick response: Insert text that you frequently use in emails. For more information, refer to “Account Settings” on page 64.

Font size: Choose a text font size of 9, 10, 12, 14, 17, 21, 24, 28, or 36 points.

Bold: Bold the following text. Touch again to turn off bold.

Italics: This action italicizes the subsequent entered text.

Font color: Set the color of the text font. The bar changes to the selected color.

Background color: Set the color of the background of the email.

7. Touch ☐️ Save to save the email to the Drafts folder, ✉️ Send to send the email, or ✗️ Delete to delete the email.

**Account Settings**

Account settings lets you configure handling of email on your device.

**Note:** Available settings may depend on the email account and include setting how much email to synchronize, creating signatures for email you send, and other handling options.

1. From a Home screen, touch 📧 Email.
2. Touch ☑️ Menu ➔ Settings, then touch General Preferences. The following options display:
   - **Auto-advance:** Set the screen to show after deleting a message. Choices are: Next message, Previous message, or Message list.
   - **Message preview line:** Choose a message preview line amount. Options are: None or 1, 2, or 3 lines.
   - **Email title:** Set whether the Subject or Sender of the email is shown as the title.
   - **Confirm deletions:** Touch the box to enable or disable this option. A check mark ☑️ indicates that deletions must be confirmed.
• **Quick responses**: Edit text that you frequently use in emails. Touch an email account to display the following settings:

**Common settings**

To access the following options, select your email account.

- **Account name**: Enter a name to identify this account.
- **Signature**: Enter a signature to add to email from this account.
- **Default account**: When enabled, email from your device is automatically sent from this account.
- **Always Cc/Bcc myself**: Lets you manage whether your email address is included in the Cc or Bcc lines.
- **Forward with files**: Touch the check box to include any file attachments when you forward an email.
- **Recent messages**: Limit the number of recent messages that are displayed on your device. Options are: 25, 50, 75, 100, 200, or Total.
- **Show images**: Display images in an email.

**Data usage**

- **Sync email**: Touch the box to enable or disable this option. A check mark ✓ indicates email sync is enabled.
- **Auto download attachments**: Enable or disable auto-download of files attached to recent messages when connected through Wi-Fi.
- **Size to retrieve emails**: Set the maximum email retrieval size. Options are: Headers only, 4, 5, 7, 10, 20, 50, or 100 KB, All, or All including attachments.
- **Auto resend times**: Set the limit of times you wish to have the email resend. Choose from: No limit, 1 time, 3 times, 5 times, or 10 times.

**Exchange ActiveSync settings**

- **Period to sync Email**: Set to sync Automatic, All, 1 or 3 days, 1 or 2 weeks, or 1 month of email on the tablet.
- **Empty server trash**: If available, indicates whether to delete the contents in the server trash.
- **Sync schedule**: Set up your peak and off-peak schedule controls, which determines when your tablet checks the email service for new email.
• **Out of office settings**: Lets you set how email is handled for a defined period of time, while you are unable to check your email.

• **Size to retrieve emails**: Set the maximum email retrieval size. Options are: Headers only, 4, 5, 7, 10, 20, 50, or 100 KB, All, or All including attachments.

• **Period to sync Calendar**: Set to sync 2 weeks, or 1 month, 3 months, 6 months or All calendar.

• **Security options**: Set various security options for the account.

• **In case of Sync Conflict**: Set whether to update the server or your tablet if there is a conflict of information between them.

• **Auto resend times**: Set the number of auto send times. Options are: No limit or 1, 3, 5, or 10 times.

**Notification settings**

• **Email notifications**: When enabled, the New Email icon appears in the Status Bar when a new email arrives.

• **Select ringtone**: Choose a ringtone for email notifications for this account.

• **Vibrate**: When enabled, email notifications for this accounts are accompanied by vibration.

**Server settings**

• **Exchange server settings**: Configure incoming server settings.
— or —

**Incoming settings**: Configure incoming server settings. For more information, refer to “Incoming Server Settings” on page 66.

• **Outgoing settings**: Configure outgoing server settings. For more information, refer to “Outgoing Server Settings” on page 67.

• **Sync email**: When enabled, email from your account is synchronized with your device’s email.

• **Sync Contacts**: When enabled, contacts from your account are synchronized with your device’s Contacts.

• **Sync Calendar**: When enabled, events from your account are synchronized with your device’s Calendar.

• **Sync task**: When enabled, tasks from your account are synchronized with your device’s tasks.

**Incoming Server Settings**

Your account’s exchange or incoming server settings are different, depending on the kind of email service for the account: POP3, IMAP, or Exchange ActiveSync.
• **Domain\ user name**: If your Exchange ActiveSync server requires that you specify a domain, enter it before the backslash. Otherwise, just enter your username (the part before @emailprovider.com in your email address) after the backslash. The backslash is optional when only entering your username. The Email app enters the correct syntax for domains and usernames when communicating with the server.

• **Password**: The password for your email account, which should be filled in.

• **Exchange server / IMAP server**: The fully resolved domain name of your email service provider’s server, for example, mail.emailprovider.com.

• **Use secure connection (SSL) / Security type**: Check this option if your server requires you to connect to the server securely, or if you prefer to connect securely.

• **Use client certificate**: Use a client certificate for messaging security.

• **Port**: Set the Security type first to enter the typical server port number in this field automatically. Or enter a different port number if your email service provider requires it.

• **IMAP path prefix**: Enter an IMAP path prefix, if required.

---

**Outgoing Server Settings**

If you use an IMAP or POP3 account for receiving email, you typically use an SMTP server to send email from that account. Exchange ActiveSync accounts do not have separate outgoing server settings.

• **SMTP server**: The fully resolved domain name of your email service provider’s SMTP server, for example, smtp.empender.com.

• **Security type**: Select the security type required by your email service provider. Select the **SLL (Accept all certificates)** option for your security type to accept a server certificate from your SMTP server that is self-signed, out of date, or in some other way not accepted by the Email application.

• **Port**: Set the Security type first to enter the typical server port number in this field automatically. Or enter a different port number if your email service provider requires it.

• **Require sign-in**: Check this option to enter a username and password for your SMTP server, if your email service provider requires that you enter them to send email.

• **User name**: Your username on the SMTP server (this may not be the same as your username on the POP3 or IMAP server for incoming mail). Visible only if Require sign-in is checked.
• **Password**: Your password on the SMTP server (this may not be the same as your username on the POP3 or IMAP server for incoming mail). Visible only if Require sign-in is checked.

**Google Talk**

Talk is Google’s instant messaging and audio and video chat service. You can use it to communicate, in real time, with other people who also use Google Talk on another Android tablet or phone or on a computer.

**Tip:** Talk requires that you have a Google account. To set up your Google account on your device use **Accounts** settings. For more information, refer to “Accounts” on page 170.

**Open Talk and Sign In**

1. From a Home screen, touch **Apps ➔ Talk**. If you are not signed in to a Google account, the Add a Google Account screen displays.

2. Touch **Existing**, if you already have a Google account, or **New** to create a Google account.
   For more information, refer to “Setting Up Your Gmail Account” on page 55.

---

**Note:** If you have already set up your Google account, you are automatically logged in. Just touch the account.

---

Once sign in is complete, the Talk main screen displays.

**Invite a Friend to Chat**

You can invite anyone with a Google Account to become your friend in Google Talk, so you can chat with each other and view each other’s online status.

1. While viewing your Friends list, touch **Add friend**.

2. Enter your friend's address and touch **DONE**.

Your friend’s address in Talk is a Gmail or other email address that is configured to connect to Google Talk.

If your friend accepts your invitation, they are added to your Friends list in Talk and you can share each others status in Talk and other applications.
View and Accept an Invitation to Become a Friend

When a contact invites you to become a friend in Google Talk, you receive a notification in the System Bar and the invitation displays in your Friends list.

1. Touch the invitation.
2. Touch Accept, if you want to accept the invitation and chat, Decline, if you do not want to chat with and share your Google Talk status with the sender right now, or Block, if you do not want to receive any more invitations from that person.

If you touch Accept, the friend is added to your Friends list in Talk and you can share your status in Talk and other applications.

Options While Chatting

There are several options that are available while you are chatting.

1. Touch to search your chats for a word, to invite another friend to chat, to invite this friend to video chat, or to invite this friend to voice chat.
2. Touch Menu to display the following options, which are available while chatting. For more information, refer to “Additional Talk Options” on page 70.
   - **End chat**: End this chat session.
   - **Go off the record/Stop chatting off the record**: Set whether you want to stop saving your chat to the chat history.
   - **Friend info**: Display information about the friend with which you are chatting. The following options are also displayed:
     - **BLOCK**: Keeps this person from sending you messages and removes the person from your Friends list.
     - **REMOVE**: Remove the friend as if you never accepted their invitation. However, the friend is not blocked.
• **Add to chat**: Choose another friend to invite to this conversation.
• **Clear chat history**: Remove the history of this chat from your device.

**Note:** If you touch the **REMOVE** option, touch **Add friend ➔ Send chat invitation to**, to make the Friend visible again.

---

**Additional Talk Options**

1. While viewing your Friends list, touch **🔍** to search your Talk messages. Use the on-screen keyboard to enter a search term. Touch **🔍** on the keyboard to search your Talk messages.

2. Touch **☰ Menu** to display the following options:
   - **Display options**: To set the way your friends list is sorted, touch **Availability**, **Name**, or **Recency**.
   - **End all chats**: End all chats in which you are engaged.
   - **Sign out**: Sign out of Google Talk and display the Talk main screen.

3. Touch a Friend’s entry to display the Chat entries for that Friend.

---

**Google Talk Settings**

Use Google Talk Settings to configure your Talk account. If you have more than one account, each maintains its own Talk settings.

1. From a Home screen, touch **Apps ➔ talk Talk**.

2. Touch **☰ Menu ➔ Settings**, then touch an account for options:

   - **GENERAL**
     - **Mobile indicator**: Check and your friends see an outline of an android next to your name in their Friends list when you are signed into Google Talk on a tablet or phone.
• **Away when screen off:** Check to change your Talk status to Away when your screen turns off. When unchecked, your status is not changed.

• **Invitation notifications:** Show notification when a friend invitation arrives.

**CHAT NOTIFICATIONS**

• **IM notifications:** Set whether to open a dialog, display a notification in the System Bar, or neither, when you receive a text chat.

• **Notification ringtone:** Set a ringtone to sound, or silent, when you receive a text chat.

• **Vibrate:** Set how vibrate functions. Choices are: Always, Only when silent, or Never.

**VOICE & VIDEO CHAT**

• **Video chat notifications:** Set whether to open a dialog or display a notification in the System Bar when you are invited to a video chat.

• **Video chat ringtone:** Set a ringtone to sound, or silent, when you receive an invitation to a video chat.

• **Vibrate:** Set the device to vibrate Always, Only when silent, or Never.

• **Default video effect:** Set the video image stabilization.

**ACCOUNT**

• **Blocked friends:** Displays a list of friends you have blocked. Touch a blocked friend and then touch OK to unblock the friend.

• **Clear search history:** Erases your search history. No previous searches are shown until you search for new words.

• **Manage account:** Opens the Accounts and sync settings. For more information, refer to “Accounts” on page 170.

**ABOUT**

• **Terms & privacy:** Displays the Google Talk terms of use and privacy policies.
**Messenger**

With Google Messenger, you can bring groups of friends together into a simple group conversation, putting everyone on the same page. When you get a new conversation in Messenger, Google+ sends an update to your device.

To get started, touch the Messenger icon on the home screen of the Google+ app or use the Messenger icon on your Applications screen.

1. From a Home screen, touch Apps → Messenger.
   
   The Messenger screen displays.

2. Touch Learn more in the center of the screen and then touch a topic to learn more about using Google Messenger.

**ChatON**

A smart-messaging app that gives you a host of innovative ways to stay connected with all your friends and family, regardless of their device or platform. Use ChatON to send and receive instant messages from any device that has a mobile phone number.

1. From a Home screen, touch Apps → ChatON.
   
   If you are launching this application for the first time, follow the on-screen instructions to complete the account setup.

2. Enter and send your message.
Section 5: Internet and Social Networking

This section describes the various Internet and social networking applications available on your device such as Google and Voice Search, Google+, Internet, Local, Maps, Navigation, Google Play Books, Play Magazines, and YouTube.

Google Search

Search the internet using the Google search engine.

Tip: The Google Search widget displays by default on all Home screens. For information about displaying widgets on the Home screen, see “Adding Widgets to a Home screen” on page 34.

1. From a Home screen, touch Google.
   – or –
   From a Home screen, touch Apps ➔ Google.

2. Use the keyboard to enter search criteria to display matching searches.
   – or –
   Touch and speak the search criteria slowly and clearly. Google searches for the information and displays results.

   Suggestions display below the text entry area.

3. Touch a suggestion to search for that term.
   – or –
   Touch on the keyboard to start the search.
   A browser window displays the search results.

To use Voice Search directly:

1. From a Home screen, touch Apps ➔ Voice Search.

2. Touch and speak the search criteria slowly and clearly. Google searches for the information and displays results or displays Retry. Touch the to retry speaking the search word(s).
Google+

Share updates and see what is going on around you with Google+ for mobile.

• Share your thoughts and location.
• Instantly upload your photos and videos as you take them.
• Get updates from your circles in the stream.
• Check in to a place.
• Make plans on-the-go with group messaging.
• View posts from people around you.

To get started:
1. From a Home screen, touch Apps ➔ Google+.
   The Google+ home screen displays.
2. Touch Menu ➔ Help and then touch a topic to learn more about using Google+.

Internet

Your device is equipped with a full HTML Browser that allows you to access the Internet.

• From a Home screen, touch Apps ➔ Internet.

Navigating the Internet

The following options are available for Internet navigation.

Command Keys

• Touch Back or to return to the previous page.
• Touch and hold Back display browser History.
• Touch Forward to go forward to a recent page.
• Touch Refresh to reload the current page.

Touching and Dragging

• Touch and drag your finger on the screen to navigate pages and to reposition pages within the screen.

Entering Text in a Field

• While browsing, touch a text field to display the virtual QWERTY keyboard to enter text.
**Zoom**
- Tap the screen twice to zoom in or out.
- Use two fingers, such as your index finger and thumb, to zoom out by making an inward pinch motion on the screen. To zoom in, make an outward motion by sweeping your fingers out.

**Tip:** For convenient browsing, you can rotate the device to landscape mode.

**Selecting Items On a Page**
While browsing, use gestures and menus to navigate:
- Touch an item to select it.
- Touch a hyperlink to follow the link.
- Touch and hold on a hyperlink or an image for options.

**Using Browser Windows**
You can have multiple windows open at one time and easily switch between windows.

1. From a Home screen, touch Apps ➔ Internet.
2. To open a new window, touch at the top of the screen.
3. To switch to another open window, touch its tab at the top of the screen.
4. To delete an open window, touch the tab at the top of the screen, and then touch .

**Entering a URL**
Access a website quickly by entering the URL.

1. From a Home screen, touch Apps ➔ Internet.
2. Touch the URL field at the top of the screen, then enter the URL using the virtual QWERTY keyboard. As you enter characters, potential matches display.

**Note:** Use the Delete key to clear the URL field, if necessary.

3. Touch a match to complete the URL.
   - or –
   Continue entering characters and touch the Go key to load the page.
Creating Bookmarks

While browsing, bookmark a site to quickly access it later.

1. From a Home screen, touch Apps ➔ Internet.
2. Browse to a website, touch Add bookmark, enter the required information, and touch OK.

A gold star ⭐ displays on the Bookmarked page.

Multiscreen

Touch 🛠 to view the Internet screen as a pop-up and share the screen with other apps. For more information, refer to “Multiscreen Viewing” on page 39.

Internet Menu

While viewing a webpage:

- Touch Menu for options.

To configure web settings:

- Touch Menu ➔ Settings.

Follow the on-screen instructions.

Internet Quick Controls

Use Quick Controls to maximize your viewing area while browsing the internet.

1. From a Home screen, touch Apps ➔ Internet.
2. While viewing a webpage, touch Menu ➔ Settings ➔ Labs, and then touch Quick controls to enable the function.
   The Application and URL bars are hidden.
3. Swipe inward from the left or right edge of the screen to access quick controls.
4. Without lifting your finger, move to an option and then lift your finger to initiate the option.
5. To cancel, display the Quick controls and touch Settings ➔ Labs and touch Quick controls to uncheck it.
Local

Google Local (originally Google Places) is an application that uses Google Maps and your location to help you find destinations, such as restaurants, bars, hotels, attractions, ATMs, and gas stations. You can also add your own locations.

Note: You must enable location services to use Local. Some features require Standalone or Google location services. For more information, refer to “Location Services” on page 158.

1. From a Home screen, touch Apps ➔ Local.
2. Touch to choose or enter your location.
3. Touch one of the business categories to search for a particular business.
4. Touch a business in the list to see more details about it.
5. Touch your location at the bottom of the Local pop-up to write or view reviews, check in here, and so on.
6. For more information touch Menu ➔ Help.

Maps

Use Google Maps to find your current location, get directions, and other location-based information.

Note: You must enable location services to use Maps. Some features require Standalone or Google location services. For more information, refer to “Location Services” on page 158.

- From a Home screen, touch Apps ➔ Maps.

Navigating the Map

Zooming

- Double-tap on the screen to zoom in.
- Use two fingers, such as your index finger and thumb, to zoom out by making an inward pinch motion on the screen. To zoom in, make an outward motion by sweeping your fingers out.

Tip: For convenient browsing, you can rotate the device to landscape mode.
Scrolling
- Touch and drag on the screen to reposition the map in the display.

Touch
- Touch an icon on the map to display information about the location. For example, your location is indicated by a flashing icon.

Maps Menu
While viewing a map:
- Touch Menu for options.

To launch Google Latitude:
- Touch Menu ➔ Latitude.
  For more information, refer to “Latitude” on page 78.

To configure Maps settings:
- Touch Menu ➔ Settings.
  Follow the on-screen instructions.

For more information touch Menu ➔ Help.

Latitude
With Google Latitude, you can see the location of all of your friends on a map or on a list. You can also share or hide your location.

You must first set up your tablet to use wireless networks to help pinpoint your location. Also, Latitude works best when Wi-Fi is enabled. For more information, refer to “Turning Wi-Fi On or Off” on page 110.

Latitude also requires that you log on to your Google account. For more information, refer to “Accounts” on page 170.

To access the Latitude app:
1. From a Home screen, touch Apps ➔ Maps.
2. Touch Menu ➔ Latitude.
   Your location is displayed on the map.

For more information touch Menu ➔ Help.
Navigation

Use Google Navigation to find a destination and to get walking or driving directions.

Navigation works best when Wi-Fi is enabled. For more information, refer to “Turning Wi-Fi On or Off” on page 110.

Note: You must enable location services to use Navigation. Some features require Standalone or Google location services. For more information, refer to “Location Services” on page 158.

- From a Home screen, touch Apps ➔ Navigation.

Navigation Menu

While viewing a map:
- Touch Menu for options.

To configure Navigation settings:
- Touch Menu ➔ Settings.

Follow the on-screen instructions.

For more information touch Menu ➔ Help.

Play Books

Use the Play Books app to read eBooks from the Internet-based Google Play Books service. Google eBooks is a new way to discover, buy, and enjoy your favorite books online and offline.

- From a Home screen, touch Apps ➔ Play Books.

The Google Play Books main screen displays.

Note: You may be asked to create or sign on to your Google account. For more information, refer to “Setting Up Your Gmail Account” on page 55.

Play Books Menu

From the Play Books main screen:
- Touch Menu for options.

To configure Play Books settings:
- Touch Menu ➔ Settings.

Follow the on-screen instructions.

For more information touch Menu ➔ Help.
Play Magazines

Google Play Magazines helps you subscribe to your favorite magazines so you can have them available to read on your tablet at your leisure.

Play Magazines requires that you log on to your Google account. For more information, refer to “Accounts” on page 170.

From a Home screen, touch Apps ➔ Play Magazines.

The Play Magazines Welcome screen displays.

Play Magazines Menu

From the Play Magazines main screen:

Touch Menu for options.

To configure Play Magazines settings:

Touch Menu ➔ Settings.

Follow the on-screen instructions.

For more information touch Menu ➔ Help.

YouTube

View and upload YouTube videos right from your device.

From a Home screen, touch Apps ➔ YouTube.

To find a YouTube video:

Touch Search YouTube and use the keyboard to enter a keyword or phrase. Touch on the keyboard to initiate the search.

YouTube Menu

From the YouTube main screen:

Touch Menu for options.

To configure YouTube settings:

Touch Menu ➔ Settings.

Follow the on-screen instructions.

For more information touch Menu ➔ Help.
Section 6: Music

This section explains how to use the music features of your device including the Music app, the Music Player, and the Music Hub.

Listening to Music

You can listen to music by using your device’s built-in speakers, through a wired headset, or through a wireless Bluetooth stereo headset.

For more information, refer to “Bluetooth” on page 112.

Press the Volume Key on the side of the device to activate on-screen volume control, then touch and drag on the scale to set volume. You can also press the Volume Key to adjust playback volume.

Play Music App

The Play Music app contains a music player that plays music and other audio files that you copy from your computer or store online.

Note: Some options described in this manual may not be available until you sign in to your Google account.

Google Play Music

Google Play Music is a new service from Google that gives you instant access to your personal music collection on the Internet and your compatible Android devices without the hassle of wires or syncing. For more information, visit music.google.com.

Accessing the Music App

1. From a Home screen, touch Apps ➔ Play Music.

   The Play Music app searches your online library and your device’s internal storage for music and playlists. This can take from a few seconds to several minutes, depending on the amount of new music added since you last opened the application.
Changing Library View

You can change the way you view the contents of your library.

1. From a Home screen, touch Apps ➔ Play Music.
2. Touch the name of the current view, such as Recent, near the top-left of the Application bar.
3. Touch an option to set how you view your library.

The choices are: Recent, Albums, Artists, Songs, Playlists, Genres, All music or On device only.

Play Music Menu

While viewing a Play Music main screen:
- Touch Menu for options.

To configure Play Music settings:
- Touch Menu ➔ Settings.
  Follow the on-screen instructions.

For more information touch Menu ➔ Help.

Play Music Options

Options are available for playing songs, albums, or playlists:

1. From a Home screen, touch Apps ➔ Play Music.
2. Touch an album or song.
3. Touch the label area under an item to display options.

Options display depending on the item view.

To play a song:

1. From a Home screen, touch Apps ➔ Play Music.
2. Touch a song in your library to listen to it.
   – or –
   While viewing a list of songs, touch next to a song and touch Play.
   – or –
   While viewing a list of albums, artists, playlists, or genres, touch the label area under an item and touch Play.
Shopping for Music at the Play Store

To visit the Google Play Store where you can find and buy music:

1. From a Home screen, touch Apps ➔ Play Music.
3. Touch Menu ➔ Help to view information about finding and buying music.

Making Online Music Available Offline

In addition to playing the music that you add to your online library, you can play music stored on your device’s internal storage. Then you can listen to music when you have no Internet connection. To do this, make some of your online music available offline.

To make your online music available offline on your device:

1. From a Home screen, touch Apps ➔ Play Music.
2. Change your library view to Albums, Artists, or Playlists. For more information, refer to “Changing Library View” on page 82.
3. Touch Menu ➔ Choose on-device music and touch the album or playlist you want to make available offline.
4. Touch Menu ➔ Help to view information about listening to music offline.

Tip: You can also copy music directly from your computer to your device. For more information, refer to “Synchronizing with Windows Media Player” on page 117.
Music Player

Music Player plays songs stored on your tablet or an installed memory card.

1. From a Home screen, touch Apps ➔ Music Player.
   The Music Player application searches your device’s internal storage or on an installed memory card for music and playlists. This can take from a few seconds to several minutes, depending on the amount of new music added since you last opened the application. It then displays your music in several ways.

2. Touch a tab, such as Songs, Playlists, Albums, and so on, to change the way you view the contents of your library.

3. Touch the Music application icon at the top-left of the Application bar to return to the previous Music screen.

Searching for Music

To find music in your library:

1. From a Home screen, touch Apps ➔ Music Player.

2. Touch Search and use the keyboard to type the name of an artist, album, or song.

Music Player Options and Settings

To use Music Player options and configure settings:

1. From a Home screen, touch Apps ➔ Music Player.

2. Touch Menu to display the following options:
   - Delete: Delete a song, an album, or every song or album.
   - Share via: Share your music. Select the songs you want to share, touch Share, touch an option, such as Bluetooth, and follow the on-screen instructions.
   - Set as alarm tone: Choose a song and touch Set to use the song as an alarm tone.
   - Scan for nearby devices: Discover and connect directly to nearby devices.
• **Settings**: The following settings display:
  
  **Advanced**
  
  — **Sound settings**: Choose *SoundAlive* and *Play speed* settings.
  
  — **Lyrics**: Display the lyrics of the song, if available.
  
  — **Music auto off**: Set the option Off or set your music to turn off automatically by touching one of the time values.

**Music menu**

— **Music menu**: Enable or disable the music display options that appear on the main music screen. A check mark next to an option means that it is enabled.

### Managing Playlists

To create, manage, or delete a playlist:

- From a Home screen, touch Apps ➔ Music Player.

**Creating a Playlist**

- Touch Add to playlist ➔ New playlist and use the keyboard to enter a name for the playlist.

### Renaming a Playlist

1. Touch the Playlists tab.
2. Touch a playlist, touch Menu ➔ Rename playlist and use the keyboard to enter a new name for the playlist.

### Adding Songs to Playlists

1. Touch Add to playlist and touch a playlist.
   
   — or —
   
   Touch Playlists, touch a playlist, and then touch Add music or Menu ➔ Add music in portrait mode.

   All songs are displayed.

2. Touch next to each song you want to add or next to Add all to add all songs to the playlist.
3. Touch Done to save the playlist.

### Removing Songs from Playlists

1. Touch Add to playlist and touch a playlist.
2. Touch to remove a song from the playlist.
3. Touch Done to save the playlist.
Changing the Order of a Playlist
1. Touch the Playlists tab and touch a playlist.
2. Touch Change order or Menu ➔ Change order in portrait mode.
3. Touch the grid for an entry and drag the entry to a new position in the list.
4. Touch Done to change the order and save the playlist.

Playing a Playlist
1. Touch the Playlists tab.
2. Touch Favorites, Most played, or Recently added, or touch a playlist title that you created.
3. Touch a song to start playing the playlist at that song.

Deleting a Playlist
1. Touch the Playlists tab and touch a playlist.
2. Touch Delete in the Application bar.
3. Touch the box next to a playlist title, touch Delete, and then touch OK.

Playing Music
To play a song:
1. From a Home screen, touch Apps ➔ Music Player.
2. Touch a song or touch an album or genre and then touch a song in the list of songs on the album. The song you touch starts to play. The tracks in the current list play in order until you reach the end of the list (unless you choose a repeat option). Otherwise, playback stops only if you stop it, even when you switch applications.
Accessing the Music Player

If you navigate away from the Music Player application and music is playing, the Music notification icon 🎵 is displayed in the System Bar.

You can change songs or easily return to the Music Player:

1. Touch the Music notification icon 🎵 in the System Bar.
   The Status Details pop-up displays.

2. Touch the song title to display the Music Player. You can also pause and resume playback and skip to the next or previous song in the panel. For more information, refer to “Notifications” on page 29.

Music Player Controls

When a song is playing, the Music Player screen displays and various controls are available.

1. From a Home screen, touch 🏡 Apps ➔ 🎵 Music Player.

2. Touch a song or playlist to begin playback.
   The music player displays below (portrait mode) or to the right (landscape mode) of the music listing.

3. Touch the music player to enlarge it and touch the screen to display the sound and playlist controls.
4. **During playback, use the sound and playlist controls:**
   - **Favorite:** Touch the star ★ to mark the current song as a favorite.
   - **Volume:** Touch to toggle Silent and Sound mode, then touch and drag on the scale to set volume. You can also press the Volume Key on the side of the device to adjust playback volume.
   - **SoundAlive:** Touch to view and set SoundAlive options.
   - **Info:** Touch to view information about the current song.
   - **List Mode:** Touch to switch to the list of songs.
   - **Shuffle:** When enabled, songs play in random order. When disabled, songs play in the order they appear in List view.
   - **Progress Bar:** Touch and drag the end of the progress bar to scan forward or backward through the current song.
   - **Playback Controls:** These buttons control the playback of songs:
     - Touch ▶ to advance to the next song. Touch and hold ▶ to scan forward through the current song.
     - Touch ◀ to go back to the previous song. Touch and hold ◀ to scan backward through the current song.
     - Touch ■ to pause playback. Touch ▶ to resume playback.
   - **Repeat:** Touch to repeat the current song, repeat all songs, or disable repeat mode.

**Options While Playing a Song**

There are various options and controls available while a song is playing:

1. From a Home screen, touch ❮Apps❯ ➔ Music Player, touch a song or an album, and then a song.
2. Touch the music player to enlarge it.
3. Touch ❮Menu❯ to display the following options:
   - **Add to playlist:** Add the song to a new playlist or an existing playlist.
   - **Via Bluetooth:** Play the current song by using a Bluetooth device.
   - **Share via:** Share your music. Touch an option, such as Bluetooth, select the songs you want to share, and touch Share.
   - **Set as alarm tone:** Use the current song as an alarm tone.
   - **Scan for nearby devices:** Discover and connect directly to nearby devices.
• **Settings:** Displays Music Player settings. For more information, refer to “Music Player Options and Settings” on page 84.

**Music Hub**

Samsung Music Hub makes your device a personal music manager and lets you access, buy, and download millions of music tracks. Access top albums, top tracks, featured albums, and new releases. Music Hub allows you to search for tracks, albums, and artists. Enjoy music samples before you download them directly to your Wi-Fi Galaxy Tab.

**Note:** You must sign up for an account before accessing some of the Music Hub options.

1. From a Home screen, touch Apps ➔ Music Hub.
2. Read the Disclaimer and touch Confirm to continue or Back to exit.
   The Music Hub Home screen displays.
3. Touch one of the following options:
   • **Featured:** This is the Music Hub home screen. Displays top albums, featured albums, top tracks, new releases, and more. Touch an item to display more information and prices.
   • **Genres:** Displays bestsellers and new releases by genre, such as pop, rock, jazz, comedy, and blues.
   • **Playlists:** Displays downloaded playlists and your library of songs and albums. Touch New to create a new playlist.
   • **My page:** Displays the following options:
     – **Basket:** Displays songs that you have selected to buy. Touch Buy to start the purchase process. Touch Menu ➔ Delete all to clear your basket or touch Remove to delete songs from your basket.
     – **Purchase List:** Displays a list of your purchases.
     – **Payment information:** Allows you to set up your payment method. Touch Add card to enter your payment information.
     – **Help:** Display help information for Music Hub.
     – **Legal information:** Displays the Music Hub legal information.
Note: You have to be signed in to use some options. To sign in, touch Sign in and use the keyboard to enter your Email address and Music Hub Password. Touch Sign in. Touch Create account to set up a new account.

4. Touch Search and use the keyboard to enter a key word or phrase to search for tracks, albums, or artists. Touch on the keyboard to search Music Hub. Touch an item to play a sample, add an item to your basket, or add an item to your album.

Making a Purchase

You can use Music Hub to buy albums or individual tracks. You can also build your own album from various tracks.

1. From a Home screen, touch Apps → Music Hub.

2. Touch an album or a track.

3. Touch next to an album to add the album to your basket or next to each track that you want to add to your basket.

4. Touch next to an album to add the album to your album or next to each track that you want to add to your album. Touch New to create a new album.
Section 7: Photos and Video

This section explains how to use your device’s built-in camera and camcorder, the Video Player app to view and manage videos, and the Gallery app to view, capture, and manage photos and videos. It also contains an overview of the PS Touch app, Media Hub, and Video editor apps.

Camera

Use your device’s built-in camera and camcorder to take photos and record videos.

1. From a Home screen, touch Apps ➔ Camera.
   If a memory card is inserted, the Storage location pop-up displays.

2. Touch OK to change the storage location to memory card.
   – or –
   Touch Cancel to use the device storage for storing pictures and videos.

Note: If memory card storage is used, photos are stored in the /Storage/sdcard0/DCIM/Camera folder as jpg files. For more information, refer to “My Files” on page 130.

The Camera screen displays.
Taking Photos

To take a photo:
1. From a Home screen, touch Apps ➔ Camera.
2. Using the display as a viewfinder, compose your photo by aiming the lens at the subject. To configure settings, see “Camera Settings” on page 92.
3. To take the photo, touch the Camera button.
4. Touch Back to leave the Camera and display the previous screen.

Important! Do not take photos of people without their permission. Do not take photos in places where cameras are not allowed. Do not take photos in places where you may interfere with another person’s privacy.

Camera Settings

Before you start taking photos, use the camera settings to configure the camera for best results. Camera settings are represented by icons on the left side of the screen.

Editing Camera Settings Shortcuts

The first five icons are actually shortcuts to camera settings. These five shortcuts can be customized to fit your preference. Self-portrait, Flash, Shooting mode, Effects, and Exposure value are default settings shortcuts.

To customize these shortcuts:

1. Touch Settings ➔ Edit shortcuts.
   – or –
   Touch and hold any of the shortcut icons to edit them.

2. Touch and hold a setting, then drag and drop it on one of the five settings shortcuts to the left. The replaced setting shortcut displays in the edit list.
Configuring Camera Settings

To configure Camera settings:

- While in Camera mode, touch a settings shortcut or touch ✎ Settings to configure the following camera settings:
  - **Edit shortcuts**: Customize your settings shortcuts. For more information, refer to “Editing Camera Settings Shortcuts” on page 92.
  - **Self-portrait**: Touch to switch to the front-facing camera lens and take a photo of yourself.
  - **Flash**: Choose a flash mode from Off, On, or Auto flash. Off is the default.

Warning! If the battery is low, the flash is not available. For more information, refer to “Charging the Battery” on page 7.

- **Shooting mode**: Choose an automatic shooting mode, from:
  - **Single shot**: Take a single photo.
  - **Panorama**: Touch the Camera button to take a photo, then use the on-screen guideline to move the viewfinder and take the next 7 shots automatically.
  - **Share shot**: Share photos with other users via Wi-Fi Direct. A Wi-Fi Direct connection is required.
  - **Buddy photo share**: Take and share photos with friends via face detection.
  - **Smile shot**: Touch the Camera button to automatically focus on the subject’s face and take the photo.
  - **Cartoon**: Take a photo with cartoon effects.
  - **Effects**: Apply an effect to photos.
  - **Scene mode**: Choose a mode to match the kind of pictures you want to take.
  - **Exposure value**: Use the slider to set the exposure value from -2.0 to +2.0.
  - **Focus mode**: Set the focus mode to Auto focus or Macro.
  - **Timer**: Set a delay time to wait between touching the Camera button and taking a photo.
  - **Resolution**: Choose a size for the photo.
  - **White balance**: Set the light source.
• **ISO**: This value determines how sensitive the light meter is on your digital camera. Use a lower ISO number to make your camera less sensitive to light, a higher ISO number to take photos with less light, or Auto to let the camera automatically adjust the ISO for each of your shots.

• **Metering**: Select a method for measuring light.

• **Outdoor visibility**: When taking outdoor shots in bright settings, enabling Outdoor visibility Illuminates your screen to make it easier to see what you are shooting.

---

**Note**: What you see on screen will not correspond to the luminance of the actual photograph taken.

---

• **Guidelines**: Enable or disable an on-screen grid to aid in photo composition.

• **GPS tag**: Add GPS location information to photo details. The GPS icon displays on the screen when this option is active.

---

**Caution!** Be aware that your location may be present on a photo when posting your photos on the internet.

---

• **Save as flipped**: Set self-portrait mode and set this option to **On** to take and save a mirror-image photo.

• **Image quality**: Choose a quality setting for photos.

• **Storage**: Set whether to store you photos on your device or on your memory card, if one is installed.

• **Reset**: Set all Camera settings to the defaults.

### Viewing Photos with the Image Viewer

After taking a photo, use the Image Viewer to view, share, delete, or edit photos.

1. Touch **Image Viewer** to view the photo.
2. Touch the screen to show or hide Image Viewer options.
3. Touch the screen with two fingers or double-tap on the screen to zoom all the way in or out. For more information, refer to “Pinch” on page 26.
4. Sweep across the screen to display the next or previous photo. The current photo is outlined in the thumbnails at the bottom of the screen. Touch a thumbnail to view the photo it represents.
5. To set the photo as a favorite, touch **Favorites**.
6. Touch \(\text{Share}\) to share the photo. Touch an option, such as Bluetooth, and follow the on-screen instructions. After using this option, the most recent Share option is displayed in the Application Bar.

7. To delete the photo being displayed, touch \(\text{Delete}\) and then touch \(\text{Delete}\) to delete the photo or \(\text{Cancel}\) to exit.

8. Touch \(\text{Menu}\) and then \(\text{Slideshow}\) to display a slide show of the available pictures and videos.

9. Touch \(\text{Menu}\) to select \(\text{Set as}\) to assign the photo as a Contact photo or a Home screen, Lock screen, or Home and lock screens wallpaper.

For more information, refer to “Viewing Photos and Videos” on page 102.

**Note:** Photos are stored in the /Storage/sdcard0/DCIM/Camera folder as jpg files. For more information, refer to “My Files” on page 130.

10. Press \(\text{Back}\) to return to the Camera to take more photos.

---

**Camcorder**

Use your device’s built-in Camcorder to record high-definition video in 1080p resolution.

1. From a Home screen, touch \(\text{Apps} \rightarrow \text{Camera}\).

2. Slide the \(\text{Mode}\) button to the \(\text{Camcorder}\) setting.

The Camcorder screen displays.
### Recording Videos

1. From a Home screen, touch Apps ➔ Camera.
2. Slide the Mode button to the Camcorder setting.
3. Using the display as a viewfinder, compose your shot by aiming the lens at the subject. To configure settings, see “Camcorder Settings” on page 96.
4. To start recording, touch Record. During recording, the Record button flashes.
5. To stop recording, touch Record.
6. Touch Back to leave the Camcorder and display the previous screen.

---

#### Camcorder Settings

Before you start taking videos, use the camcorder settings to configure the camcorder for best results. Camcorder settings are represented by icons on the left side of the screen.

### Editing Camcorder Settings Shortcuts

As with the camera, the first five icons are actually shortcuts to camcorder settings. These five shortcuts can be customized to fit your preference.

- Self-recording,
- Flash,
- Recording mode,
- Effects,
- Exposure value are default settings shortcuts.

To customize these shortcuts, see “Editing Camera Settings Shortcuts” on page 92.

### Configuring Camcorder Settings

To configure Camcorder settings:

- While in Camcorder mode, touch a settings shortcut or touch Settings to configure the following Camcorder settings:
  - Edit shortcuts: Customize your settings shortcuts. For more information, refer to “Editing Camera Settings Shortcuts” on page 92.

---

**Important!** Do not take videos of people without their permission.
Do not take videos in places where cameras are not allowed.
Do not take videos in places where you may interfere with another person’s privacy.
• **Self-recording**: Touch to switch to the front-facing camera lens and record a video of yourself.

• **Flash**: Touch Off or On to disable or enable the flash.

• **Recording mode**: Set a recording mode. Options are: Normal and Limit for email, which limits the size of the video to 50 megabytes.

• **Effects**: Apply an effect to videos.

• **Exposure value**: Use the slider to set the exposure value from -2.0 to +2.0.

• **Timer**: Set a delay to wait between touching Record and starting recording.

• **Resolution**: Set a size for the video.

• **White balance**: Set the light source.

• **Outdoor visibility**: When recording outdoors in bright settings, enabling Outdoor visibility Illuminates your screen to make it easier to see what you are recording.

---

**Guidelines**: Enable or disable an on-screen grid to aid in video composition.

**Save as flipped**: Set self-recording mode and set this option to On to take and save a mirror-image video.

**Video quality**: Choose a quality setting for videos.

**Storage**: Set whether to store you videos on your device or on your memory card.

**Reset**: Set all Camera settings to the defaults.

### Viewing Videos with the Image Viewer

After recording a video, use the Image Viewer to play, share, or delete your video.

1. Touch Image Viewer to view the video.
2. Touch the screen to show or hide Image Viewer options.
3. Sweep across the screen to display the next or previous video. The current video is outlined in the thumbnails at the bottom of the screen. Touch a thumbnail to view the video it represents.
4. To set the video as a favorite, touch Favorites.

---

**Note**: What you see on screen will not correspond to the luminance of the actual video taken.
5. Touch ✅ Share to share the video. Touch an option, such as Bluetooth, and follow the on-screen instructions. After using this option, the most recent Share option is displayed in the Application Bar.

6. Touch ⬅️ Menu and then ⚪️ Slideshow to display a slide show of the available pictures and videos.

7. To delete the video being displayed, touch ✗️ Delete.

Note: Videos are stored in the /Storage/sdcard0/DCIM/Camera folder as mp4 files. For more information, refer to “My Files” on page 130.

8. To play a video, touch ⏯️ Play. Touch ⏸️ Pause to pause the video and touch ⏯️ Resume to resume playing the video.

9. Touch 🎧 SoundAlive to set the sound quality.

10. Touch and drag the ⏯️ white dot on the progress bar to fast forward or rewind the video. Touch the left end of the progress bar to restart the video. Touch the right end of the progress bar to end the video playback. – or –

   Touch ⏩ Rewind to restart the video or 
   ⏯️ Fast Forward to end the video.

11. Touch ⏫ Capture image to capture and save an image of the current video screen.

12. Touch ⚪️ Pop up play to play a video as a small pop-up while viewing another screen. Touch and drag the pop-up video to the desired location on the screen. Double-tap the pop-up to return to full screen mode.

13. Press ← Back to return to the Camcorder.
Video Player

Your device’s 10.1-inch 1280x800 WXGA TFT (PLS) LCD screen provides playback of videos. Use Video Player to view and manage videos stored on your tablet.

1. From a Home screen, touch Apps ➔ Video Player.
2. Touch the Thumbnails, List, or Folders tab.
3. Touch Search and use the keyboard to enter a search term. The current folder is searched and results are displayed. Touch X to remove the search field.
4. Touch to view Video Player as a pop-up and share the screen with other apps. For more information, refer to “Multiscreen Viewing” on page 39.
5. While viewing the list, touch Menu for options:
   • List by: Display videos by Name (default), Date, Size, or Type.
   • Share via: Share the video. Touch an option, such as Bluetooth, and follow the on-screen instructions.
   • Delete: Touch videos to select them for deletion or touch Select all to delete all videos.
   • Auto play next: Touch to enable or disable automatic playing of videos in the order they appear.
   • Scan for nearby devices: Discover and connect directly to nearby devices.
6. Touch a video to play it. While playing a video, touch the screen to display or hide on-screen playback controls.
7. Touch the icon in the upper left corner of the display screen while the video is playing to change the Display Mode from original size to full screen in ratio or full screen.
8. Touch SoundAlive to set the sound quality.
9. Touch Capture image to capture and save an image of the current video screen.
10. Touch Pop up play to play a video as a small pop-up while viewing another screen. Touch and drag the pop-up video to the desired location on the screen. Double-tap the pop-up to return to full screen mode.
11. While the video is playing, touch Bookmark to mark your favorite areas of the video. A yellow mark displays on the progress bar.

12. During playback, press Menu for options:
   - Share via: Share the video. Touch an option, such as Bluetooth, and follow the on-screen instructions.
   - Chapter preview: If chapter information is recorded in the video file, display the chapters. Touch a chapter to begin playing the video at that point.
   - Trim: Trim the original video or trim the video and create a new video.
   - Via Bluetooth: Turn Bluetooth on to use Bluetooth services.
   - Video editor: Open this video in the Video editor app. For more information, refer to “Video Editor” on page 108.
   - Bookmarks: If bookmarks have been set for this video, a thumbnail and time are displayed for each bookmark. Touch to remove a bookmark.

   - Details: Provides details about the video, such as Name, Size, Resolution, and so on.
   - Video auto off: Set the option Off or set your video to turn off automatically by touching one of the time values.
   - Scan for nearby devices: Discover and connect directly to nearby devices.
   - Settings: Touch this option to view the following:
     - Play speed: Touch and drag the slider to decrease or increase play speed.
     - Subtitles: View subtitles for the video, if available.
     - Auto play next: Enable or disable auto play of the next video.
     - Color tone: Set the color tone to Normal, Warm, or Cold.
     - Outdoor visibility: Turn outdoor visibility On or Off.

For more information, refer to “Playing Videos” on page 104.
**Gallery**

Use Gallery to view, capture, and manage photos and videos.

---

**Note:** Photos and videos are stored in the `/Storage/sdcard0/DCIM/Camera` folder, photos as `.jpg` files and videos as `.mp4` files. For more information, refer to “My Files” on page 130.

---

**Selecting Photos and Videos to View**

1. From a Home screen, touch Apps ➔ Gallery. All albums display.
2. Choose items to display by making selections from the menus in the Application bar: **Albums**, **Time**, **Locations**, **Person**, **Group**, or **Favorites**.
3. To launch the Camera app, touch Camera.
4. Touch the icon next to Camera to change the way your albums are displayed (Grid, Timeline, or Spiral).
5. Touch Menu to display the following options:
   - **Slideshow:** View a slideshow of the available pictures and videos.
   - **New album:** Create a new album. Use the keyboard to enter a name for the album.
   - **View by:** View content from all sources or set a single source, such as in your device.
   - **Select album:** Touch one or more albums or groups that you want to share, email, or delete.
   - **Scan for nearby devices:** Discover and connect directly to nearby devices.
   - **Settings:** Set your account sync settings and limit syncing to only when your tablet is connected to a Wi-Fi network.
6. Touch to view Gallery as a pop-up and share the screen with other apps. For more information, refer to “Multiscreen Viewing” on page 39.
**Viewing Groups of Photos and Videos**

1. From a Home screen, touch Apps ➔ Gallery.
2. Touch a category and then a group to view it. Thumbnails for each photo and video in the group display.
3. Touch Play Slideshow to view a slideshow of the available pictures and videos.
4. Touch Menu for these options:
   • Select item: Touch one or more items that you want to share, delete, or use for a slideshow.

**Viewing Photos and Videos**

1. From a Home screen, touch Apps ➔ Gallery.
2. Touch a category and then a group to view it, and then touch a photo or video thumbnail.
3. Touch the screen to show or hide Gallery options.
4. Touch the screen with two fingers or double-tap on the screen to zoom all the way in or out. For more information, refer to “Pinch” on page 26.
5. Sweep across the screen to display the next or previous photo or video. (Videos are indicated by the Play button.) The current photo or video is outlined in the thumbnails at the bottom of the screen. Touch a thumbnail to view the photo or video it represents.
6. Touch Share to share the photo or video. Touch an option, such as Bluetooth, and follow the on-screen instructions.
7. To delete the photo or video being displayed, touch Delete.
8. Touch Menu to display the following options for photos:
   • Slideshow: View a slideshow of photos and video thumbnails in the group. Touch the screen to stop the slideshow and view the photo or video being displayed.
   • Face tag: Set whether to look for a face in this picture.
   • Add photo note: Add a note to a photo.
   • Copy to clipboard: Copy the current photo to the clipboard.
   • Rotate left: Allows you to rotate the photo counterclockwise 90 degrees.
• **Rotate right**: Allows you to rotate the photo clockwise 90 degrees.

• **Crop**: Allows you to crop the image. Touch and drag the crop box or the sides or corners of the crop box to create the crop area, then touch **Done**. Touch **X** to stop without cropping the photo.

• **Edit**: Use PS Touch or Paper Artist to edit your photo.

• **Set as**: Assign the photo as a Contact photo or a Home screen, Lock screen, or Home and lock screens wallpaper.

• **Buddy photo share**: Detect the face in this picture and email that person.

• **Print**: Print the current photo to a Samsung printer.

• **Show on map**: This option displays if a Location exists for the photo. A Location is added to the photo if **GPS tag** is set **On** in the Camera settings. Touch this option to open the Map app and display the Location where the photo was taken. For more information, refer to “**Camera Settings**” on page 92.

---

**Caution!** Be aware that your location may be present on a photo when posting your photos on the internet.

---

• **Rename**: Enter an new file name.

• **Scan for nearby devices**: Discover and connect directly to nearby devices.

• **Details**: Provides details about the photo, such as title, taken, size, and so on.

There is only four options for videos that are not playing:

• **Slideshow**: View a slideshow of photos and video thumbnails in the group. Touch the screen to stop the slideshow and view the photo or video being displayed.

• **Rename**: Enter an new file name.

• **Scan for nearby devices**: Discover and connect directly to nearby devices.

• **Details**: Provides details about the video such as Title, Time, Duration, and so on.

For menu options while a video is playing and other video options, see “**Video Player**” on page 99.

9. **Touch** ❯ **Back** to return to the category screen.
Setting a Picture As

You can use the photos you take as a contact’s photo or as wallpaper for the Home or Lock screen:

1. From a Home screen, touch 📷 Apps ➔ 📷 Gallery.
2. Touch a category and then a group to view it, and then touch a photo to select it.
3. Touch ☰️ Menu ➔ Set as.
4. Touch Contact photo and then touch a contact entry.
   – or –
   Touch Home screen, Lock screen, or Home and lock screen.

   A crop photo screen displays.
5. Touch and drag the crop box or the sides or corners of the crop box to create the crop area, then touch Done to save the cropped photo as the contact’s icon or wallpaper. Touch Cancel to stop without cropping the photo.

Tip: To remove a contact photo, see “Updating Contacts” on page 49.

Playing Videos

1. From a Home screen, touch 📷 Apps ➔ 📷 Gallery.
2. Touch a category and then a group to view it, and then touch a video thumbnail to play the video.

Note: Videos are marked with a Play button.

3. Touch ⏸️ Pause to pause the video.
4. Touch ⏪️ Resume to resume playing the video.
5. Touch and drag the white dot on the progress bar to fast forward or rewind the video. Touch the left end of the progress bar to restart the video. Touch the right end of the progress bar to end the video playback.
   – or –
   Touch ⏪️ Rewind to restart the video or ⏪️ Fast Forward to end the video.
Sharing Photos and Videos

Share photos and videos with your friends.

1. From a Home screen, touch Apps → Gallery.
2. Touch a category and then a group to display thumbnails.
3. Touch Menu → Select item.
4. Touch one or more photos and videos to highlight them for sharing.
5. Touch Share.
6. Touch an option, such as Bluetooth, and follow the on-screen instructions.

PS Touch

Adobe® Photoshop® Touch lets you quickly combine images, apply professional effects, share the results with friends and family through social networking sites like Facebook, and more.

Use PS Touch to work with core Photoshop tools designed for your device. Use your device camera to capture an image and then select part of the image to extract by scribbling. You can also perform Google searches, share images on Facebook, and sync files to Adobe Creative Cloud from within the application. Files saved to the Adobe Creative Cloud can be open in Photoshop on a PC or Mac.

Tip: A shortcut to PS Touch displays on the main Home screen by default.

1. From a Home screen, touch Apps → PS Touch.
2. Read the End User License Agreement and Online Privacy Policy and touch Accept to continue or Decline to exit.
3. Touch Begin a Tutorial and then touch one of the tutorials to learn about the indicated topic.
   – or –
   Touch Begin a Project to start using PS Touch.

Tip: Touch Settings → Help → Screen Tips → Reset to enable screen tips.
Media Hub

Samsung Media Hub is your one stop for the hottest movie and TV content. With hundreds of titles available at your fingertips, entertaining on the go has never been easier. You can rent or purchase your favorite content and conveniently watch anywhere. Featuring the stunning viewing quality Samsung is known for, Samsung Media Hub is your gateway to mobile video like you have never experienced it before.

Note: Media Hub service requires a Samsung account and depends on service availability.

1. From a Home screen, touch Apps ➔ Media Hub.
2. Read the End-User License Agreement (EULA), touch I agree to the Terms and Conditions, and then touch Accept to continue or Decline to exit. The Media Hub screen displays.
3. To rent or buy media, you must have a Samsung account. Touch Menu ➔ Sign in to sign in to your Samsung account or to create an account.

For more information, refer to “Signing In to your Samsung Account” on page 172.

4. Browse content using these options:
   • Home: Displays What’s New — recently-added titles for rent or purchase.
   • Movies: Movies you can rent or purchase.
   • TV Shows: TV shows you can rent or purchase.
   • My Media: Content you have previously purchased or rented.

5. When you find media you want to view, use these options:
   • View trailer: View a short clip from the movie or show.
   • Buy: Purchase the media for unlimited viewing on your device.
   • Rent: Purchase a time-limited download of the media. Follow the prompts to enter payment details.

6. For additional options, touch Menu.
   • My page: Manage your purchases and payment methods.
   • Settings: Manage your devices and storage.

For more information, visit:
http://www.samsung.com/us/mediahub/
Media Hub Notices

• Any media item (Media Content) may be rented or purchased after you create an account in Media Hub.

• Media Content that is downloaded may be viewed concurrently on up to five (5) devices with Media Hub that are also registered to the same account.

• You may choose to remove a device from your account no more than once every 90 days.

• You may remove Media Content from a device as many times as you like. You will have the ability to re-download the Media Content at a later point in time subject to content re-download availability and studio permissions.

• You MUST be in network coverage to license Media Content you have acquired through the Service.

• You can use 3G, 4G, or Wi-Fi connectivity in order to download Media Content.

• Unlike purchased Media Content, rented Media Content will be viewable on only 1 device in your account.

• Media Content is downloaded and saved onto the SD card.

• Your Media Content may pause/stop or not download in networks where there is a weak signal.

• You may begin watching downloaded Media Content as soon as a) license acquisition has occurred and b) sufficient amount of the Media Content has been buffered.

• You must finish watching rented Media Content within 24 consecutive hours of start of playback.
  – Stopping, pausing, or restarting rented Media Content does not extend the available viewing time.
  – In no event will rented Media Content be available for a period of more than thirty (30) days (or shorter on a title-by-title basis) after the Media Content has been rented (e.g., if you begin viewing rented Media Content on the 29th day after the rental transaction, but do not finish viewing the entire title, that rented Media Content may not be available for the entire twenty-four (24) consecutive hour period if such period would extend the viewable time beyond the thirty (30) day rental window).

• You cannot play any media content downloaded from Media Hub through any output on your mobile device, including All Share.
**Video Editor**

Video editor lets you custom-make your own videos. You can add themes, music, pictures, and other videos to your video.

1. From a Home screen, touch Apps ➔ Video editor.
2. Sweep across the screen and touch a theme for your video and then touch Add media.
   – or –
   Touch a saved project.
   The Video Editor screen displays.

**Add Media**

To add videos, images, or audio to your project:

1. Touch Add media.
2. Touch the Videos, Images, or Audio tab.
3. Touch Record video to create a new video or Take picture to create a new photo.
4. Touch a video, image, or audio thumbnail to add it to the workarea at the top of the screen.
5. Touch Done to return to the main screen.

**Effects**

To add an effect to your project, touch:

- Visual effects and then touch an effect.
- Text, touch a Text title thumbnail, and use the keyboard to enter text, which appears on the video.
- Pen to draw on the project with the S Pen or your finger.
- Sound to set the sound level, Sound effects to choose a sound effect, or Record to record a sound.

**Transitions**

A transition can be set between each project segment.

- Touch a transition icon and then touch a transition type.
  – or –
  Touch and hold a transition type to change all transitions.
Playing Your Project
To play your project:
- Touch 🎬 on the framed video.
To pause video:
- Touch the framed video so that the 🎬 reappears.

Removing Media and Effects
To remove media or effects that you have added:
1. Touch and hold the media segment or the effect icon until Remove appears on the framed video.
2. Drag the item toward the trash can until it turns red and drop the item.

Video Editor Options
Use the following Video Editor controls to edit your video:
- **Undo**: Remove the last change.
- **Redo**: Restore a removed change.
- **Change theme**: Change the theme of the project.

Auto edit: Automatically edit your project. Read the displayed warning and touch OK or touch Back to cancel.

For additional options:
- Touch 📺 Menu.
  - **Save**: Save this project information for future use.
  - **Cancel**: End the session. Touch Yes to save this project information for future use.
  - **Export**: Create an mp4 file for this project.
  - **Share via**: Create an mp4 file and share it. Touch an option, such as Bluetooth, and follow the on-screen instructions.
Section 8: Connections

Your device includes features to connect to the internet and to other devices by using Wi-Fi, Bluetooth, or a USB cable.

Wi-Fi

Wi-Fi is a wireless networking technology that provides access to local area networks. Use your device’s Wi-Fi feature to:
- Access the internet for browsing or to send and receive email.
- Access your corporate network.
- Use hotspots provided by hotels or airports while traveling.

Wi-Fi communication requires access to an existing Wireless Access Point (WAP). WAPs can be Open (unsecured, as with most hotspots) or Secured (requiring you to provide login credentials). Your device supports the 802.11 a/b/g/n Wi-Fi protocol.

Configuring Wi-Fi Settings

For more information about configuring your device’s Wi-Fi settings, see “Wi-Fi” on page 144.

Finding Wi-Fi Networks

You can have your device automatically notify you of available networks. For more information, refer to “Advanced Settings” on page 145.

Turning Wi-Fi On or Off

Turn your device’s Wi-Fi service on or off. When you turn Wi-Fi service on, your device automatically searches for available, in-range WAPs (Wireless Access Points).

Turning Wi-Fi On

1. From any screen, touch the Time in the Status Bar. The Status Details displays.

2. Touch Wi-Fi to turn Wi-Fi On.

Turning Wi-Fi Off

1. From any screen, touch the Time in the Status Bar. The Status Details displays.

2. Touch Wi-Fi to turn Wi-Fi Off.
Scanning and Connecting to a Wi-Fi Network

When you turn on Wi-Fi, your device searches for available Wi-Fi connections, then displays them on screen.

1. From any screen, touch the Time in the Status Bar. The Status Details displays.
2. Touch Wi-Fi to turn Wi-Fi On. Your device automatically scans for available Wireless Access Points.
3. When the scan is complete, touch a Wi-Fi network to connect. If the Wi-Fi network is open, your device automatically connects. If the Wi-Fi network is secured, enter the password at the prompt to connect.

Adding a Wi-Fi Network Manually

1. From a Home screen, touch Apps ➔ Settings.
2. Under Wireless and network, on the Wi-Fi tab, touch the OFF / ON icon to turn Wi-Fi on.
3. Touch Add network, then enter network information:
   - **Network SSID:** Enter the name of the Wi-Fi Wireless Access Point (WAP).
   - **Security:** Select the type of security used by the WAP.

Wi-Fi Direct

Wi-Fi Direct allows device-to-device connections so you can transfer large amounts of data over a Wi-Fi connection.

1. From a Home screen, touch Apps ➔ Settings ➔ More settings ➔ Wi-Fi Direct.
2. Touch the OFF / ON icon to turn Wi-Fi Direct on.
   - Your device will begin to search for other devices enabled with Wi-Fi direct connections.
3. Touch the Wi-Fi Direct tab to display Available devices.
4. Enable Wi-Fi Direct (similar to Steps 1 and 2) on the device to which you want to connect.

Note: Depending on the Security protocol used by the WAP, additional network information may be required, such as a Password.
5. **Once the device you want to connect to is displayed, touch on it.**
An Invitation to connect displays on the device to which you want to connect.

6. **On that device, touch Accept.**
You have 30 seconds to touch Accept on the device to which you want to connect for the connection to be made.

Once connected, the other device will show as **Connected** in your list of Wi-Fi Direct devices and the icon will display at the bottom of your screen.

**Sharing Information with Connected Device**
To share videos, photos, or other information with the connected device, follow these steps:

1. **View the information that you want to share.** For example, if you want to share a photo, find the photo in your camera viewer or **My Files** folder, then touch the **Share**, **Share via**, or **Send via** option.

2. **Touch the Wi-Fi Direct option.**
The Wi-Fi Direct settings screen displays, Wi-Fi Direct is turned on, and your device scans for other devices.

3. **Touch a connected device name.** For example, **Android_XXXX**.

4. **The other device displays a pop-up that indicates it is receiving the file.**
The file is transferred and can be found in **My Files** in the ShareViaWifi folder.

**Note:** Depending on the other device model, the prompts and shared folder information may differ.

---

**Bluetooth**

Bluetooth is a short-range wireless communications technology for exchanging information over a distance of about 30 feet.

You do not need to line up the devices to send information with Bluetooth. If the devices are in range, you can exchange information between them, even if they are in different rooms.

**Configuring Bluetooth Settings**

Configure your device’s Bluetooth settings. For more information, refer to “Bluetooth” on page 146.
**Turning Bluetooth On or Off**

To turn Bluetooth on or off:

1. From a Home screen, touch Apps ➔ Settings.

2. Under Wireless and network, on the Bluetooth tab, touch the OFF / ON icon to turn Bluetooth on or off.

---

**Note:** When Bluetooth is on, the Bluetooth icon displays in the Status Bar.

---

**Pairing with a Bluetooth Device**

Search for a Bluetooth device and pair with it, to exchange information between your device and the target device.

---

**Tip:** After pairing, your device and the target device recognize each other and exchange information without having to enter a passcode or PIN.

---

1. From a Home screen, touch Apps ➔ Settings.

2. On the Bluetooth tab, touch the OFF / ON icon to turn Bluetooth on.

3. Enable the target device’s discoverable or visible mode.

4. Touch the Bluetooth tab and then touch Scan. Touch Stop at any time to stop scanning.

5. From the list of found devices, touch the target device, then follow the prompts to complete the pairing:
   - If the target device requires a PIN, enter a PIN for the target device and touch OK. When prompted, enter the PIN on the target device.
   - If the device allows automatic or smart pairing, your device attempts to pair with the device automatically. Follow the prompts on your device and the target device to complete the pairing.
Sharing Data with a Bluetooth Device

To send data to a Bluetooth device:

1. Select a file or item from an appropriate application.
2. Select an option for sharing data with the Bluetooth feature.

Note: The method for selecting an option may vary by data type.

3. Search for and pair with a Bluetooth device. For more information, refer to “Pairing with a Bluetooth Device” on page 113.

Receiving Data from a Bluetooth Device

To receive data from a Bluetooth device:

1. Turn Bluetooth on. For more information, refer to “Turning Bluetooth On or Off” on page 113.

Note: To select the length of time that your device will be visible, select Menu → Visible time-out.

2. Pair with the Bluetooth device from which you want to receive data. For more information, refer to “Pairing with a Bluetooth Device” on page 113.

A Bluetooth authorization request pop-up displays when a Bluetooth device sends data to your device.

3. Select Accept to confirm that you are willing to receive data.

A File received message displays.

Received data is saved to the Bluetooth folder. If you receive a contact, it is saved to your contacts automatically.
Managing Downloads

Files, apps, and other items you download in Internet, Gmail, Email, or in other ways, are stored on your tablet’s internal storage. You can use the Downloads app to view, reopen, or delete what you have downloaded.

To manage the demands on their networks or to help you avoid unexpected charges, some mobile networks place restrictions on the size of the files you can download. When you are connected to such networks, and you try to download an oversized-file, you are asked or required to delay downloading the file until the next time you are connected to a Wi-Fi network. At that time, the download resumes automatically. The Downloads app can also be used to view and manage these queued files.

Downloaded files are stored in the Download directory in your tablet’s internal storage. You can view and copy files from this directory when connected to a computer with a USB cable.

Uninstalling an App

Apps come pre-installed on your device and you can download additional apps from Google Play. If you decide to, you can uninstall apps you downloaded from Google Play and other sources.

There are several ways to uninstall an app:

1. From a Home screen, touch Apps ➔ Settings ➔ Application manager.
2. Touch the Downloaded tab.
3. Touch the app you want to uninstall.
4. Touch the Uninstall button.
   A pop-up displays the message Application will be uninstalled.
5. Touch OK to confirm you want to uninstall the app.

You can also use Google Play to uninstall apps you downloaded from there (see “Play Store” on page 132).
To uninstall an app from the Apps screen:

1. From a Home screen, touch Apps.
2. Touch Menu ➔ Downloaded applications.
   The Downloaded applications screen displays.
3. Touch Menu ➔ Uninstall.
   A • appears on Apps that can be uninstalled.
4. Touch an app’s icon and then touch OK to uninstall and remove the app from your tablet.

Note: You cannot uninstall the apps that are included with Android. You can only uninstall the apps you have downloaded.

Kies Via Wi-Fi

Samsung Kies is a software that enables you to update your device firmware, synchronize files, and transfer data to and from your device directly by connecting to the PC.

Note: Some features will be supported through the System Updates feature in the future. For more information, refer to “Software Update” on page 181.

To learn more about Samsung Kies and Samsung applications, browse featured applications and download Kies at: http://www.samsung.com/us/support/downloads.

Note: Samsung Kies works on both PC and Macintosh computers.

Connecting With Samsung Kies

1. Install Samsung Kies software on your PC.
2. Run Samsung Kies.
3. From a Home screen, touch Apps ➔ Settings.
4. Touch More settings ➔ Kies via Wi-Fi.
   Select the source of the Wi-Fi connection for Kies air.
5. Follow the prompts from Kies to update your device firmware.
6. Refer to Samsung Kies Help for more information.
Memory Card

Your device supports removable microSD or microSDHC memory cards for storing music, photos, videos, and files.

Installing and Removing a Memory Card

For more information about installing and removing a memory card, see “Memory Card” on page 13.

Important! To prevent damage to information stored on the memory card, always unmount the card before removing it from the device.

Formatting a Memory Card

Formatting erases all content from the memory card and prepares it for use with your device.

Formatting a Memory Card Using Your Device

1. From a Home screen, touch Apps ➔ Settings ➔ Storage.
2. After mounting the SD card, touch Format SD card.
3. Follow the prompts to confirm the formatting of the card.

Formatting a Memory Card Using Your Computer

Consult your computer and/or memory card reader documentation for information about formatting memory cards.

Synchronizing with Windows Media Player

Ensure that Windows Media Player is installed on your PC.

1. Attach your device to the computer with the USB cable. Your computer recognizes the connection and displays the AutoPlay screen.
2. Click the option to Sync digital media files to this device to synchronize music files.
3. Select and drag the music files you want to the sync list and begin synchronizing.
4. When finished, exit Windows Media Player and disconnect the USB cable.
Connecting as a Mass Storage Device

You can connect your device to a PC as a removable disk and access the file directory. If you insert a memory card in the device, you can also access the files directory from the memory card by using the device as a memory card reader.

**Note:** The file directory of the memory card displays as folder **Card**, separate from the internal memory, which is folder **Tablet**.

1. Insert a memory card into the device to transfer files from or to the memory card.
2. Attach your device to the computer with the USB cable. Your computer recognizes the connection and displays the AutoPlay screen.
3. Click the option to **Open device to view files**. You should see a Card and a Tablet folder.
4. Copy files from the PC to the memory card (Card folder).
5. When finished, close the PC folder and disconnect the USB cable.
Section 9: Applications and Widgets

This section contains a description of each application that is available on the Apps screen, its function, and how to navigate through that particular application. If the application is already described in another section of this user manual, then a cross reference to that particular section is provided. Various widgets are also described.

Tip: To open applications quickly, add the icons of frequently-used applications to one of the Home screens, if it is not there by default. For details, see “App Shortcuts” on page 35.

Updating Applications

Once you have registered your device (see “Software Update” on page 181) and signed into your Google account (see “Setting Up Your Gmail Account” on page 55), you may see the Updates Available notification in the Status Bar if there is a new version of one or more apps available or, when you open an application that is preloaded on your device, an Update Available message may be displayed.

To update the applications:

1. Touch the Time / Status Icons area to display the Status Details panel.
   The Status Details display.

2. Touch Updates available.
   For more information, refer to “Updates to Downloaded Apps” on page 133.

GPS Applications

GPS applications allow you to achieve real-time, GPS-enabled, turn-by-turn navigation and to access local searches based on a variety of category parameters.

To receive better GPS signals, avoid using your device in the following conditions:

- inside a building or between buildings
- in a tunnel or underground passage
- in poor weather
- around high-voltage or electromagnetic fields
- in a vehicle with tinted windows
Global GPS turn-by-turn navigation, mapping, and Point of Interest content is available for three continents, including North America (U.S., Canada, and Mexico), Western Europe, and China, where wireless coverage is available.

**Important!** If you touch or cover the internal GPS antenna while using GPS services, it may impede the GPS signal resulting in the GPS services not working in an optimal manner. Refer to the following diagram to locate the approximate location of the internal GPS antenna.

---

### Alarm

Set alarms for reminders or for wake-up times.

**Adding and Configuring Alarms**

1. From a Home screen, touch 📱 Apps → ⌁ Alarm.
2. Touch ⌁ Create alarm to display the Create alarm screen.
   – or –
   Touch an existing alarm to display the Create alarm screen.
3. Touch fields on the screen to configure the alarm.
   - Some fields have preset values. Touch the field and touch the desired value.
   - Other fields have to be input. Touch the field and use the on-screen keyboard to input information.
   - Touching the check box next to some fields may make additional fields available.
4. Touch Save to save the alarm.
   The main Alarm screen displays showing the new or updated alarm.
**Activating Alarms**

1. From a Home screen, touch Apps ➔ Alarm.
2. Touch Turn alarm on to activate the alarm. A gray alarm means the alarm is deactivated.
3. Touch an alarm to change any of its settings and then touch Save to save the updates.

**Editing and Deleting Alarms**

1. From a Home screen, touch Apps ➔ Alarm.
2. Touch and hold an alarm and then touch one of the following options:
   - Edit: Edit the alarm. For more information, refer to “Adding and Configuring Alarms” on page 120.
   - Delete: Delete the alarm.
   - or –
   - Touch Delete, touch the existing alarms you want to delete or touch Select all, and then touch Delete.

**Turning Off an Alarm**

When the alarm sounds, to turn off the alarm:
- Touch and drag to the right.

---

**Setting the Snooze Feature**

To activate the Snooze feature after an alarm sounds:
- Touch and slide to the left. Snooze must first be set in the alarm settings.

**AllShare Play**

AllShare Play allows your tablet to stream photos, music, and videos from its memory to other DLNA certified (Digital Living Network Alliance) devices. Your tablet can also play digital content streamed from other DLNA certified devices.

**Note:** To view more information about DLNA certified products visit [http://www.dlna.org/home](http://www.dlna.org/home).

**Configuring AllShare Play**

You must first connect both of your communicating devices to the same Wi-Fi and be using an active and registered Samsung account prior to using this application. For more information, refer to “Turning Wi-Fi On or Off” on page 110. Connect to Wi-Fi, configure AllShare Play settings to identify your device as a server, and set treatment of copied files.
Important! The Samsung account manages the access information (username and password) to several applications, such as AllShare Play.

1. Connect to a Wi-Fi network. For more information, refer to “Scanning and Connecting to a Wi-Fi Network” on page 111.
2. From a Home screen, touch Apps ➔ AllShare Play.
   The AllShare Play Sign In screen displays.
3. Touch Sign in.
   The Samsung account screen displays.
4. Touch Create new account, if you have not set up a Samsung account, or touch Sign in, if you have already set up a Samsung account.
   For more information, refer to “Signing In to your Samsung Account” on page 172.
   The AllShare Play main screen displays.
5. For more information, touch Menu ➔ FAQ.

Calculator

The calculator provides the basic arithmetic functions to solve simple arithmetic problems and advanced operators to solve more complex problems.

1. From a Home screen, touch Apps ➔ Calculator.
2. Enter the first number using the numeric keys.
3. Enter the operation for your calculation by touching the + (add), - (subtract), × (multiply), or ÷ (divide) key.
4. Enter the next number.
5. To view the result, touch the = (equals) key.
6. Repeat Steps 3 through 5 as many times as required.
7. Touch \( \text{C} \) to clear the result.
8. For more advanced problems, rotate your device to landscape mode and use the advanced operators \( \sin, \ln, \cos, \log, \tan \), and so on, just as you would on a pocket calculator.
9. Touch and hold entries in the Calculator’s display field to copy or cut the contents of the display. **Copied to clipboard** displays. Paste the copied value in another app.

**Camera**

Take photos and record video with your device’s built in Camera.

For more information, refer to “Camera” on page 91.

- From a Home screen, touch 📷 Apps ➔ 📸 Camera.

**ChatON**

Use ChatON to send and receive instant messages from any device that has a mobile phone number.

For more information, refer to “ChatON” on page 72.

- From a Home screen, touch 📱 Apps ➔ ✉ ChatON.

**Contacts**

Store contact information for your friends, family and colleagues, to quickly access information or to send a message.

For more information, refer to “Contacts” on page 48.

- From a Home screen, touch 📱 Apps ➔ ⬆️ Contacts.

**Crayon Physics**

Crayon Physics Deluxe is a game that uses two-dimensional physics, including gravity, mass, kinetic energy, and transfer of momentum. The objective of the game is to guide a ball from a starting point so that it touches all of the stars placed on each level.

1. From a Home screen, touch 📱 Apps ➔ ⬆️ Crayon physics.
2. Follow the on-screen instructions to play the game.
Downloads

Files, apps, and other items you download in Internet, Gmail, Email, or in other ways, are stored on your tablet’s internal storage. Use the Downloads app to view, reopen, or delete what you have downloaded.

1. From a Home screen, touch Apps ➔ Downloads.
2. Touch an item to open it.
3. Touch headings for earlier downloads to view them.
4. Touch items you want to send, to check them, and then touch Share. Touch an option to share the item. Options are: Bluetooth, ChatON, Dropbox, Email, Gmail, Google+, Group Cast, Paper Artist, Picasa, S Note, Wi-Fi Direct, or YouTube (videos only).
5. Touch items you want to delete, to check them, and then touch Delete. The items are deleted from your tablet.
6. Touch Sort by size or Sort by date, at the bottom of the Downloads pop-up, to switch back and forth.

Dropbox

Dropbox provides access to your personal computer files directly from your device. It allows you to take your files with you when you are on the go, edit files in your Dropbox from your device, upload photos and videos to Dropbox, and share your selected files freely with family and friends.

The in-device application works together with a partner program placed on a target computer using an active Internet connection.

Dropbox creates a folder that automatically synchronizes its contents across all of your connected devices on your account. Update a file to your dropbox on your computer, and it is automatically updated to the same folder on your other devices.

Download the Desktop Application

1. Use your computer’s browser to navigate to: http://www.dropbox.com/.
2. Follow the on-screen instructions to install this application on your target computer containing the desired files.
Important! The computer application must be installed on the computer containing the desired files and that computer must have an active Internet connection.

Note: It might be necessary to configure your router’s firewall settings to allow this application to gain access to the Internet.

Accessing Dropbox On Your Device
1. From a Home screen, touch Apps ➔ Dropbox.
2. Follow the on-screen instructions.

Dual Clock
Display the time for two different locations.
To add the Dual clock widget to a Home screen, see “Adding Widgets to a Home screen” on page 34.
1. From a Home screen, locate the Dual clock widget.
The Dual clock widget is actually two widgets. Each widget displays the time and a city name.
2. Touch either widget to choose a different city than the one currently displayed.

Email
Send and receive email using popular email services. For more information, refer to “Email” on page 60.
- From a Home screen, touch Apps ➔ Email.

Gallery
Use Gallery to view, capture, and manage photos and videos. For more information, refer to “Gallery” on page 101.
- From a Home screen, touch Apps ➔ Gallery.

Game Hub
Access social and premium games. Join Game Hub to enjoy free games with your friends.
1. From a Home screen, touch Apps ➔ Game Hub.
A Disclaimer screen displays.
2. Read the Disclaimer and touch Confirm.
3. Touch Menu to display the following options:
   - Uninstall: Touch this option to uninstall a previously installed game.
   - Legal notices: Displays Game Hub legal information.
4. Touch a game and follow the on-screen instructions.
Gmail
Send and receive email with Gmail, Google’s web-based email. For more information, refer to “Gmail” on page 55.

- From a Home screen, touch Apps ➔ Gmail.

Google
Search the internet using the Google search engine. For more information, refer to “Google Search” on page 73.

Tip: Google Search appears by default on all Home screens.

- From a Home screen, touch Google.
  - or -
  From a Home screen, touch Apps ➔ Google.

Google+
Share updates and see what is going on around you with Google+ for mobile.
For more information, refer to “Google+” on page 74.

- From a Home screen, touch Apps ➔ Google+.

Group Cast
Group Cast is an easy way to share files in real time with others who are on the same Wi-Fi network. Group Cast can be used when you want to share documents, images, music, and so on.

You can use Group Cast for meetings, sales presentations, conferences, and classes. All you need is a Wi-Fi network that works with Group Cast, and most do.

Using Group Cast from an Application
While using various applications, such as Gallery, when you touch Share to share a file, you see Group Cast as an option.

To share a file using Group Cast:
1. From a Home screen, touch Apps ➔ Gallery.
2. Navigate to the file you want to share and touch Share via ➔ Group Play.
   For more information, refer to “Gallery” on page 101.

Note: After the initial Group Cast request, touch Group Cast instead of Share.

3. Use the keyboard to enter a PIN code and touch Done.
This process makes sure only desired recipients can view your shared image.

The Group Cast screen displays and the device waits for other connected recipients to accept the connection and enter the PIN on their screens.

You can now interact and draw with the on-screen image, and users will instantaneously see the same gestures and also be able to interact.

**Note:** The newly altered image (with markups and comments) cannot be saved, but you can take a screen shot of the current image and save it to your Clipboard. For more information, refer to “Screen Capture” on page 24.

**Using Group Cast Directly**

You can also access Group Cast from the Applications screen.

1. From a Home screen, touch **Apps ➔ Group Cast**.
   
The Group Cast screen displays.

2. If **Not connected** is displayed on the left side of the screen, touch **Wi-Fi settings** to connect to a Wi-Fi network.
   
   Once your device is connected to a Wi-Fi network, the network name is displayed.

3. Touch **Start** to share a picture, document, or music. For more information, refer to “Using Group Cast from an Application” on page 126.

4. Touch **Join** to join a Group Cast session in progress. Use the keyboard to enter the required PIN code and touch **Done**.

**Help**

Use this app to learn more about your tablet, change important settings, use key applications, and link to product videos.

1. From a Home screen, touch **Apps ➔ Help**.

2. Touch a topic on the left side of the screen to view information on the right side of the screen.
Internet

Your device includes a full HTML Browser, to access the internet.

For more information, refer to “Internet” on page 74.

- From a Home screen, touch Apps ➔ Internet.

Kno Textbooks

The Kno App is a digital eTextbook reader that provides a unique learning experience on tablet devices. You can read both eTextbooks and PDFs seamlessly with all the formatting designed by the author and publisher along with many special features.

1. From a Home screen, touch Apps ➔ Kno Textbooks.
   A welcome screen displays.

2. Touch Info for additional information.

Local

Google Local is an application that uses Google Maps and your location to help you find Restaurants, Cafes, Bars, Attractions, and other businesses. You can also add your own locations.

For more information, refer to “Local” on page 77.

- From a Home screen, touch Apps ➔ Local.

Maps

Use Google Maps to find your current location, get directions, and other location-based information. For more information, refer to “Maps” on page 77.

- From a Home screen, touch Apps ➔ Maps.

Note: You must enable location services to use Maps. Some features require Stand-alone or Google location services. For more information, refer to “Location Services” on page 158.
**Media Hub**

Samsung Media Hub is your one stop for the hottest movie and TV content. For more information, refer to “Media Hub” on page 106.

---

**Note:** Media Hub service requires a Media Hub account and depends on service availability.

- From a Home screen, touch Apps ➔ Media Hub.

**Messanger**

With Google Messenger, you can bring groups of friends together into a simple group conversation.

For more information, refer to “Messenger” on page 72.

- From a Home screen, touch Apps ➔ Messenger.

---

**Music Hub**

The Music Hub lets you purchase and download songs and albums.

For more information, refer to “Music Hub” on page 89.

- From a Home screen, touch Apps ➔ Music Hub.

**Music Player**

Play music and other audio files that you copy from your computer.

For more information, refer to “Music Player” on page 84.

- From a Home screen, touch Apps ➔ Music Player.
**My Files**

Find, view, and manage folders and files, such as music files, photo files, video files, and so on, stored on your tablet. If the file is associated with an application on your device, you can launch the file in the application.

1. From a Home screen, touch Apps ➔ My Files.
2. Touch a folder and scroll down or up until you locate a file.

**Note:** You may have to touch one or more subfolders before you encounter files.

3. Touch a file to launch it in the associated application, if the file is associated with an application.
4. While browsing files, use these controls:
   - **Up:** Display a higher directory.
   - **Search:** Use the keyboard to enter a search term. The current folder is searched and results are displayed. Touch X to remove the search field.
   - **Display mode:** Enable thumbnails for each file.
     - or –
   - **Enable list mode.**
   - **Root:** Display the root directory.
   - **Add Folder:** Add a new folder in the current folder.
   - **Mark files:** Touch the box to the left of each file or next to the folder to select all files in the folder. Then touch copy, cut, delete, or send via in the Application bar.

5. To view a photo file:
   - Touch the file.
     The Complete action using pop-up displays.
   - Touch **Gallery** or **PS Touch** to use that app to open the photo.

For more information, see “Viewing Photos and Videos” on page 102 or see “**PS Touch**” on page 134.
6. To view a video file:
   • Touch the file.
   The Video Player is launched and plays the video.
   For more information, refer to “Video Player” on page 99.

**Navigation**

Use Google Navigation to find a destination and get walking or driving directions.
For more information, refer to “Navigation” on page 79.

- From a Home screen, touch Apps ➔ Navigation.

**Netflix**

Watch TV shows and movies, streaming from Netflix.

---

**Note:** The Netflix application is part of your Netflix membership. For more information about membership visit www.netflix.com.

---

- From a Home screen, touch Apps ➔ Netflix.

**Nook**

Choose from books, magazines, newspapers, comics, graphic novels & manga for the Nook reader.

- From a Home screen, touch Apps ➔ Nook.

**Paper Artist**

Add cartoon and many other effects to existing photos or photos you take within Paper Artist.

1. From a Home screen, touch Apps ➔ Paper Artist.
2. Touch Help (the question mark in the upper right corner of the screen) to get started.

**Play Books**

Google eBooks is a new way to discover, buy, and enjoy your favorite books online and offline.
For more information, refer to “Play Books” on page 79.

- From a Home screen, touch Apps ➔ Play Books.
Play Magazines

Google Play Magazines helps you subscribe to your favorite magazines so you can have them available to read on your tablet at your leisure.

For more information, refer to “Play Magazines” on page 80.

1. From a Home screen, touch Apps
   → Play Magazines.

Play Movies & TV

The Play Movies & TV app is a new application for select Android devices. Any movie you rent from the Google Play Store can be downloaded for offline viewing through this application. In addition, the Play Movies & TV app can be used to stream your Google Play movie rentals as well as play any of your personal videos stored on your tablet.

1. From a Home screen, touch Apps
   → Play Movies & TV.
2. For more information touch Menu → Help.

Play Music

Play music and other audio files that you copy from your computer. For more information, refer to “Play Music App” on page 81.

1. From a Home screen, touch Apps
   → Play Music.

Play Store

Google Play Store provides access to downloadable applications and games to install on your device. It also allows you to provide feedback and comments about an application, or flag an application that might be incompatible with your device.

1. From a Home screen, touch Apps
   → Play Store.

   If you are not already logged in with your Google account, the Add a Google Account screen displays.

   • Touch Existing, if you already have a Google account, or New to create a Google account.

   For more information, refer to “Setting Up Your Gmail Account” on page 55.
2. The first time you open Play Store, read the Google Play Terms of Service, the Google Music Terms of Service, the Google Books Terms of Service, and the YouTube Rentals Terms of Service, then touch Accept to continue.

3. To get help for using Google Play, touch Menu ➔ Help.

---

**Updates to Downloaded Apps**

You can check for new versions of applications by visiting the Google Play Store. Items that have a new version available will say Update.

You can also select apps that you would like to be updated automatically. To do this:

1. From a Home screen, touch Apps ➔ Play Store.
2. Touch Installed Apps.
3. Touch the Installed tab to list the Play Store apps installed on your device. Update is displayed if there is an update available for the app.
4. Touch an app and then touch Allow automatic updating to enable automatic updating.
5. Touch Open to open the app on your device.
6. Touch Update to immediately update the app on your device.
**Polaris Office**

Polaris Office Mobile for Android is a Microsoft Office compatible office suite. This application provides a central place for managing your documents online or offline. The application can also open Adobe PDF (Portable Document Format) files.

1. From a Home screen, touch ➔ Apps ➔ Polaris Office.
2. Enter your Email information, if desired, and touch Register to complete the process.
   – or –
   Touch Skip to ignore this registration.
3. The main Polaris Office screen displays.

**PS Touch**

Adobe® Photoshop® Touch lets you quickly combine images, apply professional effects, share the results with friends and family through social networking sites like Facebook, and more.

For more information, refer to “PS Touch” on page 105.

- From a Home screen, touch Apps ➔ PS Touch.

**S Note**

Use S Note to create notes with productivity tools that turn handwriting into typed text and correct drawn shapes, lines, and formulas to make them perfect.

1. From a Home screen, touch Apps ➔ S Note.
2. Touch Done to remove the Learn about application pop-up.
3. Touch to view S Note as a pop-up and share the screen with other apps. For more information, refer to “Multiscreen Viewing” on page 39.

**Tip:** Touch Menu ➔ Tutorial from the main S Note screen to learn more about the application.
**S Planner**

Your device includes a powerful planner to help you organize your schedules more conveniently and effectively. Learn to create and manage events and tasks, and set alarms to remind yourself of important events and tasks.

1. From a Home screen, touch Apps ➔ S Planner.
2. Touch a tab to choose a calendar view:
   - **Year**: Display all twelve months of this year. Sweep across the years at the bottom of the screen to display another year.
   - **Month**: Display the current month. Touch a month and year at the bottom of the screen to display another month.
   - **Week**: Display the current week. Touch a week at the bottom of the screen to display another week.
   - **Day**: Display today’s schedule by hour. Touch day at the bottom of the screen to display another day.
   - **List**: Display only event and task names and dates for a selected year. Touch a year at the bottom of the screen to display another year. Touch a date to hide or show the event or task name.
3. Swipe left or right across the screen to view other days or other weeks. Swipe up or down the screen to view other events.
4. To find an event or task, touch Search. Use the on-screen keyboard to enter a search term. Possible events display as you type. Touch on the keyboard to remove it. Touch an event to send, edit, or delete the event.
5. Touch Add event / Add task and then touch Done to add a new event to your calendar. For more information, refer to “Creating an Event or Task” on page 136.
6. Touch Menu for these options:
   - **Zoom in**: In the Week and Day views, increase the size of the area being viewed.
   - **Zoom out**: In the Week and Day views, decrease the size of the area being viewed.
• **Go to:** Use the Set date pop-up to enter a date and then touch **Set** to display that date on your calendar.

• **Delete:** Delete events for the year, month, week, day, week, month, before today, or all events, depending on the S Planner view.

• **Sync:** Manually synchronizes the calendar entries among all of your current accounts, for example, Gmail, Exchange, and so on.

• **Show controls / Hide controls:** Show or hide a small month calendar and a list of events in landscape mode.

• **Settings:** Customize the calendar. For more information, refer to “S Planner Settings” on page 137.

7. Touch **Today** to return to the current date.

8. Touch **Calendars** to configure which events to display. Touch **Add account** to add additional accounts from which calendar events can be synced.

### Creating an Event or Task

To create an event or task:

1. From a Home screen, touch **Apps** ➔  **S Planner**.

2. Double-tap the date for which you want to enter an all day event or task.
   
   – or –

   Touch the date for which you want to enter an event or task and touch **+**.

3. Touch the **Add event** or **Add task** tab.

4. Enter the event or task information.

5. Touch **Save**.

### Managing Events

You can delete, send, and edit events on your mobile device:

1. From a Home screen, touch **Apps** ➔  **S Planner**.

2. Touch an event.
   
   A pop-up displays event information.
3. Touch **Delete** and then touch **OK** to delete the event.

   Touch **Menu ➔ Share via** and then touch **Bluetooth, ChatON, Dropbox, Email, or Wi-Fi Direct** to share the event.

   Touch **Edit** to update the event details.

   – or –

   Touch **Menu ➔ Share via** and then touch **Bluetooth, ChatON, Dropbox, Email, or Wi-Fi Direct** to share the event.

**Add Additional S Planner Accounts**

To add additional accounts:

1. From a Home screen, touch **Apps ➔ S Planner ➔ Calendars ➔ Add account**.

   – or –

2. From a Home screen, touch **Apps ➔ Settings ➔ Add account**.

   The Add account screen displays.

2. Touch an account type and enter your account information.

**S Planner Settings**

To set up Calendar preferences:

1. From a Home screen, touch **Apps ➔ S Planner**.

2. Touch **Menu ➔ Settings**.

3. On the left side of the screen touch **View settings, Event notification, Sync settings**, or one of your accounts. Options display on the right side of the screen.

4. Touch fields on the screen to configure the Calendar.

   • Some fields have preset values. Touch the field and touch the desired value.

   • Other fields have to be input. Touch the field and use the on-screen keyboard to input information.

   • Touching the check box next to some fields may make additional fields available.
S Suggest

S Suggest recommends popular applications, when your device is connected to a Wi-Fi, that are guaranteed to be compatible with your device.

1. From a Home screen, touch Apps ➔ S Suggest.
   The Country or region list displays.

2. Touch a country or region in the list (for example, United States) and then touch OK.
   The Terms and conditions display.

3. Touch the Agree check box and then touch Agree.
   The S Suggest main screen displays.

4. To get help for using S Suggest, touch Menu ➔ Help and notices.

S Voice

The S Voice app enables you to perform various tasks simply by speaking.

1. From a Home screen, touch Apps ➔ S Voice.
   The Samsung Disclaimer for S Voice displays.

2. Touch Confirm.
   The Terms of Service displays.

3. Touch Terms of service and Privacy policy to read those documents and then touch Agree.
   The About S Voice pop-up displays.

4. Touch Next to view a tutorial or touch Skip to display the S Voice main screen.

5. Touch ? in the lower, right corner of the S Voice screen to display phrases you can use to open various apps.
6. Touch **Settings** to view and manage your S Voice settings. Touch fields on the screen to configure the settings.
   - Some fields have preset values. Touch the field and touch the desired value.
   - Other fields have to be input. Touch the field and use the on-screen keyboard to input information.
   - Touching the check box next to some fields may make additional fields available.
   - Touch **Help** for more information.

7. Touch **X** in the upper, right corner of the S Voice screen to navigate to the previous S Voice screen.

**Samsung Apps**

Connect to Samsung Apps and make your smart device even smarter. Simply and easily download an abundance of applications to your tablet such as games, news, reference, social networking, navigation, and more.

- From a Home screen, touch **Apps** ➔ **Samsung Apps**.

**Screensaver**

When your tablet screen automatically times out, instead of a blank screen, enable the Galaxy Note Screensaver, which is actually an action-packed video tour of all the fantastic features that you will find on your Galaxy Tab.

1. From a Home screen, touch **Apps** ➔ **Screensaver**.

   The Galaxy Note 10.1 Screensaver Settings screen displays.

2. Follow the on-screen instructions to set up Screensaver.

   **Tip:** Touch **Back** to stop the Screensaver video even if Enable Touch To Stop is enabled.

**Settings**

Configure your device to your preferences.

For more information, refer to “**Settings**” on page 144.

- From a Home screen, touch **Apps** ➔ **Settings**.
Smart Remote

Allows you to locate and watch programming on your tv and then control your entertainment system with gestures from the device.

For more information, go to: http://www.peel.com.

Discover and control TV programming right from your device. Lose your remotes, once and for all. Quit scrolling those tiresome grid guides. See what you want, right at your own fingertips: your shows, your controls, your friends.

Peel suggests Top Pick TV shows for you based on what you watch and like. Instead of a long, boring channel grid, Peel presents an easy-to-use mosaic of your favorite shows, filtered by type and genre in the order you like.

1. From a Home screen, touch Apps ➔ Smart Remote.

   The Samsung Disclaimer displays.

2. Touch Agree.

4. Follow the on-screen instructions.

Talk

Use Google Talk to chat with other Google Talk users.

For more information, refer to “Google Talk” on page 68.

- From a Home screen, touch Apps ➔ Talk.

Task Manager

View and manage active applications on your device.

For more information, refer to “Task Manager” on page 13.

- Add the Application monitor widget to a Home screen and then touch Application monitor on the Application monitor widget. For more information, refer to “Widgets” on page 34.

  - or -

  Touch Navigation and then touch Task manager.

Video Editor

Video Editor lets you custom-make your own videos. You can add themes, music, pictures, and other videos to your video.

1. From a Home screen, touch Apps ➔ Video editor.

2. Follow the on-screen instructions.
Video Player

View and manage videos stored on your tablet.
For more information, refer to “Video Player” on page 99.

From a Home screen, touch Apps ➔ Video Player.

Voice Search

To use Voice Search:

1. From a Home screen, touch Apps ➔ Voice Search.

2. Touch  and speak the search criteria slowly and clearly. Google searches for the information and displays results or displays Retry.

World Clock

View the date and time in any time zone.

1. From a Home screen, touch Apps ➔ World Clock.
   A map of the world displays with the locations you have added flagged.

2. Touch Add to add a city to display.
   A list of world cities displays in landscape mode.

3. Scroll through the list and touch the city you want to add.

Tip: Touch the first letter of the city's name, to the right of the list, to find the city more quickly.

– or –

In portrait or landscape mode, touch and turn the globe to locate a city and touch the city you want to add.

A pop-up displays the city name, the current time and date there, and the GMT offset.
4. To add the city, touch Add on the pop-up.

5. To change the order of the cities, touch Reorder. Touch the grid on an entry and drag the entry to a new position in the list. Touch Done to change the order.

6. Touch Remove to delete entries. Touch the box next to the cities you want to delete so that a check mark displays, then touch Remove.

7. Touch and hold an entry to remove it or to set the DST settings, which enable or disable Daylight Savings Time adjustments.

8. Touch to view World Clock as a pop-up and share the screen with other apps. For more information, refer to “Multiscreen Viewing” on page 39.

Yahoo! Finance

Stay on top of the markets with the Yahoo! Finance app for Android devices. Get real-time quotes, follow the market, or check out a particular stock. View headline news, top stories, and videos from Tech Ticker. Yahoo! Finance lets you keep up with the market movers from your Android phone.

To add the Yahoo! Finance widget to a Home screen, see “Adding Widgets to a Home screen” on page 34.

From the Yahoo! Finance main screen, you can add and display your favorite stocks.

Touch the Currencies tab to display the currency exchange rate for various currencies.
Yahoo! News

Display current news and much more from Yahoo!
To add the Yahoo! News widget to a Home screen, see “Adding Widgets to a Home screen” on page 34.

1. From a Home screen, touch the Yahoo! News widget.
   The first time you connect, the Select news by country screen displays.
   • Touch a country and then touch Done.
   • Touch the Yahoo! News widget again.
   The Yahoo! News screen displays.

2. Touch and swipe the tabs left or right to see all the news categories.
3. Touch a tab to view that category.

YouTube

View and upload YouTube videos, right from your device.
For more information, refer to “YouTube” on page 80.

- From a Home screen, touch Apps ➔ YouTube.
Section 10: Settings

This section explains Settings for customizing your device.

Accessing Settings

- From a Home screen, touch Apps ➔ Settings.
- or –

From any screen, touch the Time in the System Bar, then touch Settings. For more information, refer to “Quick Settings” on page 29.

The Settings screen displays.

The Settings Screen

The Settings screen has tabs on the left side of the screen. Information related to the tabs displays on the right side of the screen. There are 5 major groups of settings: Wireless and network, Accounts, Device, Personal, and System.

Wireless and Network

Control your device’s wireless connections.

Wi-Fi

Your device supports Wi-Fi a/b/g/n. Use Wi-Fi settings to manage your device’s Wi-Fi connections.

For more information about using your device’s Wi-Fi features, see “Wi-Fi” on page 110.

Turning Wi-Fi On or Off

When you turn Wi-Fi service on, your device automatically searches for available, in-range Wireless Access Points (WAPs).

- From any Home screen, touch the time, then touch Wi-Fi from the Quick Settings menu.
- or –

From a Home screen, touch Apps ➔ Settings. On the Wi-Fi tab, touch the OFF / ON icon to turn Wi-Fi on or off.
Scan for Wi-Fi Networks

To make sure you have an accurate list of Wi-Fi networks.

1. From a Home screen, touch Apps ➔ Settings ➔ Wi-Fi, and then touch Scan.

Add Wi-Fi Network

To open a dialog where you can add a Wi-Fi network by entering its Network SSID (the name it broadcasts), security type, and other properties:

1. From a Home screen, touch Apps ➔ Settings ➔ Wi-Fi, and then touch Add Wi-Fi network.
2. Use the keyboard to enter Network SSID.
3. Touch the Security field and then touch a security type.

Note: Depending on the Security protocol used by the WAP, additional network information may be required, such as a Password.

4. If necessary, touch Password and enter the password or hex key.
5. Touch Save.

Advanced Settings

Set up and manage wireless access points.

1. From a Home screen, touch Apps ➔ Settings ➔ Wi-Fi.
2. Touch Menu ➔ Advanced.

The following options display:

- Network notification: Have your device alert you to new Wireless Access Points (WAPs). Touch Network notification to turn notifications On or Off. When enabled, a check mark appears in the check box.

- Keep Wi-Fi on during sleep: Specify when to disconnect from Wi-Fi. Options are: Always, Only when plugged in, or Never.

- Wi-Fi timer: Specify the Starting time and the Ending time for Wi-Fi to be connected.

- MAC address: View your device’s MAC address, required when connecting to some secured networks (not configurable).

- IP address: View your device’s IP address.
Wi-Fi Direct Settings

You can configure your device to connect directly with other Wi-Fi capable devices. This is an easy way to transfer data between devices. These devices must be enabled for Wi-Fi Direct communication. This connection is direct and not via a hot spot or WAP.

**Note:** Activating this feature will disconnect your current Wi-Fi network connection.

1. From a Home screen, touch Apps ➔ Settings ➔ Wi-Fi.
2. Touch the OFF / ON icon to turn Wi-Fi on.
3. Touch Wi-Fi Direct to display Available devices. Your device begins to search for other devices enabled with Wi-Fi direct connections.
4. When scanning is complete, touch a device name to begin the connection process to another Wi-Fi Direct compatible device.

**Note:** The target device must also have Wi-Fi Direct service active and running before it is detected by your device.

The direct connection establishes, the status field displays “Connected”, and your connected device is displayed in the Wi-Fi Direct devices listing.

5. Touch End connection ➔ OK to end the Wi-Fi Direct connection.

For more information, refer to “Wi-Fi Direct” on page 111.

Bluetooth

Use Bluetooth settings to manage Bluetooth connections, set your device’s name, and control your device’s visibility.

Turning Bluetooth On or Off

To turn your device’s Bluetooth service On or Off:

- From any Home screen, touch the time, then touch Bluetooth from the Quick Settings menu.

For more information, refer to “Quick Settings” on page 29.

– or –

From a Home screen, touch Apps ➔ Settings. On the Bluetooth tab, touch the OFF / ON icon to turn Bluetooth on or off.
For more information about using Bluetooth to exchange information with other Bluetooth devices, see “Bluetooth” on page 112.

**Additional Bluetooth Settings**

When Bluetooth is on, additional settings are available.

1. From a Home screen, touch 📲 Apps ➔ 🌒 Settings ➔ 📱 Bluetooth.
2. Touch Scan to scan for nearby discoverable devices. After searching, touch a device to pair with it. For more information, refer to “Pairing with a Bluetooth Device” on page 113.
3. Touch 📜 Menu and select a Bluetooth setting to configure:
   - Rename device: Your device’s default name displays on screen. Touch to change the device name. Available when Bluetooth is turned On.
   - Visibility timeout: Use this setting to control when to automatically turn off the Discoverable option: 2 minutes, 5 minutes, 1 hour, or Never timeout.
   - Received files: Show the list of files received by using Bluetooth.

**Data Usage**

From this screen you can view the Wi-Fi or Ethernet data usage.

1. From a Home screen, touch 📲 Apps ➔ 🌒 Settings ➔ 📜 Data usage.
2. Touch the Data usage cycle drop-down menu and select a date. The data usage displays as a visual (chart) and also displays a list of each application with a breakdown of data usage by application.

**Note:** Data is measured by your device. Your service provider may account for data usage differently.

Touch the 📜 Menu and the following options display:

- ![Auto sync data](Image): Enable or Disable this option to automatically sync data. Disable auto sync will reduce data usage and conserve battery power, but notifications and updates will need to be manually synchronized.
- ![Mobile hotspots](Image): Use this setting to display all Mobile hotspots near you.
More Settings

This tab displays additional wireless and network information.

- From a Home screen, touch Apps ➔ Settings ➔ More settings.

Options display for Airplane mode, VPN, Nearby devices, AllShare Cast, and Kies via Wi-Fi.

Airplane Mode

Airplane mode allows you to use many of your tablet’s features, such as Camera, Games, and more, when you are in an airplane or in any other area where accessing data is prohibited.

Important! When your tablet is in Airplane Mode, it cannot access online information or applications.

- Press and hold the Power button then touch Airplane mode.

– or –

From a Home screen, touch Apps ➔ Settings ➔ More settings ➔ Airplane mode, touch the check box, and then touch OK to turn on Airplane mode.

VPN

The VPN settings menu allows you to set up and manage Virtual Private Networks (VPNs).

Important! Before you can use a VPN you must establish and configure one.

Adding a VPN

Before you add a VPN you must determine which VPN protocol to use: PPTP (Point-to-Point Tunneling Protocol), L2TP (Layer 2 Tunneling Protocol), L2TP/IPSec PSK (Pre-shared key based L2TP/IPSec), or L2TP/IPSec CRT (Certificate based L2TP/IPSec).

Note: You must also set a screen unlock PIN or password before you can use credential storage. For more information, refer to “Screen Lock” on page 159.

1. From a Home screen, touch Apps ➔ Settings ➔ More settings ➔ VPN.

2. Touch Add VPN network.
3. In the form that appears, fill in the information provided by your network administrator.

4. Touch Save to save your VPN settings.

Connecting To a VPN

1. From a Home screen, touch Apps ➔ Settings ➔ More settings ➔ VPN.
2. Touch the VPN to which you want to connect.
3. In the pop-up that opens, enter any requested credentials.
4. Touch Connect.

Edit a VPN

1. From a Home screen, touch Apps ➔ Settings ➔ More settings ➔ VPN.
2. Touch and hold the VPN that you want to edit.
3. In the pop-up that opens, touch Edit network.
4. Make the desired VPN setting changes.
5. Touch Save.

Delete a VPN

1. From a Home screen, touch Apps ➔ Settings ➔ More settings ➔ VPN.
2. Touch and hold the VPN that you want to delete.

3. In the pop-up that opens, touch Delete network.

Nearby Devices

This option allows you to share your media files with nearby DLNA (Digital Living Network Alliance) enabled devices.

Warning! If file sharing is enabled, other devices can access your data. Use the Wi-Fi network and this option with care.

To configure this option:

1. From a Home screen, touch Apps ➔ Settings ➔ More settings ➔ Nearby devices.
2. Touch File sharing to turn File sharing on.
   A check mark ✓ appears in the check box when File sharing is On.
3. In the Advanced section, set the following options:
   • Shared contents: Select the content to share. Choices are: Videos, Photos, and Music.
   • Device name: Enter the name for your device. The default is the model number: GT-N8013.
   • Allowed devices list: Indicate the devices accessible to your device.
• **Not-allowed devices list**: Indicate the devices not accessible to your device.
• **Download to**: Set whether to download data to USB storage or SD card.
• **Upload from other devices**: If a nearby device attempts to upload data, this setting indicates the response. Options are: Always accept, Always ask, and Always reject.

### AllShare Cast
To share your device’s screen with another device, enable AllShare Cast.

1. From a Home screen, touch Apps ➔ Settings ➔ More settings ➔ AllShare Cast.
2. Touch the OFF / ON icon to turn AllShare Cast on.

### Kies via Wi-Fi
Wi-Fi configuration and usage by Kies Air.

1. From a Home screen, touch Apps ➔ Settings ➔ More settings ➔ Kies via Wi-Fi.
2. Select the source of the Wi-Fi connection for Kies air.

### Device
This section of the Settings screen contains settings for your device.

#### Blocking Mode
When enabled, notifications for selected features are disabled.

1. From a Home screen, touch Apps ➔ Settings ➔ Blocking mode.
2. Touch the OFF / ON icon , to turn Blocking mode ON.
3. Touch Disable notifications to enable this feature. A check mark appears in the check box when Disable notifications is On.
4. The Set time option allows you to set Blocking mode for a specific time range or Always.
5. Touch the Always field to disable it or configure the From and To time fields. A check mark appears in the check box when Disable alarm and timer is On.
**Sound**

**Volume**

Set the volume level for all types of sounds.

**Note:** You can only set volume when Silent Mode is disabled.

1. From a Home screen, touch Apps ➔ Settings ➔ Sound ➔ Volume.
2. Touch and drag the sliders to set the volume for:
   - **Music, video, games, and other media:** Sounds made by music apps, video apps, and more.
   - **Notifications:** Sounds for alerts to new messages and other events.
   - **System:** Application sounds and other sounds made by your device.

**Tip:** You can also set System volume from the Home screen by pressing the Volume Key.

3. Touch OK to save your settings.

**Vibration Intensity**

Set the intensity of vibration for notifications and screen touch feedback.

1. From a Home screen, touch Apps ➔ Settings ➔ Sound.
2. Touch Vibration intensity.
3. Touch and drag the Notification or Haptic feedback slider to set the vibration intensity.
4. Touch OK to save your settings.

**Notifications**

Select a default ringtone for message, alarm, and other notifications.

1. From a Home screen, touch Apps ➔ Settings ➔ Sound ➔ Default notifications.
2. Touch a ringtone to hear a sample and select it.
3. Touch OK to save the setting.
**System**

You can activate or deactivate both touch and screen lock sounds.

1. From a Home screen, touch Apps ➔ Settings ➔ Sound.
2. Touch Touch sounds or Screen lock sound (both default to On).
   When enabled, a check mark ✓ appears in the check box.
3. Touch Haptic feedback to enable or disable vibration.
   When enabled, a check mark ✓ appears in the check box. When Haptic feedback is enabled, the device vibrates to indicate screen touches and other interactions.

**Display**

**Wallpaper**

You can choose a picture to display on the Home Screen, Lock screen, or to both the Home and lock screens. Choose from preloaded wallpaper images or select a photo you have downloaded or taken with the Camera.

1. From a Home screen, touch Apps ➔ Settings ➔ Display ➔ Wallpaper.
2. Touch Home screen, Lock screen, or Home and lock screens.
   The Select wallpaper from screen displays the following options: Gallery, Live wallpapers, and Wallpapers.

   For more information, refer to “Wallpapers” on page 37.

**Screen Mode**

Set the screen mode.

1. From a Home screen, touch Apps ➔ Settings ➔ Display.
2. Touch Screen mode.
3. Touch Dynamic, Standard, or Movie, and then touch OK.
**Brightness**
Set the default screen brightness.
1. From a Home screen, touch Apps → Settings → Display → Brightness.
2. Touch and drag the slider to set the brightness or touch Automatic brightness.
3. Touch OK to save the setting.

**Screen Timeout**
Set the length of delay between the last key press or screen touch and the automatic screen timeout (dim and lock).
1. From a Home screen, touch Apps → Settings → Display.
2. Touch Screen timeout and select the screen delay time. The screen delays shutting off after inactivity for the selected period of time.

**Smart Stay**
Set the screen to stay on as long as you look at it.
1. From a Home screen, touch Apps → Settings → Display.
2. Touch Smart stay.
   A check mark appears in the check box and the Smart stay pop-up displays more information.
3. Touch OK to close the pop-up.

**Note:** When this option is enabled, displays in the Status Bar.

**Font Style and Size**
Set the font for screen displays and the size you want it to display.
1. From a Home screen, touch Apps → Settings → Display.
2. Touch Font style then touch a font or touch Get fonts online to browse and download a new font.
3. Touch Font size and select a font size.
Quick Launch

The Quick Launch feature allows you to set the multifunctional softkey (Screen capture by default) to open one of several different applications.

1. From a Home screen, touch Apps ➔ Settings ➔ Display.
2. Touch Quick launch.
3. Touch None, Screen capture, Applications, Search, or Camera.

If you choose Screen capture, touch the softkey to capture an image of the current screen and edit the image. Touch and hold to capture and add an image of the current screen to the clipboard.

The screen image is saved in the /Storage/sdcard0/Pictures/Screenshots folder. For more information, refer to “My Files” on page 130.

Note: The icon displayed for the softkey is different depending on the setting.

Storage

From this menu you can view the device memory or mount, unmount, or format an SD card.

Device Memory

- From a Home screen, touch Apps ➔ Settings ➔ Storage.

  The Device memory displays as Total space, Applications, Pictures, videos, Audio, Downloads, Miscellaneous files, and Available space.

SD Card

Once a memory card has been installed in your device, the SD card memory displays as Total space and Available space.

Mounting an SD Card

1. Install an SD card. For more information, refer to “Installing a Memory Card” on page 14.
2. From a Home screen, touch Apps ➔ Settings ➔ Storage.
3. Touch Mount SD card.
Unmounting an SD Card

1. From a Home screen, touch Apps ➔ Settings ➔ Storage.

2. Touch Unmount SD card.

3. At the prompt, select OK to safely unmount the memory card.

4. Remove the SD card from the slot. For more information, refer to “Removing a Memory Card” on page 14.

**Note:** Unmounting an SD card will stop some applications from functioning. Applications may not be available until you mount the SD card again.

---

Formatting an SD Card

When formatting an SD card you will want to backup your music and photo files that are stored on the card because formatting the SD card deletes all the stored data.

1. From a Home screen, touch Apps ➔ Settings ➔ Storage.

2. Touch Format SD card and then touch Format SD card again on the warning screen.

3. Touch Delete all.

---

Power Saving Mode

When enabled, your device automatically analyzes the screen and adjusts the brightness to conserve battery power.

1. From a Home screen, touch Apps ➔ Settings ➔ Power saving mode.

2. On the Power saving tab, touch the OFF / ON icon to turn Power saving on or off.

3. Turn Power saving on and touch the Power saving mode settings (CPU power saving, Screen power saving, Turn off haptic feedback) to enable or disable them.

4. Touch Learn about Power saving mode to display more information about saving power mode.
Battery
See how much battery power is used for device activities.

1. From a Home screen, touch Apps ➔ Settings ➔ Battery.
   The battery level displays in percentage. The amount of time the battery was used also displays. Battery usage displays in percentages per application.

2. Touch Screen or Android System to view how the display and the Android system are affecting battery use.

Note: Other applications may be running that affect battery use.

Application Manager
You can download and install applications from Google Play or create applications using the Android SDK and install them on your device. Use Application manager settings to manage applications.

Warning! Because this device can be configured with system software not provided by or supported by Google or any other company, end-users operate these devices at their own risk.

Memory Usage
See how memory is being used by Downloaded or Running applications.

1. From a Home screen, touch Apps ➔ Settings ➔ Application manager.
2. Touch Downloaded or Running to display memory usage for that category of applications.
   The graph at the bottom of the Downloaded tab shows used and free device memory. The graph at the bottom of the Running tab shows used and free RAM.
Downloaded
Displays apps you have downloaded onto your device.

1. From a Home screen, touch Apps ➔ Settings ➔ Application manager.
2. Touch Downloaded to view a list of all the downloaded applications on your device.
3. To switch the order of the lists displayed in the Downloaded tabs, touch Touch Menu ➔ Sort by size or Sort by name.
4. Touch an application to view and update information about the application, including memory usage, default settings, and permissions.

The following options are displayed:

- **Force stop**: Stops an app that is misbehaving. Restart your device if stopping an app, process, or service causes your device to stop working correctly.
- **Uninstall**: Deletes the application from the tablet.

For more information, refer to “Uninstalling an App” on page 115.

- **Clear data**: Clears application data from memory.
- **Clear cache**: If the app stores data in a temporary area of the device’s memory, and the amount of information stored is displayed, touch this button to clearing the temporary storage.
- **Clear defaults**: If you have configured an app to launch certain file types by default, clear that setting.
- **Permissions**: Lists the kinds of information about your device and data to which the app has access.

5. Touch Menu ➔ Reset app preferences to reset preferences set for disabled apps, disabled app notifications, default apps and background data restrictions for apps.

Running Services
View and control services running on your device.

1. From a Home screen, touch Apps ➔ Settings ➔ Application manager.
2. Touch the Running tab.

All the applications that are currently running on the device display.
3. Touch **Show cached processes** to display all the cached processes that are running. Touch **Show services in use** to switch back.

4. Touch one of the applications to view application information.

   The following options display:
   - **Stop**: Stops the application from running on the device. This is usually done prior to uninstalling the application.

   **Warning!** Not all services can be stopped. Stopping services may have undesirable consequences on the application or Android System.

   **Note**: Options vary by application.

### Location Services

You value your privacy. So, by default, your device only acquires your location when you allow it. To use Location-Based Services, you must first enable location services on your device.

#### Use Wireless Networks

Before you use applications such as Google Maps and find your location or search for places of interest, you must enable the Use wireless networks option or enable the GPS satellites.

1. From a Home screen, touch Apps ➔  Settings ➔ **Location services**.

2. Touch **Use wireless networks** to enable location information using the wireless network. When enabled, a check mark  appears in the check box.

#### Use GPS Satellites

1. From a Home screen, touch Apps ➔  Settings ➔ **Location services**. When enabled, a check mark  appears in the check box.

2. Touch **Use GPS satellites** to enable the GPS satellite.

### Personal

This section of the Settings screen lets you manage the personal settings for your device.
**Location and Google Search**

1. From a Home screen, touch Apps ➔ Settings ➔ Location services.
2. Touch Location and Google search to use your location data for improved Google Search results and other Google services. When enabled, a check mark appears in the check box.

**Lock Screen**

**Screen Lock**

Choose settings for unlocking your screen. For more information about using the lock and unlock features, see “Securing Your Device” on page 15.

1. From a Home screen, touch Apps ➔ Settings ➔ Lock screen.
2. Touch Screen lock for these settings:
   - **Swipe**: Swipe the screen to unlock it.
   - **Face unlock**: Look at your tablet to unlock it. Follow the on-screen instructions to set up Face unlock.
   - **Face and voice**: Look at your tablet and speak a phrase to unlock it. Follow the on-screen instructions to set up Face and voice unlock.
   - **Signature**: Register and use your signature to unlock the screen.
   - **Pattern**: A screen unlock pattern is a touch gesture you create and use to unlock your device. Follow the prompts to create or change your screen unlock pattern.
   - **PIN**: Select a PIN to use for unlocking the screen.
   - **Password**: Create a password for unlocking the screen.
   - **None**: No pattern, PIN, or password is required.

**Note:** Additional options are available only if you set Screen lock to display the lock screen (any setting other than Swipe or None).

**With Swipe Lock**

Display a lock screen that has to be swiped and then display a lock screen on which the face unlock, pattern, PIN, or password has to be entered.

1. From a Home screen, touch Apps ➔ Settings ➔ Lock screen.
2. Touch the With swipe lock check box to activate or deactivate the option.
When enabled, a check mark ✔️ appears in the check box.

**Lock Screen Options**

You can customize the Lock screen with the lock screen options.

1. From a Home screen, touch 📱 Apps ➔ 🌎 Settings ➔ Lock screen.
2. Touch Lock screen options and set the following options:
   - **Shortcuts**: Touch the OFF / ON icon 🚶 to turn this option on or off. Touch Shortcuts to add up to four application shortcuts to the lock screen.
   - **Information ticker**: Touch the OFF / ON icon 🚶 to turn this option on or off. Set news or stock information ticker on the lock screen. This option requires a Wi-Fi connection.
   - **Clock**: Activate or deactivate the Lock screen clock. When enabled, a check mark ✔️ appears in the check box.
   - **Weather**: Touch the OFF / ON icon 🚶 to turn this option on or off, which causes weather information to be displayed on the lock screen. This option requires a Wi-Fi connection.
   - **Ripple effect**: Shows a ripple effect on the lock screen. When enabled, a check mark ✔️ appears in the check box.
   - **Help text**: Display help text on the lock screen. When enabled, a check mark ✔️ appears in the check box.
   - **Wake up in lock screen**: Unlock the screen using wake-up command when swipe or motion lock is enabled.
   - **Set wake-up command**: Set the wake-up command if Wake up in lock screen is enabled.

**Popup Note on Lock Screen**

Use this option to display Popup Note on the lock screen.

1. From a Home screen, touch 📱 Apps ➔ 🌎 Settings ➔ Lock screen.
2. Touch Popup Note on lock screen.

   When enabled, a check mark ✔️ appears in the check box.

**Lock Automatically**

Use this option to set how quickly to lock the screen after the screen automatically turns off.

1. From a Home screen, touch 📱 Apps ➔ 🌎 Settings ➔ Lock screen.
2. Touch Lock automatically and touch an option.
Options are: Immediately; 5, 15, or 30 seconds; 1, 2, 5, 10, or 30 minutes.

**Lock Instantly With Power Key**

Use this option to enable the lock screen when the power key is pressed. If this option is not enabled, the screen dims or brightens when the power key is pressed.

1. From a Home screen, touch Apps ➔ Settings ➔ Lock screen.
2. Touch Lock instantly with power key.
   When enabled, a check mark ✔️ appears in the check box.

**Vibrate On Screen Tap**

1. From a Home screen, touch Apps ➔ Settings ➔ Lock screen.
2. Touch Vibrate on screen tap.
   When enabled, a check mark ✔️ appears in the check box.

**Owner Information**

Use this option to enable or disable whether to show owner information on the lock screen.

1. From a Home screen, touch Apps ➔ Settings ➔ Lock screen.
2. Touch Owner information and then touch Show owner info on lock screen to enable or disable the option.
3. Touch the text field and use the keyboard to enter the text to display on the lock screen.

**Security**

**Encryption**

To require a numeric PIN or password to decrypt your tablet each time you power it on or encrypt the data on your SD card each time it is connected:

1. From a Home screen, touch Apps ➔ Settings ➔ Security.
2. Touch Encrypt device. For more information, read the displayed help screen.
3. Touch Encrypt external SD card to enable the encryption on SD card data that requires a password be entered each time the microSD card is connected.

**Tip:** Make sure your battery is charged more than 80 percent. Encryption takes an hour or more.
Find My Mobile

Use this option to allow your device to be locked and tracked, and for your data to be deleted remotely. You must sign up for both a Samsung account and a Google account to use Remote controls.

Sign In To Your Samsung Account

1. From a Home screen, touch Apps ➔ Settings ➔ Security.
2. Touch Remote controls. Read the information and touch OK to acknowledge the information.
3. Touch Add account to create a Samsung account first, then a Google account.
4. Touch Create new account to create a Samsung account.
   – or –
   Touch Sign in, if you already have a Samsung account, enter your Email address and your Samsung account password, and touch Sign in.

For more information about Samsung accounts, see “Signing In to your Samsung Account” on page 172.

Enable or Disable Remote Controls

Once you have signed in to your Samsung Account, you can enable or disable Remote controls.

1. From a Home screen, touch Apps ➔ Settings ➔ Security ➔ Remote controls.
2. Enter your Samsung account password in the pop-up Enter password field and touch Done.
   The Introduction to remote controls screen displays. Touch Do not show for 90 days to temporarily disable this screen.
3. Touch OK.
   The Remote controls screen displays.
4. Touch the OFF / ON icon in the upper right corner of the screen to turn Remote controls on or off.
5. Touch Use wireless networks to enable location information using the wireless network.
SamsungDive Web Page
To launch the SamsungDive web page:
1. From a Home screen, touch Apps ➔ Settings ➔ Security ➔ Find my mobile web page.
2. Touch the Help tab to display more information about Remote Controls.

Passwords
When enabled, password characters display briefly as you touch them while entering passwords.
1. From a Home screen, touch Apps ➔ Settings ➔ Security.
2. Touch Make passwords visible to enable or disable brief displays of password characters.
   When enabled, a check mark ✓ appears in the check box.

Device Administration
To add or remove device administrators:
1. From a Home screen, touch Apps ➔ Settings ➔ Security.
2. Touch Device administrators.
   Enable or disable installation of non-Google Play applications.
   1. From a Home screen, touch Apps ➔ Settings ➔ Security.
   2. Touch Unknown sources.
      An informational pop-up displays.
   3. Read the message and touch OK to allow installation of non-Google Play applications.
      When enabled, a check mark ✓ appears in the check box.

Warning! Enabling this option causes your tablet and personal data to be more vulnerable to attack by applications from unknown sources.
Credential Storage

Trusted Credentials

If a certificate authority (CA) certificate gets compromised or for some other reason you do not trust it, you can disable or remove it.

1. From a Home screen, touch Apps ➔ Settings ➔ Security.
2. Touch Trusted credentials.
   The trusted credentials screen has two tabs:
   • System: Displays CA certificates that are permanently installed in the ROM of your device.
   • User: Displays any CA certificates that you installed, for example, in the process of installing a client certificate.
3. Touch a CA certificate to examine its details. A scrolling screen displays the details.
4. Scroll to the bottom of the details screen and touch Disable to disable a System certificate or Remove to remove a User certificate.

Caution! When you disable a system CA certificate, the Disable button changes to Enable, so you can enable the certificate again, if necessary. When you remove a user-installed CA certificate, it is permanently deleted and must be re-installed, if needed.

5. Touch OK to return to the certificate list.
   When enabled, a check mark ✔ appears in the check box.

Install from Device Storage

Install encrypted certificates from an installed memory card.

Note: You must have installed a memory card containing encrypted certificates to use this feature.

1. From a Home screen, touch Apps ➔ Settings ➔ Security.
2. Touch Install from device storage, then choose a certificate and follow the prompts to install.
Clear Credentials
Clear stored credentials.

Note: This setting only appears if you have installed encrypted certificates.

1. From a Home screen, touch Apps ➔ Settings ➔ Security.
2. Touch Clear credentials to remove all certificates.

Language and Input

Language
Set the language used by your device.
1. From a Home screen, touch Apps ➔ Settings ➔ Language and input ➔ Language.
2. Touch a language / locale from the list.

Keyboards and Input Methods
Set the keyboard used by your device.
1. From a Home screen, touch Apps ➔ Settings ➔ Language and input.

2. Touch Default and select a keyboard. Samsung keyboard is the only selection available for this device.
3. Touch Set up input methods.
4. Touch Google voice typing to automatically use Google voice typing.
5. Touch next to Google voice typing.
The following options are available:

- Choose input languages: Touch Automatic to use the local language or select a language from the list.
- Block offensive words: Enable or disable blocking of recognized offensive words from the results of your voice-input Google searches. When enabled, a check mark appears in the check box.
- Download offline speech recognition: Enable voice input while offline. Touch the All tab to download speech recognition for other languages.
Configuring the Samsung Keyboard

To configure the Samsung keyboard:

- Touch ☐ next to Samsung keyboard to display the following options:
  
  - **Input languages**: Used to set a default text entry language. Touch this field, scroll through the options, and touch the desired input language. When activated, a check appears in the box.
  
  - **Predictive text**: Enable or disable XT9 predictive text. When enabled, the system suggests words matching your text entries, and, optionally, completes common words automatically. When XT9 is enabled, touch the **Predictive text** field to set the following options:
    - **Personalized data**: Enter personalized data to improve prediction results.
    - **Learn from Facebook**: Log in to let your device learn your Facebook Style.
    - **Learn from Gmail**: Log in to let your device learn your Gmail Style.
    - **Learn from Twitter**: Log in to let your device learn your Twitter Style.

  - **Clear remote data**: Delete your anonymous data stored on the personalization server.
  
  - **Clear personalized data**: Remove all personalized data entered.
  
  - **Continuous input**: Enable or disable the Continuous input feature. When enabled, you can enter text by sliding your finger across the keyboard.
  
  - **Pen detection**: Displays the handwriting pad whenever the pen is detected.
  
  - **Handwriting**: Touch to display the following options:
    - **Input languages**: Sets the input language. Tap a language from the available list. The keyboard is updated to the selected language.
    - **Recognition time**: Set the recognition time to 100, 300, 500, 1000, or 2000 milliseconds.
    - **Pen thickness**: Set the pen thickness to 1, 3, 5, 7, or 9 pixels.
    - **Pen color**: Choose a pen color.
    - **Recognition type**: Set the recognition after each stroke or after completion.
    - **Gesture guide**: Displays examples of the various gestures that can be used to edit handwriting.
— **Tutorial**: Help for using Handwriting recognition.
— **About**: Displays information about the handwriting software.

• **Advanced** displays the following advanced options:
  — **Auto-capitalization** automatically capitalizes the first letter of the first word in each sentence (standard English style).
  — **Auto-punctuate** automatically inserts a full stop in a sentence by tapping the space bar twice when using the on-screen QWERTY keyboard.
  — **Character preview** provides an automatic preview of the current character selection within the text string. This is helpful when multiple characters are available within one key.
  — **Key-tap vibration** enables vibration feedback when you tap an on-screen key.
  — **Key-tap sound** enables auditory feedback when you tap an on-screen key.

• **Tutorial**: Displays help for using the Samsung keyboard and XT9 predictive text.
• **Reset settings**: Reset keyboard settings except XT9 my words and auto-substitution.

**Speech**

Set the speech settings for Voice search.

1. From a Home screen, touch 📱 Apps ➔ 🎯 Settings ➔ Language and input.
2. Touch **Voice search** to configure:
   • **Language**: Choose a language for your voice input.
   • **Speech output**: Always provides audible readout of text, or only when using Hands-free functions.
   • **Block offensive words**: Enable or disable blocking of recognized offensive words from the results of your voice-input Google searches.
   • **Hotword detection**: When enabled, saying the word Google launches voice search.
   • **Download offline speech recognition**: Enable voice input while offline. Touch the **All** tab to download speech recognition for other languages.

Voice output provides audible readout of text, for example, the contents of email messages.

1. From a Home screen, touch 📱 Apps ➔ 🎯 Settings ➔ Language and input.
2. Touch **Text-to-speech output** and select the preferred TTS engine.
3. Touch ☰ next to the preferred TTS engine and configure.

4. Configure the following:
   • **Speech rate**: Set the speed at which the text is spoken.
   • **Listen to an example**: Play a sample of speech synthesis (available if voice data is installed).
   • **Driving mode**: New notifications are read aloud when enabled.
     Touch the OFF / ON icon ⬅️ to enable, then touch Driving mode to display the Driving mode settings: New emails, Alarm, Schedule, and Unlock screen.

**Mouse/trackpad**

This option sets your Pointer speed.

1. From a Home screen, touch 📱 Apps ➔ ☰️ Settings ➔ Language and input.

2. Touch Pointer speed then drag the slider to the right to go faster or to the left to go slower.

3. Touch OK to save your setting.

**Cloud**

Back up your personal data using your Samsung Account or use Dropbox to sync your device content.

1. From a Home screen, touch 📱 Apps ➔ ☰️ Settings ➔ Cloud.

2. Under **Personal data management**:
   If you have not signed in to your Samsung Account, touch Add account. For more information about Samsung accounts, see “Signing In to your Samsung Account” on page 172.
If you have signed in to your Samsung Account:
• Touch your Samsung Account to manage your sync settings or remove your Samsung Account.
• Touch **Sync settings** to sync your calendar, contacts, Internet, and S Note settings with your Samsung Account.
• Touch **Device backup** to manage your back up and restore options.

3. **Under Content sync (with Dropbox):**

If you have not signed in to your Dropbox account, touch **Set account**. For more information, refer to “Dropbox” on page 124.

If you have signed in to Dropbox:
• Touch your Dropbox account to manage your account settings or remove your Dropbox account.
• Touch **Wi-Fi only** to only sync pictures and videos when connected to a Wi-Fi network.
• Touch **Pictures** to sync your pictures in Dropbox with your device Gallery so you can view them.
• Touch **Videos** to sync your videos in Dropbox with your device Gallery so you can view them.

**Back Up and Reset**

You can also back up your data to the Google server and reset your device to its factory defaults.

**Backup and Restore**

**Back Up My Data**

Enable or disable backup of your information to the Google server.

1. From a Home screen, touch 📱 Apps ➔ 🗼 Settings ➔ Backup and reset.
2. Touch **Back up my data** to enable or disable back up of application data, Wi-Fi passwords, and other settings to the Google server.

**Backup Account**

If you have enabled the **Back up my data** option, then the **Backup account** option is available.

1. From a Home screen, touch 📱 Apps ➔ 🗼 Settings ➔ Backup and reset.
2. Touch **Backup account** and touch your Google Gmail account or touch **Add account** to set your Google Gmail account to be backed up to the Google server.
Automatic Restore
When enabled, backed-up settings are restored when you reinstall an application.

1. From a Home screen, touch Apps ➔ Settings ➔ Back up and reset.
2. Touch Automatic restore to enable or disable automatic restoration of settings from the Google server.

Personal Data
Factory Data Reset
Use Factory data reset to return your device to its factory defaults. This setting erases all data from the device, including Google or other email account settings, system and application data and settings, and downloaded applications, as well as your music, photos, videos, and other files. If you reset the tablet in this way, the next time you turn on your tablet you are prompted to reenter the same kind of information as when you first started Android.

1. From a Home screen, touch Apps ➔ Settings ➔ Backup and reset.
2. Touch Factory data reset.
   The Factory data reset screen displays reset information.
3. Touch Reset device, then follow the prompts to perform the reset.

Note: If you have set up your Samsung account, it has to be deleted before performing this function. For more information, refer to “Managing Accounts” on page 171.

Accounts
Set up and manage accounts, including your Google accounts, Samsung accounts, and email accounts.

Your device provides the ability to synchronize information from a variety of accounts, including Email, Facebook, Google, and your Samsung account. Depending on the account, you can choose to synchronize your calendar, contacts, and other types of content.

With synchronization, you can ensure that the information on your device is updated with any information that changes in your accounts.
Managing Accounts

To view the accounts you have added:

1. From a Home screen, touch Apps ➔ Settings ➔ (account).
   The (account) is either Google, Sam account, or some other account you have added, such as Email.

   Each of your accounts (Google, Samsung, and so on) are listed under Accounts.

2. Touch Sync all to synchronize all accounts listed. Touch Cancel sync to stop the synchronization.

3. Touch an account to view the sync settings for that account.
   - Touch Sync now to synchronize all data for the selected account.
   - or –
     Touch the account data to synchronize, such as, Calendar, Contacts, and so on.
   - To remove the account, touch Remove account and then touch Remove account at the prompt to remove the account and delete all its messages, contacts, and other data.

4. For Google accounts, touch one of the items listed under Privacy to view various settings for that item.
   - or –
   For Samsung accounts, touch Account settings to manage Samsung account settings or Device backup to set Samsung account back up and restore options.
   - or –
   For Email accounts, touch Settings to manage various settings for that account.

Adding an Account

To add a new account:

1. From a Home screen, touch Apps ➔ Settings ➔ Add account.
2. Touch one of the account types.
3. Use the keyboard and follow the prompts to enter your credentials and set up the account.

Tip: For more information about the types of accounts that you can add, see “Accounts” on page 47.
Signing In to your Samsung Account

Several applications and options require that you create and sign in to a Samsung Account.

To sign in to your Samsung account:

1. From a Home screen, touch Apps ➔ Settings ➔ Add account.
2. Touch Samsung account.
   The Samsung account sign in screen displays.
3. Touch variety of services to display information about Samsung services that are available.
4. If you have no Samsung account:
   • Touch Create new account.
     The Country or region list displays.
   • Touch a country or region in the list (for example, United States).
     The Samsung account Terms and conditions screen displays.
   • Touch Privacy policy to display the Samsung Privacy Policy.
   • Touch I accept all the terms above and then touch Agree to continue or touch Back to return to the Samsung account screen.
   – or –
   If you do have a Samsung account, touch Sign in.
   The Samsung account screen displays.
5. Use the keyboard to enter the required information and touch Sign up or Sign in.

Tip: The password is for your Samsung account, not the password you use for the email address you are entering. Plus, you can use only letters, numbers, !, @, $, %, &, ^, and * for your Samsung account password.

The Settings screen displays with Samsung account listed under Accounts.
System
Motion
It is possible to control certain aspects of your tablet by simply tilting it. You can tilt your tablet to reduce or enlarge the screen. You can move an icon from one Home page to another by panning your device to the left or right while holding the icon.

1. From a Home screen, touch Apps ➔ Settings ➔ Motion.
2. The following options are available:
   • Touch the OFF / ON icon to activate each option.
   • Touch Tilt to zoom, Pan to move icon, or Pan to browse images.
   • Touch Sensitivity settings to set the sensitivity by dragging the slider between Slow and Fast. Touch Test to test your setting, OK to save your changes, or Cancel to stop without making the change.
   • Touch Learn about motions for more information.

S Pen
Pen Attach/Detach Sound
To set the sound that is made when the pen is attached or detached from your tablet:
1. From a Home screen, touch Apps ➔ Settings ➔ S Pen.
2. Touch Pen attach/detach sound.
3. Touch Off, Sound1, Sound2, or Sound3.
   If a sound is chosen, a sound example plays.

Battery Saving
To extend battery life when the pen is attached:
1. From a Home screen, touch Apps ➔ Settings ➔ S Pen.
2. Touch Battery saving.
   When enabled, a check mark appears in the check box and, when the pen is attached, your tablet does not try to detect it.
Options After Detaching Pen

To set the action that is taken when you detach the pen:

1. From a Home screen, touch Apps ➔ Settings ➔ S Pen.
2. Touch Options after detaching pen.
   A pop-up displays the following options: None, Shortcuts toolbar, Popup Note, S Note, S Planner, Crayon physics, PS Touch, and Polaris Office.
3. Touch an option.
   When you detach the pen, the selected action is performed.

Air View

To enable the air view pointer when using the S Pen:

1. From a Home screen, touch Apps ➔ Settings ➔ S Pen.
2. Touch the OFF / ON icon next to Air view to activate the option.
3. When enabled, touch Air view to enable the Pointer, Information preview, Icon labels (by pen nib), and List scrolling options. When enabled, a check mark appears in the check box next to the option.

Sound and Haptic Feedback

To enable or disable sound and vibration when using the S Pen:

1. From a Home screen, touch Apps ➔ Settings ➔ S Pen.
2. Touch Sound and haptic feedback.
   When enabled, a check mark appears in the check box.

Quick Command Settings

To create pen gestures to open selected applications or perform tasks:

1. From a Home screen, touch Apps ➔ Settings ➔ S Pen.
2. Touch Quick Command settings.
   The Quick Command settings screens displays existing gestures.
3. Touch Add a command to set up a new gesture.
S Pen Help
To view S Pen help information:
1. From a Home screen, touch Apps ➔ Settings ➔ S Pen.
2. Touch S Pen help.
3. Touch Air view, Gesture, or Quick Command to view the help information.

Accessory
Dock
1. From a Home screen, touch Apps ➔ Settings ➔ Accessory.
2. Touch Dock sound.
The tablet will not play sounds when inserting and removing the device from the dock when enabled.
When enabled, a check mark ✓ appears in the check box.

HDMI
To set the HDMI (High-Definition Multimedia Interface) audio setting:
1. From a Home screen, touch Apps ➔ Settings ➔ Accessory.

2. Touch Audio output.
3. Touch Stereo or Surround to set the audio output setting.

Date and Time
By default, your device receives date and time information from the wireless network. When you are outside network coverage, you may want to set date and time information manually using the Date & time settings.
1. From a Home screen, touch Apps ➔ Settings ➔ Date and time.
2. Configure the following settings:
   • Set date: Enter the current date (only available when the Automatic setting is disabled).
   • Set time: Enter the current time (only available when the Automatic setting is disabled).
   • Select time zone: Choose your local time zone (only available when the Automatic setting is disabled).
   • Use 24-hour format: Set the format for time displays.
   • Select date format: Set the format for date displays.
Accessibility

Accessibility services are special features to make using the device easier for those with certain physical disabilities. Use the Accessibility settings to activate these services.

Note: You can download accessibility applications from Google Play and manage their use here.

System

1. From a Home screen, touch Apps ➔ Settings ➔ Accessibility.
2. Configure the following settings:
   • Auto-rotate screen: When this option is checked, the screen orientation changes when you rotate the device. When this option is not checked, the screen orientation locks in the current orientation (landscape or portrait) and the orientation does not change when you rotate the device.

Tip: Touch the Time in the System Bar to display the Quick Settings pop-up. Touch Screen rotation to enable or disable the auto-rotate feature. For more information, refer to “Quick Settings” on page 29.

- Screen timeout: Select the screen delay time the screen delays shutting off after inactivity for the selected period of time.
  Note: The Lock automatically option only appears depending on the Screen lock setting. For more information, refer to “Screen Lock” on page 159.
- Speak passwords: Speaks passwords to enter them.
- Accessibility shortcut: Add a shortcut to Accessibility settings that displays when you press and hold the Power key.
Services

Enable or disable accessibility services.

Note: You must activate Accessibility before enabling services.

1. From a Home screen, touch Apps ➔ Settings ➔ Accessibility.
2. Touch TalkBack to activate TalkBack.

Note: TalkBack, when installed and enabled, speaks feedback to help blind and low-vision users.

3. Touch the OFF / ON icon to turn TalkBack on.
4. Touch Settings to configure TalkBack.

Important! TalkBack can collect all of the text you enter, except passwords, including personal data and credit card numbers. It may also log your user interface interactions with the device.

Vision

To set the font size:

1. From a Home screen, touch Apps ➔ Settings ➔ Accessibility.
2. Touch Font size.
3. Touch a font size. Options are: Tiny, Small, Normal, Large, and Huge.

To set negative screen colors:

1. From a Home screen, touch Apps ➔ Settings ➔ Accessibility.
2. Touch Negative colors.
   When enabled, a check mark appears in the check box.

To set voice output settings:

1. From a Home screen, touch Apps ➔ Settings ➔ Accessibility.
2. Touch Text-to-speech output and select the preferred TTS engine. For more information, refer to “Speech” on page 167.
To install accessibility scripts:
1. From a Home screen, touch 
   Apps ➔ Settings ➔ Accessibility.
2. Touch Enhance web accessibility.
3. Touch Allow to allow applications to install scripts from Google that make their Web content more accessible.

**Hearing**

When Mono audio is enabled, you can listen through one earphone to mono audio sound.
1. From a Home screen, touch 
   Apps ➔ Settings ➔ Accessibility.
2. Touch Mono audio.
   When enabled, a check mark ✓ appears in the check box.
3. Tap the Sound balance field and use the slider to set the Left and Right balance when using a stereo device.
   Touch OK to save or Cancel to discard.

To turn off all sounds including receiver voice:
1. From a Home screen, touch 
   Apps ➔ Settings ➔ Accessibility.
2. Touch Turn off all sounds.
   When enabled, a check mark ✓ appears in the check box.

**Mobility**

This option allows you to set the Tap and hold delay time.
1. From a Home screen, touch 
   Apps ➔ Settings ➔ Accessibility.
2. Touch Tap and hold delay, and then touch a delay time.
   Options are: Short, Medium, and Long.
Developer Options

Set options for application development.

1. From a Home screen, touch Apps ➔ Settings ➔ Developer options.

2. Touch the OFF / ON icon at the top of the screen to activate developer options.

Caution! These settings are intended for development use only. They can cause errors to occur on your device and with the applications on your device.

The following options are available:

- **Desktop backup password**: Protect the desktop with a backup password ID.
- **Stay awake**: The display screen does not go into sleep mode while charging.
- **Protect SD card**: Requires apps to ask your permission before accessing data on your SD card.
- **USB debugging**: When enabled, allows debugging when the device is attached to a PC by a USB cable.
- **Allow Mock Locations**: Used by developers when developing location-based applications.
- **Select app to be debugged**: Allows developers to select a specific application to debug.
- **Wait for debugger**: Specified apps must have debugger attached before executing.
- **Show touches**: Displays touch interactions on the screen.
- **Show pointer location**: Highlights the data that was touched on the screen.
- **Show layout boundaries**: Displays clip bounds, margins, and so on.
- **Show GPU view updates**: Flashes views inside windows when drawn with GPU.
- **Show screen updates**: Areas of the screen flash when they update.
- **Window animation scale**: Configure the scale for animation (ranges from off to 10x).
- **Transition animation scale**: Configure the scale for transitioning when using animation (ranges from off to 10x).
- **Animator duration scale**: Configure the scale for duration when using animation (ranges from off to 10x).
- **Disable hardware overlays**: Assigns the work of rendering to the GPU.
• **Force GPU rendering**: Allows the use of 2D hardware accelerations in applications.

• **Strict mode**: Makes the screen flash when applications perform long operations on the main thread.

• **Show CPU usage**: Screen highlights the current CPU usage.

• **GPU rendering profile**: Uses a 2D acceleration in applications.

• **Enable traces**: Enables/disables on-screen tracing based on an available parameter.

• **Do not keep activities**: Destroys every activity as soon as the application is closed.

• **Limit background processes**: Sets the number of processes that can run in the background.

• **Show all ANRs**: Displays a prompt when applications running in the background are not responding.

### About Device

View information about your device, including status, legal information, hardware and software versions, and battery use.

1. From a Home screen, touch 📦 Apps ➔ 🛠️ Settings ➔ About device.

2. Touch items to view details:
   - **Software update**: Connect to the network and download new software. For more information, refer to “Software Update” on page 181.
   - **Status**: View Battery status, Battery level, IP address, Wi-Fi MAC address, Bluetooth address, Serial number, Up time, and Device status.
   - **Legal information**: Display Open source licenses, Google legal, and License settings information.

---

**Tip:** To find your device’s DivX® registration code and information about registering your device to play DivX protected video, touch License settings ➔ DivX® VOD.
• **Model number**: Display your device’s model number.
• **Android version**: Display the firmware version of your device.
• **Kernel version**: Display the kernel version of your device.
• **Build number**: Display your device’s build number.

**Software Update**

The Software Update feature enables you to use your device to connect to the network and download any new software directly to your device. The device automatically updates with the latest available software when you access this option.

**Software Update Options**

To register your device and check for a software update:

1. From a Home screen, touch Apps ➔ Settings ➔ About device ➔ Software update.
2. Touch Update.
3. Touch your country, if the correct country is not selected, and touch OK.
4. Touch **Terms and conditions** and **Privacy policy**, read the information, touch I accept all the term above, and touch **Confirm**.
   Your device is connected to the server and a search is performed for a software update.
5. Touch **Auto update** to check for updates automatically. When enabled, a check mark ✓ appears in the check box.
Section 11: Health and Safety Information

This device is capable of operating in Wi-Fi mode in the 2.4 and 5 GHz bands. The FCC requires that devices operating within 5.15-5.25 GHz may only be used indoors, not outside, in order to avoid interference with Mobile Satellite Services (MSS). Therefore, this device is restricted from being used outdoors when using the 5.15-5.25 GHz band.

This section outlines the safety precautions associated with using your Galaxy Tab. The terms “GALAXY” or “mobile device” are used in this section to refer to your Galaxy Tab. Read this information before using your mobile device.

Exposure to Radio Frequency (RF) Signals

Although GALAXY is not a cell phone, it can operate on the same network as cell phones and can use the same Radio Frequency (RF) signals to communicate with the network as a cell phone. Therefore, although the following information refers specifically to RF exposure from wireless phones, it may apply similarly to GALAXY when it is being used on a cell phone network.

The U.S. Food and Drug Administration (FDA) has published information for consumers relating to Radio Frequency (RF) exposure from wireless phones. The FDA publication includes the following information:

Do cell phones pose a health hazard?

Many people are concerned that cell phone radiation will cause cancer or other serious health hazards. The weight of scientific evidence has not linked cell phones with any health problems.

Cell phones emit low levels of Radio Frequency (RF) energy. Over the past 15 years, scientists have conducted hundreds of studies looking at the biological effects of the radio frequency energy emitted by cell phones. While some researchers have reported biological changes associated with RF energy, these studies have failed to be replicated. The majority of studies published have failed to show an association between exposure to radio frequency from a cell phone and health problems.

The low levels of RF cell phones emit while in use are in the microwave frequency range. They also emit RF at substantially reduced time intervals when in the stand-by
mode. Whereas high levels of RF can produce health effects (by heating tissue), exposure to low level RF that does not produce heating effects causes no known adverse health effects.

The biological effects of radio frequency energy should not be confused with the effects from other types of electromagnetic energy.

Very high levels of electromagnetic energy, such as is found in X-rays and gamma rays, can ionize biological tissues. Ionization is a process where electrons are stripped away from their normal locations in atoms and molecules. It can permanently damage biological tissues including DNA, the genetic material.

The energy levels associated with radio frequency energy, including both radio waves and microwaves, are not great enough to cause ionization of atoms and molecules. Therefore, RF energy is a type of non-ionizing radiation. Other types of non-ionizing radiation include visible light, infrared radiation (heat), and other forms of electromagnetic radiation with relatively low frequencies.

While RF energy does not ionize particles, large amounts can increase body temperatures and cause tissue damage. Two areas of the body, the eyes and the testes, are particularly vulnerable to RF heating because there is relatively little blood flow in them to carry away excess heat.

**Research Results to Date: Is there a connection between RF and certain health problems?**

The results of most studies conducted to date say no. In addition, attempts to replicate and confirm the few studies that have shown a connection have failed.

The scientific community at large therefore believes that the weight of scientific evidence does not show an association between exposure to Radio Frequency (RF) from cell phones and adverse health outcomes. Still the scientific community has supported additional research to address gaps in knowledge. Some of these studies are described below.

**Interphone Study**

Interphone is a large international study designed to determine whether cell phones increase the risk of head and neck cancer. A report published in the International Journal of Epidemiology (June, 2010) compared cell phone usage for more than 5,000 people with brain tumors (glioma and meningioma) and a similar number of healthy controls.
Results of this study did NOT show that cell phones caused brain cancer. In this study, most people had no increased risk of brain cancer from using cell phones. For people with the heaviest use of cell phones (an average of more than \(\frac{1}{2}\) hour per day, every day, for over 10 years) the study suggested a slight increase in brain cancer. However, the authors determined that biases and errors prevented any conclusions being drawn from this data. Additional information about Interphone can be found at http://www.iarc.fr/en/media-centre/pr/2010/pdfs/pr200_E.pdf.

Interphone is the largest cell phone study to date, but it did not answer all questions about cell phone safety. Additional research is being conducted around the world, and the FDA continues to monitor developments in this field.

**International Cohort Study on Mobile Phone Users (COSMOS)**

The COSMOS study aims to conduct long-term health monitoring of a large group of people to determine if there are any health issues linked to long-term exposure to radio frequency energy from cell phone use. The COSMOS study will follow approximately 300,000 adult cell phone users in Europe for 20 to 30 years. Additional information about the COSMOS study can be found at http://www.ukcosmos.org/index.html.

**Risk of Brain Cancer from Exposure to Radio Frequency Fields in Childhood and Adolescence (MOBI-KIDS)**

MOBI-KIDS is an international study investigating the relationship between exposure to radio frequency energy from communication technologies including cell phones and brain cancer in young people. This is an international multi-center study involving 14 European and non-European countries. Additional information about MOBI-KIDS can be found at http://www.creal.cat/programes-recerca/en_projectes-creal/view.php?ID=39.

**Surveillance, Epidemiology, and End Results (SEER) Program of the National Cancer Institute**

The National Cancer Institute (NCI) actively follows cancer statistics in the United States to detect any change in rates of new cases for brain cancer. If cell phones play a role in risk for brain cancer, rates should go up, because heavy cell phone use has been common for quite some time in the U.S. Between 1987 and 2005, the overall age-adjusted incidence of brain cancer did not increase. Additional information about SEER can be found at http://seer.cancer.gov/.
Cell Phone Industry Actions

Although the existing scientific data do not justify FDA regulatory actions, the FDA has urged the cell phone industry to take a number of steps, including the following:

• Support-needed research on possible biological effects of RF for the type of signal emitted by cell phones;

• Design cell phones in a way that minimizes any RF exposure to the user; and

• Cooperate in providing users of cell phones with the current information on cell phone use and human health concerns.

The FDA also is working with voluntary standard-setting bodies such as the Institute of Electrical and Electronics Engineers (IEEE), the International Commission on Non-Ionizing Radiation Protection (ICNIRP), and others to assure that safety standards continue to adequately protect the public.

Reducing Exposure: Hands-Free Kits and Other Accessories

Steps to Reduce Exposure to Radio Frequency Energy

If there is a risk from being exposed to radio frequency energy (RF) from cell phones - and at this point we do not know that there is - it is probably very small. But, if you are concerned about avoiding even potential risks, you can take a few simple steps to minimize your RF exposure.

• Reduce the amount of time spent using your cell phone;

• Use speaker mode or a headset to place more distance between your head and the cell phone.

Hands-Free Kits

Hands-free kits may include audio or Bluetooth® headsets and various types of body-worn accessories such as belt-clips and holsters. Combinations of these can be used to reduce RF energy absorption from cell phones.

Headsets can substantially reduce exposure because the phone is held away from the head in the user's hand or in approved body-worn accessories. Cell phones marketed in the U.S. are required to meet RF exposure compliance requirements when used against the head and against the body.
Because there are no known risks from exposure to RF emissions from cell phones, there is no reason to believe that hands-free kits reduce risks. Hands-free kits can be used for convenience and comfort. They are also required by law in many states if you want to use your phone while driving.

**Cell Phone Accessories that Claim to Shield the Head from RF Radiation**

Because there are no known risks from exposure to RF emissions from cell phones, there is no reason to believe that accessories which claim to shield the head from those emissions reduce risks. Some products that claim to shield the user from RF absorption use special phone cases, while others involve nothing more than a metallic accessory attached to the phone. Studies have shown that these products generally do not work as advertised. Unlike “hands-free” kits, these so-called “shields” may interfere with proper operation of the phone. The phone may be forced to boost its power to compensate, leading to an increase in RF absorption.

**Children and Cell Phones**

The scientific evidence does not show a danger to any users of cell phones from RF exposure, including children and teenagers. The steps adults can take to reduce RF exposure apply to children and teenagers as well.

- Reduce the amount of time spent on the cell phone;
- Use speaker mode or a headset to place more distance between the head and the cell phone.

Some groups sponsored by other national governments have advised that children be discouraged from using cell phones at all. For example, The Stewart Report from the United Kingdom made such a recommendation in December 2000. In this report, a group of independent experts noted that no evidence exists that using a cell phone causes brain tumors or other ill effects. Their recommendation to limit cell phone use by children was strictly precautionary; it was not based on scientific evidence that any health hazard exists.

Additional information on the safety of RF exposures from various sources can be obtained from the following organizations (updated 10/1/2010):

- FCC RF Safety Program:
Specific Absorption Rate (SAR) Certification Information

Your wireless mobile device is a radio transmitter and receiver. It is designed and manufactured not to exceed the exposure limits for Radio Frequency (RF) energy set by the Federal Communications Commission (FCC) of the U.S. Government.

These FCC RF exposure limits are derived from the recommendations of two expert organizations: the National Council on Radiation Protection and Measurement (NCRP) and the Institute of Electrical and Electronics Engineers (IEEE). In both cases, the recommendations were developed by scientific and engineering experts drawn from industry, government, and academia after extensive reviews of the scientific literature related to the biological effects of RF energy.

The RF exposure limit set by the FCC for wireless mobile devices employs a unit of measurement known as the Specific Absorption Rate (SAR). The SAR is a measure of the rate of absorption of RF energy by the human body expressed in units of watts per kilogram (W/kg). The FCC requires wireless devices to comply with a safety limit of 1.6 watts per kilogram (1.6 W/kg).

• Environmental Protection Agency (EPA):
• Occupational Safety and Health Administration (OSHA):
  (Note: This web address is case sensitive.)
• National Institute for Occupational Safety and Health (NIOSH):
  http://www.cdc.gov/niosh/.
• World Health Organization (WHO):
• International Commission on Non-Ionizing Radiation Protection:
  http://www.icnirp.de.
• Health Protection Agency:
  http://www.hpa.org.uk/Topics/Radiation/.
• US Food and Drug Administration:
  http://www.fda.gov/Radiation-EmittingProducts/
  RadiationEmittingProductsandProcedures/
  HomeBusinessandEntertainment/CellPhones/default.htm.

Specific Absorption Rate (SAR) Certification Information

Your wireless mobile device is a radio transmitter and receiver. It is designed and manufactured not to exceed the exposure limits for Radio Frequency (RF) energy set by the Federal Communications Commission (FCC) of the U.S. Government.

These FCC RF exposure limits are derived from the recommendations of two expert organizations: the National Council on Radiation Protection and Measurement (NCRP) and the Institute of Electrical and Electronics Engineers (IEEE). In both cases, the recommendations were developed by scientific and engineering experts drawn from industry, government, and academia after extensive reviews of the scientific literature related to the biological effects of RF energy.

The RF exposure limit set by the FCC for wireless mobile devices employs a unit of measurement known as the Specific Absorption Rate (SAR). The SAR is a measure of the rate of absorption of RF energy by the human body expressed in units of watts per kilogram (W/kg). The FCC requires wireless devices to comply with a safety limit of 1.6 watts per kilogram (1.6 W/kg).
The FCC SAR limit incorporates a substantial margin of safety to give additional protection to the public and to account for any variations in measurements. SAR tests are conducted using standard operating positions accepted by the FCC with the mobile device transmitting at its highest certified power level in all tested frequency bands. Although the SAR is determined at the highest certified power level, the actual SAR level of the mobile device while operating can be well below the maximum reported value. This is because the mobile device is designed to operate at multiple power levels so as to use only the power required to reach the network. In general, the closer you are to a wireless base station antenna, the lower the power output of the mobile device.

Before a new model mobile device is available for sale to the public, it must be tested and certified to the FCC that it does not exceed the SAR limit established by the FCC. Tests for each model mobile device are performed in positions and locations (e.g. near the body) as required by the FCC. For typical operations, this mobile device has been tested and meets FCC SAR guidelines.

Use of other accessories may not ensure compliance with FCC RF exposure guidelines. The FCC has granted an Equipment Authorization for this mobile device with all reported SAR levels evaluated as in compliance with the FCC RF exposure guidelines. This tablet has a FCC ID number: A3LGTN8013A [Model Number: GT-N8013] and the specific SAR levels for this tablet can be found at the following FCC website: http://www.fcc.gov/oet/ea/.

The SAR information for this device can also be found on Samsung’s website: http://www.samsung.com/sar. SAR information on this and other model mobile devices can be accessed online on the FCC’s website through http://transition.fcc.gov/oet/rfsafety/sar.html. To find information that pertains to a particular model mobile device, this site uses the mobile device FCC ID number, which is usually printed somewhere on the case of the mobile device. Once you have the FCC ID number for a particular mobile device, follow the instructions on the website and it should provide values for typical or maximum SAR for a particular mobile device. Additional SAR information can also be obtained at http://www.fcc.gov/encyclopedia/specific-absorption-rate-sar-cellular-telephones.
FCC Part 15 Information to User

Pursuant to part 15.21 of the FCC Rules, you are cautioned that changes or modifications not expressly approved by Samsung could void your authority to operate the device. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Smart Practices While Driving
On the Road - Off the Tablet

The primary responsibility of every driver is the safe operation of his or her vehicle. Responsible drivers understand that no secondary task should be performed while driving whether it be eating, drinking, talking to passengers, or using a mobile device - unless the driver has assessed the driving conditions and is confident that the secondary task will not interfere with their primary responsibility. Do not engage in any activity while driving a moving vehicle which may cause you to take your eyes off the road or become so absorbed in the activity that your ability to concentrate on the act of driving becomes impaired. Samsung is committed to promoting responsible driving and giving drivers the tools they need to understand and address distractions.
Check the laws and regulations on the use of mobile devices and their accessories in the areas where you drive. Always obey them. The use of these devices may be prohibited or restricted in certain areas. For example, only hands-free use may be permitted in certain areas.

Before using your device to chat with friends, consider your circumstances. Let the chat wait when driving conditions require. Remember, driving comes first, nothing else!

If you consider a chat necessary and appropriate, follow these tips:

- Use a hands-free device;
- Secure your mobile device within easy reach;
- Chat when you are not moving;
- Plan chats when your car will be stationary;
- Do not engage in stressful or emotional conversations;
- Let the person with whom you are speaking know that you are driving and will suspend the chat if necessary;
- Do not take notes or look up information while driving;

Notice regarding legal restrictions on mounting this device in an automobile:

Laws in some states may prohibit mounting this device on or near the windshield of an automobile. In other states, the law may permit mounting this device only in specific locations in the automobile. Be sure to consult the state and local laws or ordinances where you drive before mounting this device in an automobile. Failure to comply with these restrictions could result in fines, penalties, or other damages.

Never mount this device in a manner that will obstruct the driver’s clear view of the street and traffic.

Never use wireless data services such as Web browsing or e-mail while operating a vehicle.

Never watch videos, such as a movie or clip, or play video games while operating a vehicle.

For more information, go to http://www.ctia.org.

Battery Use and Safety

The battery in GALAXY is not intended to be replaced by the consumer. If you believe the battery is damaged or needs to be replaced, take the GALAXY to a service center for inspection and replacement.
• Do not let the GALAXY or battery come in contact with liquids. Liquids can get into the GALAXY’s circuits, leading to corrosion. Even when the GALAXY appears to be dry and appears to operate normally, the circuitry could slowly corrode and pose a safety hazard. If the GALAXY and/or battery get wet, have them checked by your service provider or contact Samsung, even if they appear to be working properly.

• Do not place your battery in or near a heat source. Excessive heating can damage the GALAXY or the battery and could cause the GALAXY or the battery to explode. Do not dry a wet or damp battery with an appliance or heat source such as a microwave oven, hair dryer, iron, or radiator. Avoid leaving your GALAXY in your car in high temperatures.

• Do not dispose of the GALAXY or the battery in a fire. The GALAXY or the battery may explode when overheated.

• Avoid dropping the GALAXY. Dropping the GALAXY, especially on a hard surface, can potentially cause damage to the GALAXY. If you suspect damage to the GALAXY or battery, take it to a service center for inspection.

• Never use any charger or battery that is damaged in any way.

**Important!** Use only Samsung-approved batteries, and recharge your battery only with Samsung-approved chargers which are specifically designed for your GALAXY.

**WARNING!**

Use of a non-Samsung-approved battery or charger may present a risk of fire, explosion, leakage, or other hazard. Samsung's warranty does not cover damage to the GALAXY caused by non-Samsung-approved batteries and/or chargers.

• Do not use incompatible batteries and chargers. Some websites and second-hand dealers not associated with reputable manufacturers and carriers, might be selling incompatible or even counterfeit batteries and chargers. Consumers should purchase manufacturer or carrier-recommended products and accessories. If unsure about whether a replacement battery or charger is compatible, contact the manufacturer of the battery or charger.

• Misuse or use of incompatible batteries and charging devices could result in damage to the equipment and a possible risk of fire, explosion, or leakage, leading to serious injuries, damages to your phone, or other serious hazard.
Samsung Mobile Products and Recycling

Samsung cares for the environment and encourages its customers to recycle Samsung mobile devices and genuine Samsung accessories.

Proper disposal of your mobile device and its battery is not only important for safety, it benefits the environment. Batteries must be recycled or disposed of properly.

For more information about recycling your GALAXY, go to: http://mobile.samsungusa.com/recycling/index.jsp or call 1-800-822-8837 for more information.

To find the nearest recycling location, go to: www.samsung.com/recyclingdirect or call 1-877-278-0799.

Warning! Never dispose of batteries in a fire because they may explode.

UL Certified Travel Charger

The Travel Charger for this mobile device has met applicable UL safety requirements. Please adhere to the following safety instructions per UL guidelines:

Failure to follow the instructions outlined may lead to serious personal injury and possible property damage.

Important Safety Instructions - Save These Instructions.

Danger - To reduce the risk of fire or electric shock, carefully follow these instructions.

For connection to a supply not in North America, use an attachment plug adaptor of the proper configuration for the power outlet.

This power unit is intended to be correctly oriented in a vertical or horizontal or floor mount position.
Display / Touch-Screen

Please note the following information when using your mobile device:

WARNING REGARDING DISPLAY

The display on your mobile device is made of glass or acrylic and could break if your mobile device is dropped or if it receives significant impact. Do not use if screen is broken or cracked as this could cause injury to you.

WARRANTY DISCLAIMER: PROPER USE OF A TOUCH-SCREEN MOBILE DEVICE

If your mobile device has a touch-screen display, please note that a touch-screen responds best to a light touch from the pad of your finger or a non-metallic stylus. Using excessive force or a metallic object when pressing on the touch-screen may damage the tempered glass surface and void the warranty. For more information, please refer to the “Standard Limited Warranty”.

GPS

GALAXY can use a Global Positioning System (GPS) signal for location-based applications. A GPS uses satellites controlled by the U.S. Government that are subject to changes implemented in accordance with the Department of Defense policy and the 2008 Federal Radio navigation Plan (FRP). Changes may affect the performance of location-based technology on your mobile device.

Your Location

Location-based information includes information that can be used to determine the approximate location of a mobile device. Mobile devices which are connected to a wireless network transmit location-based information. Additionally, if you use applications that require location-based information (e.g. driving directions), such applications transmit location-based information. The location-based information may be shared with third-parties, including your wireless service provider, applications providers, Samsung, and other third-parties providing services.

Navigation

Maps, directions, and other navigation-data, including data relating to your current location, may contain inaccurate or incomplete data, and circumstances can and do change over
time. In some areas, complete information may not be available. **Therefore, you should always visually confirm that the navigational instructions are consistent with what you see before following them.** All users should pay attention to road conditions, closures, traffic, and all other factors that may impact safe driving or walking. Always obey posted road signs.

**Emergency Communication**

GALAXY should not be relied upon for essential communications (medical emergencies, calls to 911, or communications to emergency services). GALAXY is not designed or intended to be used for such communications. Voice Over Internet Protocol (VOIP) services which may be used on GALAXY to make phone calls do not support 911 calls and are only intended for talking with friends.

**Care and Maintenance**

Your mobile device is a product of superior design and craftsmanship and should be treated with care. The suggestions below will help you fulfill any warranty obligations and allow you to enjoy this product for many years:

- **Liquids of any kind**
  Keep the mobile device dry. Precipitation, humidity, and liquids contain minerals that will corrode electronic circuits.
  If the mobile device does get wet, do not accelerate drying with the use of an oven, microwave, or dryer, because this may damage the mobile device and could cause a fire or explosion. Do not use the mobile device with a wet hand. Doing so may cause an electric shock to you or damage to the mobile device.

- **Extreme heat or cold**
  Avoid temperatures below 0°C / 32°F or above 45°C / 113°F.

- **Microwaves**
  Do not try to dry your mobile device in a microwave oven. Doing so may cause a fire or explosion.

- **Dust and Dirt**
  Do not expose your mobile device to dust, dirt, or sand.

- **Cleaning solutions**
  Do not use harsh chemicals, cleaning solvents, or strong detergents to clean the mobile device. Wipe it with a soft
cloth slightly dampened in a mild soap-and-water solution.

**Shock or vibration**
Do not drop, knock, or shake the mobile device. Rough handling can break internal circuit boards.

**Paint**
Do not paint the mobile device. Paint can clog the device’s moving parts or ventilation openings and prevent proper operation.

### Responsible Listening

**Caution! Avoid potential hearing loss.**

Damage to hearing occurs when a person is exposed to loud sounds over time. The risk of hearing loss increases as sound is played louder and for longer durations. Prolonged exposure to loud sounds (including music) is the most common cause of preventable hearing loss. Some scientific research suggests that using portable audio devices, such as portable music players and cell phones, at high volume settings for long durations may lead to permanent noise-induced hearing loss. This includes the use of headphones (including headsets, earbuds, and Bluetooth® or other wireless devices).

Exposure to very loud sound has also been associated in some studies with tinnitus (a ringing in the ear), hypersensitivity to sound, and distorted hearing. Individual susceptibility to noise-induced hearing loss and potential hearing problem varies. Additionally, the amount of sound produced by a portable audio device varies depending on the nature of the sound, the device settings, and the headphones that are used. As a result, there is no single volume setting that is appropriate for everyone or for every combination of sound, settings, and equipment.

You should follow some common sense recommendations when using any portable audio device:

- Always turn the volume down before plugging the earphones into an audio source.
- Set the volume in a quiet environment and select the lowest volume at which you can hear adequately.
- Be aware that you can adapt to higher volume settings over time, not realizing that the higher volume may be harmful to your hearing.
• When using headphones, turn the volume down if you cannot hear the people speaking near you or if the person sitting next to you can hear what you are listening to.

• Do not turn the volume up to block out noisy surroundings. If you choose to listen to your portable device in a noisy environment, use noise-cancelling headphones to block out background environmental noise. By blocking background environment noise, noise cancelling headphones should allow you to hear the music at lower volumes than when using earbuds.

• Limit the amount of time you listen. As the volume increases, less time is required before you hearing could be affected.

• Avoid using headphones after exposure to extremely loud noises, such as rock concerts, that might cause temporary hearing loss. Temporary hearing loss might cause unsafe volumes to sound normal.

• Do not listen at any volume that causes you discomfort. If you experience ringing in your ears, hear muffled speech, or experience any temporary hearing difficulty after listening to your portable audio device, discontinue use and consult your doctor.

You can obtain additional information on this subject from the following sources:

Operating Environment

Remember to follow any special regulations in force in any area, and always switch your mobile device off whenever it is forbidden to use it, or when it may cause interference or danger. When connecting the mobile device or any accessory to another device, read its user’s guide for detailed safety instructions. Do not connect incompatible products.

Using Your Mobile Device Near Other Electronic Devices

Most modern electronic equipment is shielded from Radio Frequency (RF) signals. However, certain electronic equipment may not be shielded against the RF signals from your wireless mobile device. Consult the manufacturer to discuss alternatives.

Implantable Medical Devices

A minimum separation of six (6) inches should be maintained between a handheld wireless mobile device and an implantable medical device, such as a pacemaker or implantable cardioverter defibrillator, to avoid potential interference with the device.

Persons who have such devices:

- Should ALWAYS keep the mobile device more than six (6) inches from their implantable medical device when the mobile device is turned ON;
- Should not carry the mobile device in a breast pocket;
- Should use the ear opposite the implantable medical device to minimize the potential for interference;
- Should turn the mobile device OFF immediately if there is any reason to suspect that interference is taking place;
• Should read and follow the directions from the manufacturer of your implantable medical device. If you have any questions about using your wireless mobile device with an implantable medical device, consult your health care provider.

For more information see: http://www.fcc.gov/oet/rfsafety/rf-faqs.html#.

Other Medical Devices
If you use any other personal medical devices, consult the manufacturer of your device to determine if it is adequately shielded from external RF energy. Your physician may be able to assist you in obtaining this information. Switch your mobile device off in health care facilities when any regulations posted in these areas instruct you to do so. Hospitals or health care facilities may be using equipment that could be sensitive to external RF energy.

Vehicles
RF signals may affect improperly installed or inadequately shielded electronic systems in motor vehicles. Check with the manufacturer or its representative regarding your vehicle before using your mobile device in a motor vehicle. You should also consult the manufacturer of any equipment that has been added to your vehicle.

Posted Facilities
Switch your mobile device off in any facility where posted notices require you to do so.

Potentially Explosive Environments
Switch your mobile device off when in any area with a potentially explosive atmosphere and obey all signs and instructions. Sparks in such areas could cause an explosion or fire resulting in bodily injury or even death. Users are advised to switch the mobile device off while at a refueling point (service station).

Users are reminded of the need to observe restrictions on the use of radio equipment in fuel depots (fuel storage and distribution areas), chemical plants, or where blasting operations are in progress. Areas with a potentially explosive atmosphere are often, but not always, clearly marked. They include below deck on boats, chemical transfer or storage facilities, vehicles using liquefied petroleum gas (such as propane or butane), areas where the air contains chemicals or particles, such as grain, dust, or metal powders, and any other area where you would normally be advised to turn off your vehicle engine.
When your Device is Wet
Do not turn on your device if it is wet. If your device is already on, turn it off and remove the battery immediately, if applicable (if the device will not turn off or you cannot remove the battery, leave it as-is). Then, dry the device with a towel and take it to a service center.

Restricting Children's Access to Your Mobile Device
Your mobile device is not a toy. Do not allow children to play with it because they could hurt themselves and others, damage the mobile device, or use services that increase your mobile device bill.
Keep the mobile device and all its parts and accessories out of the reach of small children.

FCC Notice and Cautions
FCC Notice
The mobile device may cause TV or radio interference if used in close proximity to receiving equipment. The FCC can require you to stop using the mobile device if such interference cannot be eliminated. Vehicles using liquefied petroleum gas (such as propane or butane) must comply with the National Fire Protection Standard (NFPA-58). For a copy of this standard, contact the National Fire Protection Association.

Cautions
Any changes or modifications to your mobile device not expressly approved in this document could void your warranty for this equipment and void your authority to operate this equipment. Only use approved batteries, antennas, and chargers.
The use of any unauthorized accessories may be dangerous and void the mobile device warranty if said accessories cause damage or a defect to the mobile device. Although your mobile device is quite sturdy, it is a complex piece of equipment and can be broken. Avoid dropping, hitting, bending, or sitting on it.

Other Important Safety Information
• Only qualified personnel should service the mobile device. Faulty service may be dangerous and may invalidate any warranty applicable to the device.
• Ensure that any mobile devices or related equipment used in your vehicle are securely mounted.
• Check regularly that all wireless mobile device equipment in your vehicle is mounted and operating properly.
• When using a headset in dry environments, static electricity can build up in the headset and cause a small quick static electrical shock. To minimize the risk of electrostatic discharge from the headset avoid using the headset in extremely dry environments or touch a grounded unpainted metal object to discharge static electricity before inserting the headset.
• Do not store or carry flammable liquids, gases, or explosive materials in the same compartment as the mobile device, its parts, or accessories.
• For vehicles equipped with an air bag, remember that an air bag inflates with great force. Do not place objects, including installed or portable wireless equipment near or in the area over the air bag or in the area of the air bag deployment area. If wireless equipment is improperly installed and the air bag inflates, serious injury could result.
• Switch your mobile device off before boarding an aircraft. The use of wireless mobile devices in aircraft is illegal and may be dangerous to the aircraft's operation. Check with appropriate authorities before using any function of a mobile device while on an aircraft.
• Failure to observe these instructions may lead to the suspension or denial of network services to the offender, or legal action, or both.
• While using your device, leave some lights on in the room and do not hold the screen too close to your eyes.
• Seizures or blackouts can occur when you are exposed to flashing lights while watching videos or playing games for extended periods. If you feel any discomfort, stop using the device immediately.
• Reduce risk of repetitive motion injuries. When you repetitively perform actions, such as pressing keys, drawing characters on a touch screen with your fingers, or playing games, you may experience occasional discomfort in your hands, neck, shoulders, or other parts of your body. When using your device for extended periods, hold the device with a relaxed grip, press the keys lightly, and take frequent breaks. If you continue to have discomfort during or after such use, stop use and see a physician.
• If your device has a camera flash or light, do not use the flash or light close to the eyes of people or pets. [122011]
Section 12: Warranty Information

Standard Limited Warranty

What is covered and for how long?
SAMSUNG ELECTRONICS AMERICA, INC. ("SAMSUNG") warrants that SAMSUNG's devices and accessories ("Products") are free from defects in material and workmanship under normal use and service for the period commencing upon the date of purchase by the first consumer purchaser and continuing for the following specified period of time after that date:

<table>
<thead>
<tr>
<th>Product</th>
<th>Warranty Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tablet</td>
<td>1 Year</td>
</tr>
<tr>
<td>Batteries (Including Internal Batteries)</td>
<td>1 Year</td>
</tr>
<tr>
<td>Case</td>
<td>90 Days</td>
</tr>
<tr>
<td>Other Tablet Accessories</td>
<td>1 Year</td>
</tr>
</tbody>
</table>

What is not covered?
This Limited Warranty does not cover: (a) defects or damage resulting from accident, misuse, abnormal use, abnormal conditions, improper storage, exposure to liquid, moisture, dampness, sand or dirt, neglect, or unusual physical, electrical or electromechanical stress; (b) scratches, dents and cosmetic damage, unless caused by SAMSUNG; (c) defects or damage resulting from excessive force or use of a metallic object when pressing on a touch screen; (d) equipment that has the serial number or the enhancement data code removed, defaced, damaged, altered or made illegible; (e) ordinary wear and tear; (f) defects or damage resulting from the use of Product in conjunction or connection with accessories, products, or ancillary/peripheral equipment not furnished or approved by SAMSUNG; (g) defects or damage resulting from improper testing, operation, maintenance, installation, service, or adjustment not furnished or approved by SAMSUNG; (h) defects or damage resulting from external causes such as collision with an object, fire, flooding, dirt, windstorm, lightning, earthquake, exposure to weather conditions, theft, blown fuse, or improper use of any electrical source; (i) defects or damage resulting from cellular signal reception.
or transmission, or viruses or other software problems introduced into the Product; or (j) Product used or purchased outside the United States. This Limited Warranty covers batteries only if battery capacity falls below 80% of rated capacity or the battery leaks, and this Limited Warranty does not cover any battery if (i) the battery has been charged by a battery charger not specified or approved by SAMSUNG for charging the battery; (ii) any of the seals on the battery are broken or show evidence of tampering; or (iii) the battery has been used in equipment other than the SAMSUNG Tablet for which it is specified.

What are SAMSUNG's obligations?
During the applicable warranty period, provided the Product is returned in accordance with the terms of this Limited Warranty, SAMSUNG will repair or replace the Product, without charge to Purchaser, or at SAMSUNG's sole option, refund the purchase price. SAMSUNG may, at SAMSUNG's sole option, use rebuilt, reconditioned, or new parts or components when repairing any Product, or may replace Product with a rebuilt, reconditioned or new Product. Repaired/replaced cases will be warranted for a period of ninety (90) days. All other repaired/replaced Products will be warranted for a period equal to the remainder of the original Limited Warranty on the original Product or for ninety (90) days, whichever is longer. All replaced Products, parts, components, boards and equipment shall become the property of SAMSUNG. This Limited Warranty is extended to the Purchaser and is not transferable or assignable to any other person or entity.

What must you do to obtain warranty service?
To obtain service under this Limited Warranty, Purchaser must return the Product to an authorized Tablet service facility in an adequate container for shipping, accompanied by the sales receipt or comparable proof of sale showing the original date of purchase, the serial number of the Product and the seller's name and address. To obtain assistance on where to deliver the Product, please call SAMSUNG Customer Care at 1-800-SAMSUNG. If SAMSUNG determines that any Product is not covered by this Limited Warranty, Purchaser must pay all parts, shipping, and labor charges for the repair or return of such Product. Purchaser should keep a separate backup copy of any contents of the Product before delivering the Product to SAMSUNG for warranty service, as some or all of the contents may be deleted or reformatted during the course of warranty service.
WHAT ARE THE LIMITS ON SAMSUNG'S LIABILITY?

THIS LIMITED WARRANTY SETS OUT THE FULL EXTENT OF SAMSUNG'S RESPONSIBILITIES, AND THE EXCLUSIVE REMEDY REGARDING THE PRODUCTS. ALL IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE DURATION OF THIS LIMITED WARRANTY.

IN NO EVENT SHALL SAMSUNG BE LIABLE FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE OF THE PRODUCT OR FOR, WITHOUT LIMITATION, COMMERCIAL LOSS OF ANY SORT; LOSS OF USE, TIME, DATA, REPUTATION, OPPORTUNITY, GOODWILL, PROFITS OR SAVINGS; INCONVENIENCE; INCIDENTAL, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES; OR DAMAGES ARISING FROM THE USE OR INABILITY TO USE THE PRODUCT. SOME STATES AND JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, OR THE DISCLAIMER OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS AND DISCLAIMERS MAY NOT APPLY TO YOU.

SAMSUNG MAKES NO WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, AS TO THE QUALITY, CAPABILITIES, OPERATIONS, PERFORMANCE OR SUITABILITY OF ANY THIRD-PARTY SOFTWARE OR EQUIPMENT USED IN CONJUNCTION WITH THE PRODUCT, OR THE ABILITY TO INTEGRATE ANY SUCH SOFTWARE OR EQUIPMENT WITH THE PRODUCT, WHETHER SUCH THIRD-PARTY SOFTWARE OR EQUIPMENT IS INCLUDED WITH THE PRODUCT DISTRIBUTED BY SAMSUNG OR OTHERWISE. RESPONSIBILITY FOR THE QUALITY, CAPABILITIES, OPERATIONS, PERFORMANCE AND SUITABILITY OF ANY SUCH THIRD-PARTY SOFTWARE OR EQUIPMENT RESTS SOLELY WITH THE PURCHASER AND THE DIRECT VENDOR, OWNER OR SUPPLIER OF SUCH THIRD-PARTY SOFTWARE OR EQUIPMENT.

Nothing in the Product instructions or information shall be construed to create an express warranty of any kind with respect to the Products. No agent, employee, dealer, representative or reseller is authorized to modify or extend this Limited Warranty or to make binding representations or claims, whether in advertising, presentations or otherwise, on behalf of SAMSUNG regarding the Products or this Limited Warranty.
This Limited Warranty gives you specific legal rights, and you may also have other rights that vary from state to state.

**What is the procedure for resolving disputes?**

ALL DISPUTES WITH SAMSUNG ARISING IN ANY WAY FROM THIS LIMITED WARRANTY OR THE SALE, CONDITION OR PERFORMANCE OF THE PRODUCTS SHALL BE RESOLVED EXCLUSIVELY THROUGH FINAL AND BINDING ARBITRATION, AND NOT BY A COURT OR JURY.

Any such dispute shall not be combined or consolidated with a dispute involving any other person's or entity's Product or claim, and specifically, without limitation of the foregoing, shall not under any circumstances proceed as part of a class action. The arbitration shall be conducted before a single arbitrator, whose award may not exceed, in form or amount, the relief allowed by the applicable law. The arbitration shall be conducted according to the American Arbitration Association (AAA) Commercial Arbitration Rules applicable to consumer disputes. This arbitration provision is entered pursuant to the Federal Arbitration Act. The laws of the State of Texas, without reference to its choice of laws principles, shall govern the interpretation of the Limited Warranty and all disputes that are subject to this arbitration provision. The arbitrator shall decide all issues of interpretation and application of this arbitration provision and the Limited Warranty.

For any arbitration in which your total damage claims, exclusive of attorney fees and expert witness fees, are $5,000.00 or less (“Small Claim”), the arbitrator may, if you prevail, award your reasonable attorney fees, expert witness fees and costs as part of any award, but may not grant SAMSUNG its attorney fees, expert witness fees or costs unless it is determined that the claim was brought in bad faith. In a Small Claim case, you shall be required to pay no more than half of the total administrative, facility and arbitrator fees, or $50.00 of such fees, whichever is less, and SAMSUNG shall pay the remainder of such fees. Administrative, facility and arbitrator fees for arbitrations in which your total damage claims, exclusive of attorney fees and expert witness fees, exceed $5,000.00 (“Large Claim”) shall be determined according to AAA rules. In a Large Claim case, the arbitrator may grant to the prevailing party, or apportion among the parties, reasonable attorney fees, expert witness fees and costs. Judgment may be entered on the arbitrator’s award in any court of competent jurisdiction.
This arbitration provision also applies to claims against SAMSUNG’s employees, representatives and affiliates if any such claim arises from the Product’s sale, condition or performance.

You may opt out of this dispute resolution procedure by providing notice to SAMSUNG no later than 30 calendar days from the date of the first consumer purchaser’s purchase of the Product. To opt out, you must send notice by e-mail to optout@sta.samsung.com, with the subject line: “Arbitration Opt Out.” You must include in the opt out e-mail (a) your name and address; (b) the date on which the Product was purchased; (c) the Product model name or model number; and (d) the IMEI or MEID or Serial Number, as applicable, if you have it (the IMEI or MEID or Serial Number can be found (i) on the Product box; (ii) on the Product information screen, which can be found under “Settings;” (iii) on a label on the back of the Product beneath the battery, if the battery is removable; and (iv) on the outside of the Product if the battery is not removable).

Alternatively, you may opt out by calling 1-888-987-4357 no later than 30 calendar days from the date of the first consumer purchaser’s purchase of the Product and providing the same information. These are the only two forms of notice that will be effective to opt out of this dispute resolution procedure. Opting out of this dispute resolution procedure will not affect the coverage of the Limited Warranty in any way, and you will continue to enjoy the benefits of the Limited Warranty.

Severability

If any portion of this Limited Warranty is held to be illegal or unenforceable, such partial illegality or unenforceability shall not affect the enforceability of the remainder of the Limited Warranty.

Precautions for Transfer and Disposal

If data stored on this device is deleted or reformatted using the standard methods, the data only appears to be removed on a superficial level, and it may be possible for someone to retrieve and reuse the data by means of special software.

To avoid unintended information leaks and other problems of this sort, it is recommended that the device be returned to Samsung’s Customer Care Center for an Extended File System (EFS) Clear which will eliminate all user memory and return all settings to default settings. Please contact the Samsung Customer Care Center for details.
Important! Please provide warranty information (proof of purchase) to Samsung’s Customer Care Center in order to provide this service at no charge. If the warranty has expired on the device, charges may apply.

End User License Agreement for Software

IMPORTANT. READ CAREFULLY: This End User License Agreement ("EULA") is a legal agreement between you (either an individual or a single entity) and Samsung Electronics Co., Ltd. ("Samsung") for software, owned by Samsung and its affiliated companies and its third party suppliers and licensors, that accompanies this EULA, which includes computer software and may include associated media, printed materials, "online" or electronic documentation in connection with your use of this device ("Software").

This device requires the use of preloaded software in its normal operation. BY USING THE DEVICE OR ITS PRELOADED SOFTWARE, YOU ACCEPT THE TERMS OF THIS EULA. IF YOU DO NOT ACCEPT THESE TERMS, DO NOT USE THE DEVICE OR THE SOFTWARE.

1. GRANT OF LICENSE. Samsung grants you the following rights provided that you comply with all terms and conditions of this EULA: You may install, use, access, display and run one copy of the Software on the local hard disk(s) or other permanent storage media of one computer and use the Software on a single computer or a mobile device at a time, and you may not make the Software available over a network where it could be used by multiple computers at the same time. You may make one copy of the Software in machine readable form for backup purposes only; provided that the backup copy must include all copyright or other proprietary notices contained on the original.
Certain items of the Software may be subject to open source licenses. The open source license provisions may override some of the terms of this EULA. We make the applicable open source licenses available to you on the Legal Notices section of the Settings menu of your device.

2. **RESERVATION OF RIGHTS AND OWNERSHIP.** Samsung reserves all rights not expressly granted to you in this EULA. The Software is protected by copyright and other intellectual property laws and treaties. Samsung or its suppliers own the title, copyright and other intellectual property rights in the Software. The Software is licensed, not sold.

3. **LIMITATIONS ON END USER RIGHTS.** You may not reverse engineer, decompile, disassemble, or otherwise attempt to discover the source code or algorithms of, the Software (except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation), or modify, or disable any features of, the Software, or create derivative works based on the Software. You may not rent, lease, lend, sublicense or provide commercial hosting services with the Software.

4. **CONSENT TO USE OF DATA.** You agree that Samsung and its affiliates may collect and use technical information gathered as part of the product support services related to the Software provided to you, if any, such as IMEI (your device’s unique identification number), device number, model name, customer code, access recording, your device’s current SW version, MCC (Mobile Country Code), MNC (Mobile Network Code). Samsung and its affiliates may use this information solely to improve their products or to provide customized services or technologies to you and will not disclose this information in a form that personally identifies you. At all times your information will be treated in accordance with Samsung’s Privacy Policy, which can be viewed at: [http://account.samsung.com/membership/pp](http://account.samsung.com/membership/pp).

5. **SOFTWARE UPDATES.** Samsung may provide to you or make available to you updates, upgrades, supplements and add-on components (if any) of the Software, including bug fixes, service upgrades (parts or whole), products or devices, and updates and enhancements to any software previously installed (including entirely new versions), (collectively “Update”) after the date you obtain your initial copy of the Software to improve the Software and ultimately enhance your user experience with your device. This EULA applies to all and any component of the Update that Samsung may provide to you or make available to you after the date you obtain your initial copy of the Software, unless we provide other terms along with such Update. To use Software
provided through Update, you must first be licensed for the Software identified by Samsung as eligible for the Update. After the Update, you may no longer use the Software that formed the basis for your Update eligibility. The updated Software version may add new functions and, in some limited cases, may delete existing functions.

While the Update will be generally available, in some limited circumstances, the Software updates will only be offered by your network carrier, and such Software updates will be governed by your contractual relationship with your network carrier.

With the “Automatic Update” function enabled (as in the default setting in the System Update menu in the Setting), your device downloads some Updates automatically from time to time. Your device will, however, ask for your consent before installing any Update. If you choose to disable the “Automatic Update” function, then you can check the availability of new Updates by clicking on the “Check Update” menu in the Setting. We recommend that you check availability of any new Updates periodically for optimal use of your device. If you want to avoid any use of network data for the Update downloads, then you should choose the “Wi-Fi Only” option in the Setting. (Regardless of the option you choose, the “Automatic Update” function downloads Updates only through Wi-Fi connection.)

6. Some features of the Software may require your device to have access to the internet and may be subject to restrictions imposed by your network or internet provider. Unless your device is connected to the internet through Wi-Fi connection, the Software will access through your mobile network, which may result in additional charges depending on your payment plan. In addition, your enjoyment of some features of the Software may be affected by the suitability and performance of your device hardware or data access.

7. SOFTWARE TRANSFER. You may not transfer this EULA or the rights to the Software granted herein to any third party unless it is in connection with the sale of the mobile device which the Software accompanied. In such event, the transfer must include all of the Software (including all component parts, the media and printed materials, any upgrades, this EULA) and you may not retain any copies of the Software. The transfer may not be an indirect transfer, such as a consignment. Prior to the transfer, the end user receiving the Software must agree to all the EULA terms.
8. **EXPORT RESTRICTIONS.** You acknowledge that the Software is subject to export restrictions of various countries. You agree to comply with all applicable international and national laws that apply to the Software, including all the applicable export restriction laws and regulations.

9. **TERMINATION.** This EULA is effective until terminated. Your rights under this License will terminate automatically without notice from Samsung if you fail to comply with any of the terms and conditions of this EULA. Upon termination of this EULA, you must cease all use of the Software and destroy all copies, full or partial, of the Software.

10. **DISCLAIMER OF WARRANTY.** UNLESS SEPARATELY STATED IN A WRITTEN EXPRESS LIMITED WARRANTY ACCOMPANYING YOUR DEVICE, ALL SOFTWARE PROVIDED BY SAMSUNG WITH THIS MOBILE DEVICE (WHETHER INCLUDED WITH THE DEVICE, DOWNLOADED, OR OTHERWISE OBTAINED) IS PROVIDED "AS IS" AND ON AN "AS AVAILABLE" BASIS, WITHOUT WARRANTIES OF ANY KIND FROM SAMSUNG, EITHER EXPRESS OR IMPLIED. TO THE FULLEST EXTENT POSSIBLE PURSUANT TO APPLICABLE LAW, SAMSUNG DISCLAIMS ALL WARRANTIES EXPRESS, IMPLIED, OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY OR WORKMANLIKE EFFORT, FITNESS FOR A PARTICULAR PURPOSE, RELIABILITY OR AVAILABILITY, ACCURACY, LACK OF VIRUSES, QUIET ENJOYMENT, NON INFRINGEMENT OF THIRD PARTY RIGHTS OR OTHER VIOLATION OF RIGHTS. SOME JURISDICTIONS DO NOT ALLOW EXCLUSIONS OR LIMITATIONS OF IMPLIED WARRANTIES, SO THE ABOVE EXCLUSIONS OR LIMITATIONS MAY NOT APPLY TO YOU. NO ADVICE OR INFORMATION, WHETHER ORAL OR WRITTEN, OBTAINED BY YOU FROM SAMSUNG OR ITS AFFILIATES SHALL BE DEEMED TO ALTER THIS DISCLAIMER BY SAMSUNG OF WARRANTY REGARDING THE SOFTWARE, OR TO CREATE ANY WARRANTY OF ANY SORT FROM SAMSUNG.

11. **THIRD-PARTY APPLICATIONS.** Certain third party applications may be included with, or downloaded to this mobile device. Samsung makes no representations whatsoever about any of these applications. Since Samsung has no control over such applications, you acknowledge and agree that Samsung is not responsible for the availability of such applications and is not responsible or liable for any content, advertising, products, services, or other materials on or available from such applications. You expressly acknowledge and agree that use of third party applications is at your sole risk and that the entire risk of unsatisfactory quality, performance, accuracy and effort is with you. It is up
to you to take precautions to ensure that whatever you select to use is free of such items as viruses, worms, Trojan horses, and other items of a destructive nature. References on this mobile device to any names, marks, products, or services of any third-parties are provided solely as a convenience to you, and do not constitute or imply an endorsement, sponsorship, or recommendation of, or affiliation with the third party or its products and services. You agree that Samsung shall not be responsible or liable, directly or indirectly, for any damage or loss, including but not limited to any damage to the mobile device or loss of data, caused or alleged to be caused by, or in connection with, use of or reliance on any such third party content, products, or services available on or through any such application. You acknowledge and agree that the use of any third-party application is governed by such third party application provider’s Terms of Use, License Agreement, Privacy Policy, or other such agreement and that any information or personal data you provide, whether knowingly or unknowingly, to such third-party application provider, will be subject to such third party application provider's privacy policy, if such a policy exists. SAMSUNG DISCLAIMS ANY RESPONSIBILITY FOR ANY DISCLOSURE OF INFORMATION OR ANY OTHER PRACTICES OF ANY THIRD PARTY APPLICATION PROVIDER. SAMSUNG EXPRESSLY DISCLAIMS ANY WARRANTY REGARDING WHETHER YOUR PERSONAL INFORMATION IS CAPTURED BY ANY THIRD PARTY APPLICATION PROVIDER OR THE USE TO WHICH SUCH PERSONAL INFORMATION MAY BE PUT BY SUCH THIRD PARTY APPLICATION PROVIDER.

12. SAMSUNG APPLICATIONS. Certain Samsung applications and services may be included with, or downloaded to, this mobile device. Many of them require Samsung Services membership registration (“Samsung Account”), and your rights and obligations will be set forth in separate Samsung Account terms and conditions and privacy policies. There are non-Samsung Account applications and services that require your consent to their separate terms and conditions and privacy policies. You expressly acknowledge and agree that your use of such applications and services will be subject to the applicable terms and conditions and privacy policies.

13. LIMITATION OF LIABILITY. SAMSUNG WILL NOT BE LIABLE FOR ANY DAMAGES OF ANY KIND ARISING OUT OF OR RELATING TO THE USE OR THE INABILITY TO USE THE SOFTWARE OR ANY THIRD PARTY APPLICATION, ITS CONTENT OR FUNCTIONALITY, INCLUDING BUT NOT LIMITED TO DAMAGES CAUSED BY OR RELATED TO ERRORS, OMISSIONS, INTERRUPTIONS, DEFECTS, DELAY IN OPERATION OR TRANSMISSION, COMPUTER VIRUS, FAILURE
TO CONNECT, NETWORK CHARGES, IN-APP PURCHASES, AND ALL OTHER DIRECT, INDIRECT, SPECIAL, INCIDENTAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES EVEN IF SAMSUNG HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE EXCLUSIONS OR LIMITATIONS MAY NOT APPLY TO YOU. NOTWITHSTANDING THE FOREGOING, SAMSUNG ELECTRONIC CO.'S TOTAL LIABILITY TO YOU FOR ALL LOSSES, DAMAGES, CAUSES OF ACTION, INCLUDING BUT NOT LIMITED TO THOSE BASED ON CONTRACT, TORT, OR OTHERWISE, ARISING OUT OF YOUR USE OF THE SOFTWARE OR THIRD PARTY APPLICATIONS ON THIS MOBILE DEVICE, OR ANY OTHER PROVISION OF THIS EULA, SHALL NOT EXCEED THE AMOUNT PURCHASER PAID SPECIFICALLY FOR THIS MOBILE DEVICE OR ANY SUCH THIRD PARTY APPLICATION THAT WAS INCLUDED WITH THIS MOBILE DEVICE. THE FOREGOING LIMITATIONS, EXCLUSIONS, AND DISCLAIMERS (INCLUDING SECTIONS 10, 11, 12 AND 13) SHALL APPLY TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EVEN IF ANY REMEDY FAILS ITS ESSENTIAL PURPOSE.

14. U.S. GOVERNMENT END USERS RESTRICTED RIGHTS. The Software is licensed only with "restricted rights" and as "commercial items" consisting of "commercial software" and "commercial software documentation" with only those rights as are granted to all other end users pursuant to the terms and conditions herein. All Products are provided only with "restricted rights" with only those rights as are granted to all other end users pursuant to the terms and conditions herein. All Software and Products are provided subject to Federal Acquisition Regulation (FAR) 52.227.19.

15. APPLICABLE LAW. This EULA is governed by the laws of the jurisdiction where you are a resident or, if a resident of the United States, by the laws of the state of Texas, without regard to its conflict of law provisions. This EULA shall not be governed by the UN Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded.

16. DISPUTE RESOLUTION.
(a) Non-United States residents. If a dispute, controversy or difference arising in any way from this EULA or your use of the Software is not amicably settled, it shall be subject to the non-exclusive jurisdiction of the courts of the jurisdiction...
where you are a resident. Notwithstanding the foregoing, Samsung may apply for injunctive remedies (or an equivalent type of urgent legal relief) in any jurisdiction.

(b) United States residents. ALL DISPUTES WITH SAMSUNG ARISING IN ANY WAY FROM THIS EULA OR YOUR USE OF THE SOFTWARE SHALL BE RESOLVED EXCLUSIVELY THROUGH FINAL AND BINDING ARBITRATION, AND NOT BY A COURT OR JURY. Any such dispute shall not be combined or consolidated with any other person’s or entity’s claim or dispute, and specifically, without limitation of the foregoing, shall not under any circumstances proceed as part of a class action. The arbitration shall be conducted before a single arbitrator, whose award may not exceed, in form or amount, the relief allowed by the applicable law. The arbitration shall be conducted according to the American Arbitration Association (AAA) Commercial Arbitration Rules applicable to consumer disputes. This arbitration provision is entered pursuant to the Federal Arbitration Act. The laws of the State of Texas, without reference to its choice of laws principles, shall govern the interpretation of the EULA and all disputes that are subject to this arbitration provision. The arbitrator shall decide all issues of interpretation and application of this arbitration provision and the EULA. For any arbitration in which your total damage claims, exclusive of attorney fees and expert witness fees, are $5,000.00 or less (“Small Claim”), the arbitrator may, if you prevail, award your reasonable attorney fees, expert witness fees and costs as part of any award, but may not grant Samsung its attorney fees, expert witness fees or costs unless it is determined that the claim was brought in bad faith. In a Small Claim case, you shall be required to pay no more than half of the total administrative, facility and arbitrator fees, or $50.00 of such fees, whichever is less, and Samsung shall pay the remainder of such fees. Administrative, facility and arbitrator fees for arbitrations in which your total damage claims, exclusive of attorney fees and expert witness fees, exceed $5,000.00 (“Large Claim”) shall be determined according to AAA rules. In a Large Claim case, the arbitrator may grant to the prevailing party, or apportion among the parties, reasonable attorney fees, expert witness fees and costs. Judgment may be entered on the arbitrator’s award in any court of competent jurisdiction. This arbitration provision also applies to claims against Samsung’s employees, representatives and affiliates if any such claim arises from the licensing or use of the Software. You may opt out of this dispute resolution procedure by providing notice to Samsung no later than 30 calendar days from the date of the first consumer purchaser’s purchase of this device. To opt out,
you must send notice by e-mail to optout@sta.samsung.com, with the subject line: "Arbitration Opt Out." You must include in the opt out e-mail (a) your name and address; (b) the date on which the device was purchased; (c) the device model name or model number; and (d) the IMEI or MEID or Serial Number, as applicable, if you have it (the IMEI or MEID or Serial Number can be found (i) on the device box; (ii) on the device information screen, which can be found under "Settings;" (iii) on a label on the back of the device beneath the battery, if the battery is removable; and (iv) on the outside of the device if the battery is not removable). Alternatively, you may opt out by calling 1-888-987-4357 no later than 30 calendar days from the date of the first consumer purchaser’s purchase of the device and providing the same information. These are the only two forms of notice that will be effective to opt out of this dispute resolution procedure. Opting out of this dispute resolution procedure will not affect your use of the device or its preloaded Software, and you will continue to enjoy the benefits of this license.

17. **ENTIRE AGREEMENT; SEVERABILITY.** This EULA is the entire agreement between you and Samsung relating to the Software and supersedes all prior or contemporaneous oral or written communications, proposals and representations with respect to the Software or any other subject matter covered by this EULA. If any provision of this EULA is held to be void, invalid, unenforceable or illegal, the other provisions shall continue in full force and effect. [050113]

**Social Hub**

**Legal Terms and Privacy**

Samsung’s Social Hub and (if applicable) the website where you accessed this Disclaimer (collectively, the “Service”), is being made available to you by Samsung Electronics Co., Ltd., and its affiliates and suppliers (collectively "Samsung") subject to the following enclosed documents:

- Social Hub Terms and Conditions which governs your use of the Service generally;
- Social Hub End User License Agreement which specifically governs your use of the software which forms part of, or enables you to access, the Service; and
- Social Hub Privacy Policy which governs our collection and use of personal information in connection with your access to and use of the Service.
By using the Service, you agree to be bound by the above documents. Please read through those documents to make sure you understand the basis on which Samsung is providing the Service to you.

You will be able to access additional features available at socialhub.samsungmobile.com.

**Social Hub Terms and Conditions**

**Acceptance of the Terms**

These Social Hub Terms and Conditions together with the Social Hub Privacy Policy and Social Hub End User Licence Agreement (collectively “Terms”) govern your use of Social Hub, which comprises all content and services accessible through Social Hub (including third party content and services), and (if applicable) the website where you accessed these Terms (collectively the “Service”). The Terms constitute an agreement between you and Samsung Electronics Co., Ltd., and its affiliates (collectively “Samsung”) with respect to the Service. By using the Service, you agree to be legally bound to the Terms.

You are not allowed to use the Service if you do not agree to the Terms. To the extent permitted by applicable law, Samsung reserves the right to modify, update, supplement, revise or otherwise change the Terms, and to impose new or additional rules, policies, terms or conditions in relation to the Service, from time to time with or without notice to you (“Amendments”). Samsung may provide you with notice of the Amendments by sending an email message to the email address listed in your account information (if any), or by posting the notice on the Social Hub website. Such Amendments will be effective immediately and incorporated into the Terms upon sending or posting of such notice. You are responsible for regularly reviewing the Terms. Your continued use of the Service will be deemed to constitute your acceptance of any and all such Amendments.

**Eligibility**

To use the Service, you must be at least sixteen (16) years of age. If you are at least sixteen (16) years of age but are a minor for legal purposes where you live, you must review the Terms and have your parent or legal guardian accept the Terms on your behalf in order for you to use the Service. The person accepting the Terms on your behalf must be legally competent.
Your Information

When required to provide information in connection with your use of the Service, you agree to provide truthful and complete information. Providing misleading information about your identity is forbidden. When you first use the Service, you may be required to create a username and a password.

You (and your parent or legal guardian, if you are a minor) are personally responsible for any use of the Service with your username and password.

You agree to take due care in protecting your username and password against misuse by others and promptly notify Samsung about any misuse.

Termination of Service

Samsung may terminate or restrict your access to certain parts of the Service if there is an indication that you have breached the Terms or at any time in its sole discretion.

Your Material

Except as set forth in the Social Hub Privacy Policy, Samsung shall not be responsible for any removal of the information or content you have submitted in the course of using the Service ("Material") when your access to the Service is terminated. Your submission of Material in the course of using the Service does not transfer ownership rights in the Material to Samsung. After the Material is removed from the Service by either you or Samsung, some traces of the Material may remain and copies of the Material may still reside within the servers used in providing the Service. However, Samsung does not claim ownership in your Material.

You represent and warrant that you have obtained any consents, permission or licenses that may be required for you to have the legal right to submit any Material. Samsung reserves the right to terminate your access to the Service if Samsung determines, at its sole discretion, that you have repeatedly submitted infringing Materials to the Service.

Using the Service

You agree to:

• Use the Service only for your private, non-commercial purposes;
• Comply with applicable laws, the Terms and good manners;
• Not submit unlawful, offensive, abusive, pornographic, harassing, libelous or other inappropriate Material;
• Respect the privacy of others;
• Obtain any consents, permission or licenses that may be required for you to have the legal right to submit any Material; and
• Not distribute or post spam, unreasonably large files, chain letters, pyramid schemes, viruses or any other technologies that may harm the Service, or the interest or property of the Service users.

Unauthorized use of the Service (including any use in contravention of the Terms) is prohibited and may result in criminal prosecution and/or civil liability.

Restrictions
You and any third party directed by You must not display, copy, store, modify, sell, publish or redistribute the Service (whether all or any portion of it), and such displaying, copying, storing, modification, sale, publishing and redistribution shall be prohibited unless you have obtained all necessary rights and permissions from Samsung and the owners and right holders of such the Service or relevant part.

You must not use the Service for any purposes other than those permitted under the Terms. Without limiting this restriction, you must not use the service for any illegal purposes, to make unsolicited offers or advertisements, to impersonate or falsely claim affiliation with any person or entity, to misrepresent, harass, defraud or defame others, to post obscene or unreasonably offensive material, to negatively present the Service, nor for any commercial purposes.

Except as expressly permitted by the Terms, and except to the extent that applicable laws prevent Samsung from restraining you from doing so, you are not allowed to disassemble, reverse engineer, tamper with the Service, transmit malicious code or collect information of other users through the Service.

You may not take any action to interrupt the functionality of or tamper with the Service or any content or service contained in or provided through the Service, or any servers used in providing the Service, or to unreasonably affect others' enjoyment of the Service in any way.

Actions Required by Law
Samsung may need to comply with lawful interception and/or data retention requirements imposed by your country of residence or any other country in which you use the Service. Samsung may restrict access to any part of the Service or terminate your access to the Service, at any time in its sole discretion if required by law or by the relevant authorities or regulatory agencies to do so.
**Third Party Sites and Content**

The Service may allow access to sites on the Internet that are owned or operated by third parties. Access to such sites does not imply that Samsung endorses the site or the conduct, products or services on the site. Upon accessing any such site, you must review and agree to the rules of use of the relevant site before using the site.

You acknowledge and agree that Samsung has no control over the content, products or services of third-party sites and does not assume any responsibility for or in respect of such content, products or services. Third party content and services may be terminated or interrupted at any time, and Samsung makes no representation or warranty that any content or service will remain available for any period of time. Samsung expressly disclaims any responsibility or liability for any interruption or suspension of any third party content or service.

In addition, Samsung is neither responsible nor liable for customer service related to third party sites. Any question or request for service relating to third party sites should be made directly to the relevant site operator.

**Subscription Information**

Use of the Service may involve transmission of data through your service provider's network. Your network service provider may charge you for such data transmission. Samsung assumes no responsibility for the payment of any such charges.

**Availability**

The Service may be network dependent - contact your network service provider for more information. Samsung reserves the right, in its sole discretion, to change, improve and correct the Service. The Service may not be available during maintenance breaks and other times. Samsung may also decide to discontinue the Service or any part thereof in its sole discretion. In such case you will be provided with prior notification.

Samsung does not represent or warrant that the Service, or any part thereof, is appropriate or available for use in any particular jurisdiction. If you choose to access the Service, you do so on you own initiative and at you own risk, and you are responsible for complying with all US federal, state and local laws, rules and regulations.
Dealings with Others
You may interact with other users on or through the Service. You agree that any such interactions do not involve Samsung and are solely between you and the other user(s).

Intellectual Property
The Service and related software are protected under international copyright laws and you are hereby notified that copyrights are claimed by Samsung.
Subject to the Terms, Samsung retains all right, title and interest in the Service and in all Samsung's products, software and other properties provided to you or used by you through the Service.

Personal Data
The Social Hub Privacy Policy and the following additional provisions govern the use of your personal information. When you access the Service, Samsung may ask for or otherwise collect certain personal information such as your email address along with your user name and password and, in certain cases, your mobile phone number so that we can communicate with you, for example to send notifications of incoming messages. When you use the Service, certain technical information such as the type and serial number of your mobile device, Internet protocol address, your mobile network and country codes, timezone, technical details of your client as well as your transactions with Samsung, for example your acceptance of the Terms, will be automatically collected by Samsung.
The purposes for which Samsung may use such data are explained in the Social Hub Privacy Policy. Samsung may also participate with your selected service providers in maintaining your contact lists.
The third party services and content you access through the Service and the telecommunications carriers and the network through which you access the Service are provided and hosted by your selected third party content and service providers who typically has a privacy policy of its own. We recommend you familiarize yourself with your service provider’s privacy policy. Samsung is not responsible for the privacy or any other practices of such service providers. Although your messages will be transmitted through Samsung’s servers, Samsung will not process the content or headers of your messages for any purpose other than as necessary to deliver and manage your messages, unless otherwise required by law.
In connection with certain services accessible via the Service, Samsung may cooperate with your operator and other third parties. Samsung may receive from such third parties certain device specific non-personal information, such as device serial number of the devices sold by the operator with preinstalled software for the Service. Such information may be used for analyzing the activation of the Service.

**LIMITATION OF LIABILITY**

THE SERVICE IS PROVIDED ON "AS IS" AND "AS AVAILABLE" BASIS. TO THE FULLEST EXTENT PERMITTED BY THE LAW AND SUBJECT TO THE TERMS, SAMSUNG DOES NOT WARRANT THAT THE SERVICE WILL BE UNINTERRUPTED OR ERROR OR VIRUS-FREE. TO THE FULLEST EXTENT PERMITTED BY THE LAW AND SUBJECT TO THE TERMS, NO WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF TITLE OR NON-INFRINGEMENT OR IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, IS MADE IN RELATION TO THE AVAILABILITY, ACCURACY, RELIABILITY, OF THE SERVICE, INCLUDING ANY INFORMATION OR CONTENT PROVIDED THROUGH THE SERVICE. YOU EXPRESSLY AGREE AND ACKNOWLEDGE THAT THE USE OF THE SERVICE IS AT YOUR SOLE RISK AND THAT YOU MAY BE EXPOSED TO CONTENT FROM VARIOUS SOURCES. SAMSUNG SHALL NOT BE HELD RESPONSIBLE FOR ANY THIRD PARTY CONTENT OR SERVICE THAT MAY BE ACCESSED THROUGH THE SERVICE, NOR SHALL SAMSUNG BE HELD RESPONSIBLE FOR MALICIOUS CODE CONTAINED ON OR DISTRIBUTED THROUGH BY THIRD PARTIES. YOU ASSUME FULL RESPONSIBILITY FOR ANY DAMAGES, LOSSES, COSTS, OR HARM ARISING FROM YOUR USE OF OR INABILITY TO USE THE SERVICE. TO THE EXTENT PERMITTED BY LAW, EXCEPT FOR LIABILITY FOR DEATH OR PERSONAL INJURY CAUSED BY GROSS NEGLIGENCE OR INTENTIONAL MISCONDUCT, SAMSUNG DISCLAIMS ALL LIABILITIES WITH RESPECT TO YOUR USE OF THE SERVICE (INCLUDING DIRECT, INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES). IF THERE IS A CLAIM THAT WE HAVE BREACHED ANY OF THE PROVISIONS IN THE TERMS, THIS DOES NOT AFFECT OR INVALIDATE THE OTHER PROVISIONS.

CERTAIN STATUTORY PROVISIONS UNDER APPLICABLE LAW MAY IMPLY WARRANTIES OR CONDITIONS OR IMPOSE OBLIGATIONS UPON SAMSUNG WHICH CANNOT BE
EXCLUDED, RESTRICTED OR MODIFIED OR CANNOT BE EXCLUDED, RESTRICTED OR MODIFIED EXCEPT TO A LIMITED EXTENT. THE TERMS MUST BE READ SUBJECT TO THESE STATUTORY PROVISIONS. IF THESE STATUTORY PROVISIONS APPLY, TO THE EXTENT TO WHICH SAMSUNG IS ABLE TO DO SO, SAMSUNG LIMITS ITS LIABILITY UNDER THOSE PROVISIONS TO, AT ITS OPTION, IN THE CASE OF SERVICES (A) THE SUPPLYING OF THE SERVICES AGAIN; OR (B) THE PAYMENT OF THE COST OF HAVING THE SERVICES SUPPLIED AGAIN AND, IN THE CASE OF GOODS, (A) THE REPLACEMENT OF THE GOODS OR THE SUPPLY OF EQUIVALENT GOODS; (B) THE REPAIR OF THE GOODS; (C) THE PAYMENT OF THE COST OF REPLACING THE GOODS OR OF ACQUIRING EQUIVALENT GOODS; OR (D) THE PAYMENT OF THE COST OF HAVING THE GOODS REPAIRED.

**Indemnification**

You agree to defend, indemnify and hold harmless Samsung from and against any and all third party claims and all liabilities, assessments, losses, costs or damages resulting from or arising out of i) your breach of the Terms, ii) your infringement or violation of any intellectual property, other rights or privacy of a third party, iii) misuse of the Service by a third party where such misuse was made possible due to your failure to take reasonable measures to protect your username and password against misuse.

**Choice of Law**

Except where prohibited by applicable law or provided otherwise herein, the Terms shall be governed by the laws of the State of New York without regard to its conflict of law provisions.

You and Samsung agree to submit to the non-exclusive jurisdiction of the competent courts in the State of New York to resolve any legal matters arising from the Terms. Notwithstanding this, you agree that Samsung shall still be allowed to apply for injunctive remedies (or equivalent type of urgent legal relief) in any jurisdiction.

**Miscellaneous**

The Terms (including all documents comprising the Terms) constitute the entire agreement between you and Samsung, and supersedes any prior agreement between you and Samsung, with respect to your use of the Service. Your use of any third-party content or service accessed via the Service will be governed by the terms and conditions furnished with, and applicable to that content or service. If any provision of the Terms is held invalid, illegal or unenforceable, that
portions of the Terms shall be construed in a manner consistent with applicable law to reflect, as nearly as possible, the original intentions of the parties, and the remaining portion of the Terms shall remain in full force and effect. Samsung's failure to enforce any right or provision of the Terms will not constitute a waiver of such provision, or any other provision of the Terms.

Samsung will not be liable or responsible for any failure to fulfill any of its obligations under the Terms which failure is due to any cause or condition beyond the reasonable control of Samsung. If there is any conflict between these Social Hub Terms and Conditions and the Social Hub Privacy Policy, the provisions of these Social Hub Terms and Conditions shall prevail. The provisions of the Terms that are intended to or by their nature should survive termination of your use of the Service shall remain valid after any such termination.

**Social Hub Privacy Policy**

Samsung Electronics Co., Ltd. ("Samsung") is committed to protecting the online privacy of visitors, users and customers to our Social Hub service. This privacy policy ("Privacy Policy") forms part of the Terms which govern your use of Social Hub (excluding any third party content and services), and (if applicable) the website where you accessed this Privacy Policy, (collectively, the "Service"). The purpose of the Privacy Policy is to inform you about the types of information we gather about you when you access or use the Service, how we may use that information, and if and how we disclose it to third parties.

All users of the Service are required to provide true, current, complete and accurate personal information when prompted and we will reject and delete any entry that we believe in good faith to be incorrect, false, falsified, or fraudulent, or inconsistent with or in violation of the Privacy Policy.

We will provide you with an opportunity to give your consent in relation to your use of the Service. Separate from such consent, your access or use of the Service will be construed as your acceptance of the Privacy Policy and of our collection, use, disclosure, management and storage of your personal information as described below. We may, from time to time, transfer or merge any personal information collected off-line to our online databases or store off-line information in an electronic format. We may also combine personal information we collect online with information available from other sources, including information received from our affiliates, marketing companies, or advertisers. This Privacy Policy covers all such personal information and will remain in full force and effect as long as you are a user of the Service,
even if your use of or participation in any particular service, feature, function or promotional activity terminates, expires, ceases, is suspended or deactivated for any reason.

**INFORMATION THAT WE COLLECT**

**Personal Information**

We may request that you supply us with "personal" information, such as your name, e-mail address, mailing address, home or work telephone number in the course of you accessing or using the Service, such as via registration forms, surveys, and polls. In each such case, you will know what categories of information we collect because you will actively provide the information to us. You may not be able to fully utilize all of the features or components of the Service if you choose not to provide certain information. If you do choose to give us personal information through the Service, we will collect and retain that information.

**Non-Personal Information**

When you use the Service, we may also collect "non-personal" information. We consider "non-personal information" to be information that, by itself, cannot be used to identify or contact you personally, such as demographic information (your age, gender, income, education, profession, zip code, etc.). Non-personal information may also include technical information, such as your IP address and other anonymous data involving your use of the Service. Non-personal information may also include information that you provide us through your use of the Service, such as the terms you enter into the search functions of Social Hub, mail inbox and instant messenger. We reserve the right to use or disclose non-personal information in any way we see fit.

**USE OF INFORMATION WE COLLECT**

**Our Services**

We use your personal information to provide you with any services that you may request or require, to communicate with you and to allow you to participate in online surveys. We use aggregated non-personal information about our users to understand the demographics of users of the Service, such as the percentage of male and female users, the geographic distribution of our users, the age ranges of our users, a combination of these and/or other demographics. We may also use the personal or non-personal information we collect to analyze how Service is being used, and to improve the content of the Service, and for marketing and promotional efforts.
**E-mail Communications**

If you send us an e-mail with questions or comments, we may use your personal information to respond to your questions or comments, and we may save your questions or comments for future reference. Aside from our reply to such an e-mail, it is not our standard practice to send you e-mail unless you request a particular service that involves e-mail communications. However, you consent to us contacting you by e-mail, and sending you information about products and services which we believe may be of interest to you. You may have the opportunity to subscribe to an electronic newsletter in which case information about the Service or our advertisers will be sent to your e-mail address. We will provide you with the option to change your preferences and opt-out of receiving those communications. You may request at any time that we not e-mail you in future by clicking the "unsubscribe" link which is included at the bottom of any e-mail that you receive from us. If you unsubscribe, we will make reasonable efforts to discontinue e-mail communications to you as soon as practicable.

**DISCLOSURE OF INFORMATION TO THIRD PARTIES**

**Aggregate Information**

Except as specifically set forth in this Privacy Policy, we do not share your personal information with any third party without your permission. We may disclose aggregate information, such as demographic information, and our statistical analyses to third parties, including advertisers or other business partners. This aggregate information does not include your personal information.

**Service Providers**

We sometimes engage unaffiliated businesses to assist us in providing you certain services. For example, we may use third parties to provide advertising, marketing and promotional assistance, provide e-mail services, or facilitate our online services. In those instances, we may need to share your personal information with them.

We require these companies to use your personal information only to provide the particular product or service and do not authorize them to use your personal information for any other reason. We sometimes offer promotions in conjunction with a third party sponsor.
If you choose to participate in those promotions, we may share your information with the sponsor if they need it to send you a product or other special promotion they offer.

**Third Party Advertisers**

We may use third-party advertising companies to deliver specific advertisements to you. These companies may collect non-personal information about your visits to Social Hub in order to provide advertisements about products and services that may be of interest to you.

These companies may also aggregate your non-personal information for use in targeted advertising, marketing research, and other similar purposes. These companies may place their own cookies on your computer. If you want to prevent a third-party advertiser from collecting and using this information, you may visit each third party advertiser's website directly and opt-out.

**Other Disclosures**

We may disclose personal information when we are required or requested to do so by law, court order or other government or law enforcement authority or regulatory agency; to enforce or apply our rights and agreements; or when we believe in good faith that disclosing this information is necessary or advisable, including, for example, to protect the rights, property, or safety of the Service and Samsung, our users, or others.

**CHILDREN**

The Service is not designed for use by children without their parent’s supervision. We ask that anyone under the age of sixteen (16) not submit any personal information through the Service. We do not knowingly collect any personal information from children under the age of eighteen, and therefore we do not knowingly distribute such information to third parties.

**SECURITY OF THE INFORMATION WE COLLECT**

The security of your personal information is important to us. We maintain physical, electronic, and procedural safeguards to secure your personal information. However, there is always some risk in transmitting information electronically. The personal information we collect is stored within databases that we control.

As we deem appropriate, we use security measures consistent with industry standards, such as firewalls and encryption technology, to protect your information. However,
we cannot guarantee the security of our databases, nor can we guarantee that information you supply won’t be intercepted while being transmitted to us over the Internet.

**CHAT ROOMS AND OTHER PUBLIC AREAS**

Our third party service and content providers may offer chat, user reviews, bulletin boards, or other public functions and any posting by you is considered public information available to other users. Any posting is governed in accordance with the third party service and content providers’ terms and conditions. You should take care not to use personal information in your screen name or other information that might be publicly available to other users.

**Archived Information**

We maintain archives of web logs, database, and other systems and information in relation to the Service. Please note that it is possible some of this information may remain archived after we delete the information from its active database. We maintain archives for disaster recovery, legal and other non-marketing purposes.

**How can I update my profile?**

You can help us maintain the accuracy of your profile by notifying us when you change zip/postal code, country of residence, age range, or e-mail address. If at any time you wish to update your information or stop receiving communication from us, sign in to the Service and then select 'update your profile' to change your preferences.

**CONTESTS AND SWEEPSTAKES**

Registration may be required to enter promotions such as contests and sweepstakes on Social Hub. These registration or entry processes may require your submission of personal information such as your first and last name, street address, city, state and zip code, e-mail address, telephone number and date of birth. The entry page and/or rules for the promotion will provide the specific requirements for the promotion. You may also have the opportunity to opt-in to special offers from our advertisers in connection with these promotions.

**ACCURACY OF THE INFORMATION WE COLLECT**

Any questions you may have regarding this Privacy Policy, the accuracy of your personal information or the use of your personal information, or any requests that we correct,
update, or remove your information in our databases, should be directed via e-mail to s.dufresne@Samsung.com, or via regular mail to:

Samsung Telecommunications America, LLC
1301 E. Lookout Drive, Richardson, TX 75082
Attn: Customer Support Department

After receiving a request to change your information, we will make reasonable efforts to ensure that all of your personal information stored in databases we actively use to operate the Service will be updated, corrected, changed or deleted, as appropriate, as soon as reasonably practicable. However, we reserve the right to retain in our archival files any information we remove from or change in our active databases. We may retain such information to resolve disputes, troubleshoot problems and enforce our Terms.

In addition, it is not technologically possible to remove each and every record of the information you have provided to us. A copy of your personal information may exist in a non-erasable form that will be difficult or impossible for us to locate.

CHANGES TO PRIVACY POLICY

This Privacy Policy is effective as of May 29, 2010 and complies with Samsung’s Corporate Privacy Policy. We reserve the right to change this Privacy Policy at any time, and will post any such changes to this Privacy Policy on the Social Hub website. Please refer back to the Social Hub website on a regular basis to obtain the most up to date Privacy Policy.

Social Hub End User License Agreement

1. SOCIAL HUB

This end user license ("License") allows you to use Social Hub ("Software") made available on your mobile device. This License is a legally binding agreement between you and Samsung Electronics Co. Ltd. the ("Licensor").

2. LICENSE

2.1 Licensor grants you for the term of this License a limited, personal, non-exclusive, non-transferable license to use the Software in object code executable only form on a single device for non-commercial uses.
2.2 All rights not expressly granted to you under this License are reserved to Licensor, and you agree not to take or permit any action with respect to the Software that is not expressly authorised under this License. For the avoidance of doubt, you have no right to use, incorporate into other products, copy, modify, translate or transfer to any third party the Software or any modification, adaptation or copy of the Software or any part thereof, nor to decompile, reverse engineer, or disassemble the binary code of the Software, either in whole or in part, except as expressly provided in this License.

2.3 The Software is licensed to you only. You may not rent, lease, sub-license, sell, assign, pledge, transfer or otherwise dispose of the Software, on a temporary or permanent basis without the prior written consent of Licensor.

3. OWNERSHIP OF INTELLECTUAL PROPERTY RIGHTS

3.1 Your only right to use the Software is by virtue of this License and you acknowledge that all intellectual property rights in or relating to the Software and all parts of the Software are and shall remain the exclusive property of Licensor or its licensors.

3.2 You agree that you will not remove or alter any copyright notices or similar proprietary devices, including without limitation any electronic watermarks or other identifiers, that may be incorporated in the Software or any copy of the Software.

4. CONFIDENTIALITY

4.1 The structure, organisation and source code of the Software are the valuable trade secrets and proprietary confidential information of Licensor and its licensors. You agree not to provide or disclose any such confidential information in the Software or derived from it to any third party.

4.2 The provisions of clause 4.1 will not apply to any information which is:

4.2.1 lawfully obtained free of any duty of confidentiality (otherwise than directly or indirectly from Licensor); or

4.2.2 already in your possession, provided that Licensee can show such possession from written records (other than as a result of a breach of this clause 4); or

4.2.3 which you can demonstrate is in the public domain (other than as a result of a breach of this clause 4).
4.3 To the extent that any information is necessarily disclosed pursuant to a statutory or regulatory obligation or court order, such disclosure shall not be a breach of this clause 4 provided you do what you can to prevent any such disclosure.

5. WARRANTY AND SUPPORT

The Software is provided "as is" with no representation, guarantee or warranty of any kind as to its functionality or that it does not and will not infringe any third party rights (including intellectual property rights). Licensor has no obligation under this License to provide technical or other support to you.

6. LIMITATION AND EXCLUSION OF LIABILITY

6.1 Licensor does not exclude its liability (if any) to you:
6.1.1 for personal injury or death resulting from Licensor's negligence;
6.1.2 for fraud; or
6.1.3 for any matter for which it would be illegal for Licensor to exclude or to attempt to exclude its liability.

6.2 LICENSOR MAKES NO EXPRESS WARRANTIES WITH RESPECT TO THE SOFTWARE AND LICENSOR HEREBY EXCLUDES (TO THE FULLEST EXTENT PERMISSIBLE IN LAW), ALL CONDITIONS, WARRANTIES (INCLUDING WITHOUT LIMITATION ANY WARRANTY THAT THE SOFTWARE WILL MEET YOUR REQUIREMENTS OR THAT ITS OPERATION WILL BE UNINTERRUPTED OR ERROR FREE) AND STIPULATIONS, EXPRESS (OTHER THAN THOSE SET OUT IN THIS LICENSE) OR IMPLIED, STATUTORY, CUSTOMARY OR OTHERWISE WHICH, BUT FOR SUCH EXCLUSION, WOULD OR MIGHT SUBSIST IN FAVOUR OF YOU. EXCEPT AS SET OUT IN THIS LICENSE YOU ASSUME THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE SOFTWARE.

6.3 SUBJECT TO CLAUSE 6.1 LICENSOR WILL BE UNDER NO LIABILITY TO YOU WHATSOEVER (WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF STATUTORY DUTY, RESTITUTION OR OTHERWISE) FOR ANY INJURY, DEATH, DAMAGE OR DIRECT, INDIRECT OR CONSEQUENTIAL LOSS (ALL THREE OF WHICH TERMS INCLUDE, WITHOUT LIMITATION, PURE ECONOMIC LOSS, LOSS OF PROFITS, LOSS OF BUSINESS, LOSS OF DATA, LOSS OF SAVINGS, DEPLETION OF GOODWILL AND LIKE LOSS) HOWSOEVER CAUSED ARISING OUT OF OR IN CONNECTION WITH:

6.3.1 THE SOFTWARE, OR THE MANUFACTURE OR SALE OR SUPPLY, OR FAILURE OR DELAY IN SUPPLY, OF THE SOFTWARE BY LICENSOR OR ON THE PART OF LICENSOR’S EMPLOYEES, AGENTS OR SUB-CONTRACTORS;
6.3.2 ANY BREACH BY LICENSOR OF ANY OF THE EXPRESS OR IMPLIED TERMS OF THIS LICENSE;
6.3.3 ANY USE MADE OF THE SOFTWARE; OR
6.3.4 ANY STATEMENT MADE OR NOT MADE, OR ADVICE GIVEN OR NOT GIVEN, BY OR ON BEHALF OF LICENSOR.

6.4 Disclaimer of Certain Damages. IN NO EVENT SHALL SAMSUNG BE LIABLE TO YOU OR ANY PARTY RELATED TO YOU FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, EXEMPLARY, OR PUNITIVE DAMAGES OR LOST PROFITS, EVEN IF SAMSUNG HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION WILL APPLY REGARDLESS OF THE THEORY OF LIABILITY, WHETHER FRAUD, MISREPRESENTATION, BREACH OF CONTRACT, NEGLIGENCE, PERSONAL INJURY, PRODUCTS LIABILITY, INTELLECTUAL PROPERTY INFRINGEMENT, OR ANY OTHER THEORY REGARDLESS OF WHETHER OR NOT SAMSUNG HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS MEANS THAT YOU WILL NOT SEEK, AND HEREBY WAIVE, ANY INDIRECT, SPECIAL, CONSEQUENTIAL, TREBLE, OR PUNITIVE DAMAGES FROM SAMSUNG. THIS LIMITATION AND WAIVER ALSO APPLIES TO ANY CLAIMS YOU MAY BRING AGAINST ANY OTHER PARTY TO THE EXTENT THAT SAMSUNG WOULD BE REQUIRED TO INDEMNIFY THAT PARTY FOR SUCH CLAIM.

6.5 You acknowledge that the above provisions of this clause 6 are reasonable for the Software and you will accept such risk and/or insure accordingly.

6.6 Any rights that you have as a consumer are not affected by this clause 6.

7. TERM AND TERMINATION

7.1 This License shall commence upon the earlier of your acceptance of this License or your activation of the Software and shall continue until terminated in accordance with clause 7.2 or otherwise in accordance with this License.

7.2 This License will terminate automatically if you fail to comply with any term or condition of this License or if you cease to use the Software for any reason.

7.3 Upon termination of this License for any reason whatsoever Licensor retains the right to permanently disable your access to the Software.
7.4 The termination of this License howsoever arising is without prejudice to the rights, duties and liabilities of either party accrued prior to termination. Clauses 2.2, 2.3, 3, 4, 5, 6, 7.3, 8, 9 and 10 of this License will continue to be enforceable notwithstanding termination.

8. GOVERNING LAW AND JURISDICTION

8.1 The formation, existence, construction, performance, validity and all aspects whatsoever of this License or of any term of this License will be governed by the laws of the State of New York.

8.2 The courts in New York City will have non-exclusive jurisdiction to settle any disputes which may arise out of or in connection with this License. The parties irrevocably agree to submit to that jurisdiction.

9. COMPLIANCE WITH APPLICABLE LAW

You acknowledge and agree that notwithstanding the fact that this License is governed by the laws of the Republic of Korea, you may be subject to additional laws in other jurisdictions with respect to your use of the Software. You will comply with the laws of any jurisdiction that apply to the Software, including without limitation any applicable export laws or regulations.

10. GENERAL

10.1 If any clause or part of this License is found by any court, tribunal, administrative body or authority of competent jurisdiction to be illegal, invalid or unenforceable then that provision will, to the extent required, be severed from this License and will be ineffective without, as far as is possible, modifying any other clause or part of this License and this will not affect any other provisions of this License which will remain in full force and effect.

10.2 No failure or delay by any party to exercise any right, power or remedy will operate as a waiver of it nor will any partial exercise preclude any further exercise of the same, or of some other right, power or remedy.

10.3 The parties to this License do not intend that any of its terms will be enforceable by any person not a party to it.

10.4 This License contains all the terms which the parties have agreed in relation to the subject matter of this License and supersedes any prior written or oral agreements, representations or understandings between the parties in relation to such subject matter.

10.5 Licensor reserves the right to revise the terms of this License by updating the License on its web site, or by notifying you by post or by e-mail. You are advised to check
the Licensor’s website periodically for notices concerning revisions. Your continued use of the Software shall be deemed to constitute acceptance of any revised terms.

10.6 You will be deemed to have accepted the terms of this License by using the Software on any device.
